CHAPTER	BC-A:	Introduction

## BC-A.1 Purpose

BC-A.1.1 This Module contains requirements that have to be met by conventional bank licensees with regards to their dealings with customers. The Rules contained in this Module aim to ensure that conventional bank licensees deal with their clients in a fair and open manner, and address their customers' information needs.

BC-A.1.2 The Rules build upon several of the Principles of Business (see Module PB (Principles of Business)). Principle 1 (Integrity) requires conventional bank licensees to observe high standards of integrity and fair dealing, and to be honest and straightforward in their dealings with customers. Principle 3 (Due skill, care and diligence) requires conventional bank licensees to act with due skill, care and diligence when acting on behalf of their customers. Principle 7 (Client Interests) requires conventional bank licensees to pay due regard to the legitimate interests and information needs of their customers, and to communicate with them in a fair and transparent manner.

BC-A.1.4 This Module also provides support for certain aspects relating to business and market conduct in the Bahrain Commercial Companies Law of 2001 (as amended).

### *Legal Basis*

BC-A.1.4 This Module contains the **Central Bank of Bahrain's ('CBB') Directive (as amended from time to time)** on business conduct by conventional bank licensees, and is issued under the powers available to the CBB under Article 38 of the **Central Bank of Bahrain and Financial Institutions Law 2006 (CBB Law)**. The directive in this Module is applicable to all conventional bank licensees.

BC-A.1.5 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

## **BC-A.3 Module History**

BC-A.3.2 When the CBB replaced the BMA in September 2006, the provisions of this Module remained in force. Volume 1 was updated in October 2007 to reflect the switch to the CBB; however, new calendar quarter dates were only issued where the update necessitated changes to actual requirements.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-1: Promotion of Financial Products and Services

## BC-1.1 Promotion of Financial Products and Services Offered in/from Bahrain by Means of Incentives etc.

### *Introduction*

BC-1.1.1 The purpose of the content of this Section is to set out requirements pertaining to the promotion of banking/financial products offered in/from Bahrain by conventional bank licensees by means of incentives etc. (herein referred to as ‘promotional schemes’).

**BC-1.1.2** The **CBB** has no objection to the use of promotional schemes in general and, unless it otherwise specifically directs in any particular case, the **CBB** does not expect to be actively consulted/have its approval sought about the idea and/or substance of any promotional schemes. The **CBB** should, however, be sent copies of documentation relating to promotional schemes at least ten days prior to their launch for information purposes.

BC-1.1.3 The **CBB** will monitor promotional schemes and, if thought appropriate in the interests of a bank or other financial institution (together herein referred to as ‘institutions’) and its customers in particular and/or the financial sector in general, may issue specific guidance in certain cases. Institutions should feel free to consult the **CBB** at any time regarding any matters referred to in the explanatory note set out in this Section.

BC-1.1.4 Banks undertaking investment business activities should refer to Chapter BC-8 for additional requirements.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-1:	Promotion of Financial Products and Services

## BC-1.1 Promotion of Financial Products and Services Offered in/from Bahrain by Means of Incentives etc. (continued)

### *General Requirements*

#### BC-1.1.5

Retail bank licensees should take care to ensure that promotional schemes do not involve a breach of Bahrain law or any other relevant applicable law, regulation or international practice. In addition, promotional schemes should not in any way be detrimental to the public good or public morals.

#### BC-1.1.6

While there is to be no formal restriction on the types of incentive which may be used by institutions, care should be taken to ensure that promotional schemes do not negatively affect the integrity, reputation, good image and standing of Bahrain and/or its financial sector, and do not detrimentally affect Bahrain's economy.

#### BC-1.1.7

Bearing in mind the reputation of, and the requirement to develop, the financial sector in Bahrain, as well as the need to act at all times in the best interests of the customer, banks need to take adequate care to ensure that promotional schemes do not unreasonably divert the attention of the public from other important considerations in choosing a bank or a banking/financial product.

#### BC-1.1.8

All documentation concerning promotional schemes should be in Arabic and English and, if relevant, any other language necessary for customers to fully understand and appreciate their terms and conditions. Such terms and conditions, including any related advertising, need to be clear, concise, truthful, unambiguous and complete so as to enable customers to make a fully informed decision.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-1:	Promotion of Financial Products and Services

**BC-1.1 Promotion of Financial Products and Services Offered in/from Bahrain by Means of Incentives etc. (continued)**

**BC-1.1.9**

Customers to whom promotional schemes are directed should enjoy equal opportunity in terms of access to, and treatment within, such schemes.

**BC-1.1.10**

No costs (including funding costs), charges or levies associated with promotional schemes should be concealed from prospective customers.

**BC-1.1.11**

Full and complete records should be maintained for promotional schemes, particularly where raffles/lotteries etc. are concerned.

**BC-1.1.12**

Any raffles/lotteries etc. held as part of promotional schemes should be independently monitored (e.g. by the institution's external auditor) and adequate systems put in place to ensure fair play and impartiality.

**BC-1.1.13**

An appropriate system should also exist for informing participants of the results of a raffle/lottery without delay. Institutions should note that raffles/lotteries etc. may be subject to rules and requirements (including prior authorisation/approval) laid down by the Ministry of Industry and Commerce.

**BC-1.1.14**

Banks may use small 'gifts' as an inducement to members of the public to use banks' services, provided such gifts are offered on a general basis and have a low monetary value.

**BC-1.1.15**

Due note should be taken of the overriding provisions of Bahrain (and any other relevant) law in relation to institutions' duties to customers to the extent (if any) that promotional schemes might impact on such duties.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

## BC-.1 Introduction

### BC-2.1.1

The Code of Conduct, which is prepared in cooperation with the Bankers' Society of Bahrain and foreign exchange brokers, provides rules in respect of certain kinds of practice which experience has shown may cause difficulty and may jeopardise the good standing of the Bahrain market. Management of banks and money brokers are responsible for ensuring that their institutions are in full compliance with the Code.

### BC-2.1.2

Every broker and dealer shall at all times comply with the criteria in respect to market practice, integrity and conduct. Failure to comply with such criteria will be regarded as a serious offence by the CBB, which reserves the right to investigate any complaints brought to its attention. All participants should adhere to the spirit as well as to the letter of the Code.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

## BC-2.2 Market Terminology and Definitions

BC-2.2.1 The use of generally accepted precise terminology should reduce misunderstandings and frustration, and to this end Appendix BC-5 sets out, without claiming to be exhaustive, accepted market terminology and definitions.

### BC-2.2.2

For the purpose of this Chapter, the following definitions apply:

- (a) 'Broker' means a money and foreign exchange broker who is authorised by the CBB to operate in Bahrain.
- (b) 'Principal' means a party undertaking a transaction through a broker.
- (c) 'Bank' means any institution holding a banking license.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

### BC-2.3 Confidentiality and Market Practice

#### BC-2.3.1

Confidentiality is vital for the preservation of a reputable and efficient market. Accordingly, the exchange of confidential information in respect of third parties is forbidden.

#### BC-2.3.2

The rules which follow are not intended to define exhaustively the obligations of dealers and brokers but set down specific ways in which confidentiality should be safeguarded and operations should be conducted.

- (a) Use of phrases and terms likely to identify the name of the principal should be avoided at all times.
- (b) In foreign exchange transactions brokers should not disclose the name of the principal until the deal is being closed.

A broker asking for a specific support price should be prepared to qualify the principal in terms of geographical location, by country or by region when the broker genuinely believes it will enable business to be concluded satisfactorily to the benefit of both broker and principal.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

### BC-2.3 Confidentiality and Market Practice (continued)

- (c) In deposit transactions, brokers should not disclose the name of the borrower until the broker is satisfied that the potential lender seriously intends to do business. Once a lender has asked for the identity of the borrower ('Who pays?'), the lender is committed to do business at the rate quoted with an acceptable name, until the lending bank takes the broker 'off' or puts himself under reference. In the event of the first disclosed name being unacceptable to the lender, the lender will be prepared to check other acceptable names provided that such names are shown to the lender by the broker within a reasonable amount of time, which should be stipulated if necessary.
- (d) In the deposit market, banks should whenever possible give brokers prior indication of those categories of principals and of any centres and areas with which they would be unwilling to do business, in order that the smooth operation of markets be facilitated and frustration be minimized. Lenders should indicate the amounts they are prepared to place with particular categories of borrower. Brokers should classify bids with an indication of the type and quality of names they are in a position to pass.
- (e) Practices whereby banks reject a succession of names in order to assess the market and brokers offer banks deals which have no chance of being concluded, merely in order to establish their interest, are totally unacceptable.
- (f) A principal is urged whenever possible to specify to a broker the rate, the amount, the currency, and the period of his requirements. The principal shall be willing to deal in a marketable amount with acceptable names and shall remain bound so to deal at the quoted rate unless either:
  - (i) The broker is informed otherwise at the time of acceptance, or
  - (ii) A time limit was placed (for example, 'Firm for one minute only').

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

### BC-2.3 Confidentiality and Market Practice (continued)

A broker who quotes a firm rate without qualification shall be prepared to deal at the rate, in a marketable amount. A broker, if quoting only the basis of one or two names, shall qualify his quotation, e.g., 'one small offer or – only two names paying'. The broker should indicate whether prices are firm or simply for guidance and, if requested by the principal, should be willing to indicate the amount involved. Further he should confirm with banks at reasonable intervals that their interest is still firm.

It is the responsibility of the principal to ensure the broker is made aware of any circumstances which materially affect the validity of the order placed with the broker.

- (g) A principal, by selecting to 'put a broker on', is deemed to have a serious intention of completing business, and should allow the broker sufficient time to quote the principal's interest to a potential counterparty with a view to doing business. In quantifying a 'sufficient time' factors such as the currency, market conditions and communication systems employed, should be taken into account.
- (h) A broker is held responsible for advising a principal on every occasion that his deposit rates are being checked by a potential counterparty. This action should help minimise the occasional difficulties that arise when a principal 'takes a broker off' simultaneously to having his prices checked.

Whenever possible and subject to market conditions, a bank in the deposit market should, before he 'takes a broker off' either a single order or several orders, check whether the broker is already committed to deal on his behalf.

- (i) 'Under reference' orders placed by banks with brokers without having first being placed as 'firm', are to be discouraged. Firm orders which are later qualified by a request to 'put me under reference' indicate a principal's weakening desire to conclude business with that broker. 'Under reference' orders should not be left with a broker for more than a few minutes. A principal must ensure that the broker has the opportunity frequently to check the validity of an 'under reference' order.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

### BC-2.3 Confidentiality and Market Practice (continued)

- (j) No person may visit the dealing room of any broker or any bank except with the consent of a Manager or Director of that institution. A broker shall not in any circumstances permit any visitors from a bank to deal for his bank in the dealing room of that broker.
- (k) Management of banks should issue clear directions to staff on the monitoring, control and recording of 'after hours' dealing from premises other than bank dealing rooms. All deals of this kind must be properly authorised and confirmed.
- (l) A bank dealer shall not apply unfair pressure upon a broker to pass information which it would be improper for the broker to pass. Unfair pressure would for example include a statement made in any form that a failure to co-operate would lead to reduction in the business given by the principal or by other principals to the broker.
- (m) A principal should not place an order with a broker solely with the intention of finding out the name of a counterparty, who can be contacted directly with a view to concluding further deals.
- (n) Management of banks and brokers should lay down clear directions to staff on the extent to which dealing in foreign exchange or deposits for personal accounts is permitted. Any such dealing must be strictly controlled.
- (o) Care should be taken over the positioning of 2-way loudspeakers in dealing rooms.
- (p) Brokers and dealers should inform each other if conversations are being recorded. The use of such equipment is encouraged as a sensible means of enabling any subsequent disputes and differences to be settled.

CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

## BC-2.4 Passing of Details

**BC-2.4.1** The passing and recording of details form an essential part of the transaction and the possibility of errors and misunderstanding is increased by delay and by the passing of details in batches. Brokers should pass details verbally, and principals should be prepared to receive them, normally within a few minutes after deals have been concluded.

**BC-2.4.2** When arranging and passing details on forward contracts in foreign exchange, banks and brokers must ensure that the rate applied to the spot end of the transaction bears a close relationship to the spot rate at the time the deal was concluded.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets

## BC-2.5 Confirmations

### BC-2.5.1

Written confirmation by a broker is the final check on the details of the transaction. The handling of confirmations must take account of the desire of brokers to have a realistic time-limit placed on their liability for differences. There is an obligation on recipients to check such confirmations. Initial confirmations should be sent out by telex without delay, and at the latest by close of business on the same working day. They should be followed up by written confirmation, normally hand-delivered and receipted before close of business on the following working day.

### BC-2.5.2

Banks must check all confirmations carefully upon receipt so that discrepancies shall be quickly revealed and differences minimised. Principals shall also make enquiries of brokers about particular confirmations which have not been received within an appropriate time (as above) or about any changes in contract terms.

### BC-2.5.3

In the case of deals where a bank pays against telex confirmation, the broker remains liable for differences until receipt of written confirmation is provided by the bank.

<b>CHAPTER</b>	<b>BC-2:</b>	<b>Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Foreign Currency and Deposit Markets</b>

## **BC-2.6 Differences and Disputes**

**BC-2.6.1** The majority of differences payable by brokers arise from errors occurring in payment or repayment instructions. They also arise from a broker, having in good faith indicated a firm rate, being unable to substantiate his quotation.

**BC-2.6.2** Any differences deemed payable by a broker to a bank (or by a bank to a broker) should be settled as soon as possible. The parties should provide each other with documents, setting out the exact details of and circumstances surrounding the deal.

**BC-2.6.3** It is acknowledged that differences are sometimes paid by 'points'. The management of broking firms should always ensure that this practice is strictly controlled and monitored.

**BC-2.6.4** All differences settled by direct payment should be advised in writing by the broker to the Director of Reserve Management, CBB, (copied to the Bank) indicating the amount paid and the other party's name. The CBB reserves the right to ask for further information at its discretion.

## BC-2.7 Conduct

**BC-2.7.1** The CBB will regard any breaches of the rules stated below regarding gifts, favours, betting and entertainment unacceptable.

### *Gifts and Favours*

**BC-2.7.2** No broker, including management, employees and other persons acting on their behalf, shall offer or give inducements to dealing room personnel of a bank. No gifts or favours whatsoever shall be so given unless the broker is satisfied that the person responsible for dealing operations in the bank concerned has been informed of the nature of the gift or favour.

**BC-2.7.3** Employees of banks shall not solicit inducements from brokers, nor shall they receive unsolicited gifts or favours from brokers without informing the person responsible for dealing operations in the bank concerned of the nature of such gifts or favours.

### *Bets*

**BC-2.7.4** The making or arranging of bets between brokers and bank dealers is totally unacceptable.

### *Entertaining*

**BC-2.7.5** It shall be the responsibility of management in both banks and brokers to ensure that entertainment offered in the course of business does not exceed reasonable limits and does not infringe standards of propriety and decency.

## BC-2.8 Responsibility

### BC-2.8.1

Brokers shall be responsible for ensuring that:

- (a) Their principals understand fully the limitations of the brokers' responsibilities for business and market conducted;
- (b) All their principals understand that they are required to conform, where appropriate, to the Code of Conduct;
- (c) Their staff carrying out transactions on behalf of principals are adequately trained both in the practices of the market-place and in the firm's responsibilities to principals; and
- (d) The CBB is notified of any changes in broking staff, in accordance with CBB requirements.

### BC-2.8.2

Bankers shall be responsible for ensuring that:

- (a) Their dealing staff are adequately trained and supervised in the practices of the market (the requirement of this Code of Conduct should be fully understood by all staff involved in foreign exchange and currency deposit operations);
- (b) The CBB is notified of any changes in dealing staff, in accordance with CBB requirements;
- (c) Their staff understand that the ultimate responsibility for assessing the creditworthiness of a borrower or lender lies with the bank and not the broker;
- (d) Brokerage is normally payable at the end of the month in which the money passes, or otherwise by special arrangement; and
- (e) There is no pressure on brokers to reduce charges below the approved minimum rates.

## BC-2.9 Market Regulations – Foreign Exchange

### *Currencies*

BC-2.9.1 A broker will, in response to an enquiry from any bank, make known the currencies which it elects to quote and to make a service in.

**BC-2.9.2** Each broker shall provide, on request by a bank taking a service, general market information on all currencies handled (whether for the time being active or not) by that broker.

### *Brokerage*

**BC-2.9.3** Brokers shall comply with the minimum scales of brokerage charges (see Section BC-4.6) agreed in consultation with the Bankers' Society Council from time to time, or laid down by the CBB.

In cases where there is no established minimum scale of brokerage charges, no deals shall be transacted until a rate has been agreed. Rates of brokerage in these cases should be agreed in advance, and only by Directors or senior managers on each side, and in no event by the dealers themselves.

**BC-2.9.4** Put-through deals may be net of brokerage.

**BC-2.9.5** Brokerage should be expressed in US dollars.

## BC-2.10 Market Regulations – Currency Deposits

### *Brokerage*

**BC-2.10.1** Brokers shall comply with the minimum scales of brokerage charges (see Section BC-4.6) agreed in consultation with the Bankers' Society Council from time to time, or laid down by the CBB. In cases where there is no established minimum scale of brokerage charges, no deals shall be transacted until a rate has been agreed. Rates of brokerage in these cases should be agreed in advance, and only by Directors or senior managers on each side, and in no event by the dealers themselves.

**BC-2.10.2** Calculation of brokerage on all currency deposits shall be worked out on a 360-day year, or a 365-day year, according to normally accepted market practice. For example, Sterling and Kuwaiti Dinars are on a 365-day year basis, and US dollars and Saudi Riyals are on a 360-day year basis.

Brokers' confirmations and statements should express brokerage in US dollars.

**BC-2.10.3** In a forward-forward deposit (e.g. one month against six months) the brokerage to be charged shall be on the actual intervening period (i.e. in the above example - five months).

**BC-2.10.4** Put-through deals may be net of brokerage.

As part of its responsibility for supervising the conduct of brokers and dealers in the foreign exchange and currency markets, the CBB may, at its discretion:

## BC-2.12 Adjustment of Value Dates in Case of Unexpected Banking Closing Dates

### BC-2.12.1

Spot transactions and outright:

- (a) *Original agreed upon value date for identical currency sold and purchased:* extension of value date to next possible value date for both currencies.
- (b) *Original agreed upon value date for non-identical currency sold and purchased (for instance, Friday for US Dollars and Saturday for Gulf Currencies):* as unexpected banking closing days for non-Middle Eastern currencies are unlikely - value of non-Gulf currencies unchanged and value of Gulf currency on the next working day, adjusting spot or outright rate taking into account interest rate difference between the two currencies.

For pure outright it would be advisable to adopt same system as for swaps; however, implied swap difference is not visible or identical for both parties.

- It can be assumed that, if the above rule would cause substantial losses for one party, dealers will re-negotiate a new rate, on a case-by case basis; if no agreement can be reached, the CBB - as final arbitrator - will fix the interest rates, prevailing at that time, which will be used to calculate the points difference, with which the outright rate will be adjusted.

It is possible that payment instructions for counter-currency are already sent out and cannot be cancelled; in that case the paying party should be entitled to the proceeds of the unexpected use of funds by the receiving party.

## BC-2.12 Adjustment of Value Dates in Case of Unexpected Banking Closing Dates (continued)

### BC-2.12.2

#### Deposits:

- (a) *Maturing on unexpected closing day(s)*: Extending deposit to next possible value date; interest to be calculated in the extended period at original agreed upon interest rate.
- (b) *Starting on unexpected closing day(s) and maturing after unexpected closing day(s)*: Starting date will be extended to next possible value date without altering maturing date; interest to be calculated on the shortened period at the originally agreed upon interest rate.
- (c) *Starting on unexpected closing day(s) and maturing before or on next possible value date*: Cancellation of deal.
  - 1. If payment instructions are already sent out by lender and can only be executed on next possible value date, and cannot be cancelled, borrower ensures repayment will be done on the same next possible value date. If in that case borrower cannot repay because of deadline of receiving instructions by correspondent on same next possible value day, parties negotiate a new deal starting at value date of payment by lender and maturing according to new deal.
  - 2. If payment instructions are already sent out by lender for capital and by borrower for capital and interest both payments will be executed at same next possible value date, lender should refund to borrower unearned interest.

### bc-2.12.3

#### Swaps:

- (a) *Maturing on unexpected closing day(s)*: Extending swap to next possible value date for both currencies, adjusting swap difference according to formula - swap difference divided by original number of days and multiplied by new number of days.
- (b) *Starting on unexpected closing day(s) and maturing after unexpected closing day(s)*: Starting date for both currencies would be extended to next possible value date for both currencies without altering maturing date, adjusting swap difference according to Formula under Paragraph BC-2.12.3(a).
- (c) *Starting on unexpected closing day(s) and maturing before or on next possible value date*: Deals are cancelled.

If starting or maturing date of original swap under Paragraph BC-2.12.1 or Paragraph BC-2.12.2 is substantially different, per currency swap difference has to be recalculated in mutual agreement between the dealers;

- It is possible that payment instructions for counter currency are already sent out and cannot be cancelled - in that case paying party should be entitled to the proceeds of the unexpected use of funds by the receiving party;
- It is possible that payment instructions for Gulf currencies are already sent out and cannot be cancelled - in these cases rules according to Paragraph BC-2.12.2(c)-1 and Paragraph BC-2.12.2(c)-2 should be applied.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-5:	Dishonoured Cheques

## BC-5.1 Penalty System for Dishonoured Cheques

### BC-5.1.1

The purpose of the contents of this Section is to set out Rule relating to the system of penalising any person, whether natural or corporate in form, (referred to as a ‘customer’ in this Chapter) whose cheque is:

- (a) Presented for payment, but is returned due to insufficient funds being available on his current account, where,
- (b) In the opinion of the bank on whom the cheque is drawn, such cheque has been issued by the customer in bad faith.

Cheques falling within this system are referred to as ‘dishonoured cheques’. Due regard must be given by retail banks licensees to the general provisions of Bahrain Law regarding joint accounts, partnership accounts and accounts in the name of corporate entities, as well as to the customer mandate in each case, to determine how such accounts may be dealt with for purposes of the Rule in this Chapter.

### *Procedures to be Followed*

### BC-5.1.2

On each occasion that a retail bank licensee becomes aware of a dishonoured cheque of one of its customers, that bank will send a written warning to the relevant customer informing him/her of the existence of the dishonoured cheque, requesting him/her to immediately make good the insufficiency in his current account in order to clear the cheque. This written warning will also inform the customer of the provisions of this system with regard to dishonoured cheques and abusers of cheques.

### BC-5.1.3

On the first working day of each calendar month, each retail bank licensee must provide to the CBB a list of the names, supported with I.D. numbers (CPR or CR numbers (as applicable) for Bahrain residents, Passport or CR-equivalent numbers (as applicable) for non-Bahrain residents) of those customers to whom one (or more) written warning(s) has been sent in accordance with Paragraph BC-5.1.2 above during the immediately preceding calendar month. This list should specify the number of written warnings relating to dishonoured cheques for each customer of the relevant retail bank for the month in question and shall be in the form set out in Appendix BC-1. Retail bank licensees will be responsible for ensuring the accuracy of all details on their respective lists.

CHAPTER	BC-5:	Dishonoured Cheques

## BC-5.1 Penalty System for Dishonoured Cheques (continued)

### BC-5.1.4

Using the lists referred to in Paragraph BC-5.1.3 above, the CBB will prepare a further list (the 'Control List') of those customers to whom two or more written warnings were sent by any one or more retail bank licensees at any time within a maximum period of three consecutive calendar months. The Control List, which will be in the form set out in Appendix BC-2, will specify the name and I.D. numbers of each such customer, the total number of dishonoured cheques for that customer included in the lists referred to in Paragraph BC-5.1.3 above, the name of the relevant bank(s) on whose list(s) the customer's name has been included, and other relevant details for banks' information and checking in accordance with Paragraph BC-5.1.5 below. Any customer to whom more than two written warnings relating to dishonoured cheques were sent by any one or more retail bank licensee at any time within a maximum period of three consecutive calendar months will be automatically deemed an abuser of cheques for the purposes of Paragraph BC-5.1.7 below.

### BC-5.1.5

On the second working day of each calendar month, the CBB will circulate a draft copy of the Control List to all retail bank licensees. Banks will be requested to check the accuracy of the Control List by reference to the information they have sent to the CBB in accordance with Paragraph BC-5.1.3 above, and to notify the CBB within a maximum period of one week of receiving the list of any inaccuracies on the Control List. The Control List, as amended if appropriate, will be circulated to retail bank licensees by the CBB on the second working day after it receives all responses from concerned banks. Retail bank licensees will be required to monitor the customers on this Control List to establish whether any one or more of them issued another dishonoured cheque in the instant calendar month. Any bank becoming aware of a dishonoured cheque of one or more of its customers on the Control List during this month should notify the CBB of this fact, using the relevant section in Appendix BC-1, on the first working day of each calendar month.

### BC-5.1.6

If the CBB does not receive any notification as contemplated in Paragraph BC-5.1.5 above for a particular customer on the Control List, that customer's name shall be withdrawn from the next issue of the Control List. However, the CBB will monitor the names of customers appearing on the Control List during the three consecutive calendar months falling immediately after the calendar month in which a customer's name is taken off the Control List. If any such customer's name is again reported to the CBB pursuant to Paragraph BC-5.1.3 above at any time during this three-month period,

- (a) His name will be returned to the Control List on the date of its next issue if there is only one dishonoured cheque reported in this context; or
- (b) He will be automatically deemed an abuser of cheques for the purposes of Paragraph BC-5.1.7 below if there is more than one dishonoured cheque reported in this context.

If, however, his name is not reported to the CBB in this regard, the CBB will cease its monitoring thereof.

## BC-5.1 Penalty System for Dishonoured Cheques (continued)

### BC-5.1.7

If the CBB does receive notification as contemplated in Paragraph BC-5.1.5 above for a particular customer on the Control List, or if a customer is deemed to be an abuser of cheques within Paragraph BC-5.1.4 or Paragraph BC-5.1.6 above, such customer (herein referred to as an 'abuser of cheques') will be penalised as follows. Using Appendix BC-3, on the second working day of the calendar month following the receipt of the information referred to above, the CBB will circulate a draft list to all retail bank licensees. Banks will be requested to check the accuracy of this list by reference to the information they have sent to the CBB in accordance with Paragraph BC-5.1.5 above, and to notify the CBB within a maximum period of one week of receiving the list of any inaccuracies on that list. The list, as amended if appropriate, will be circulated to retail bank licensees by the CBB on the second working day after it receives all responses from banks, and will direct the bank(s) which has/have reported an abuser of cheques to withdraw all cheque books held by that abuser of cheques, and to close such person's current account(s) by transferring any balances therein to saving and/or any other accounts held with that/those bank(s). Furthermore, that bank(s) must not provide current account facilities to that abuser of cheques for the twelve calendar month period immediately following the date of issue of the relevant list. All other banks should, within a maximum period of one month after the issue of the relevant list, also withdraw current account facilities from that abuser of cheques for the same twelve calendar month period. Retail bank licensees will be entitled to recover any amounts due to them from abusers of cheques as a result of compliance with this system by availing of their set-off rights under Bahrain Law.

### BC-5.1.8

On Appendix BC-4, the CBB will notify retail bank licensees of those abusers of cheques in respect of whom the twelve calendar month period referred to in Paragraph BC-5.1.7 above has ended, and to whom banks may reinstate/offer current account facilities at their discretion.

**BC-5.2.3** Retail bank licensees should exercise greater vigilance over borrowers, especially in the area of consumer finance, where such borrowers maintain their current accounts at a bank or banks other than at the lending bank.

CHAPTER	BC-6:	Automated Teller Machines (ATM)

## BC-6.1 Installation of an Off-site ATM in Bahrain

BC-6.1.1 The purpose of the content of this Section is to set out the criteria to be followed by banks for the installation and usage of off-site ATMs in the Kingdom of Bahrain.

**BC-6.1.2** Applications for the installation of off-site ATMs should be sent in writing, and in accordance with the requirements set out in Paragraphs BC-6.1.3 to Paragraphs BC-6.1.10, to the Executive Director of Banking Supervision at the **CBB**.

### *General Criteria*

**BC-6.1.3** Subject to the prior written approval of the **CBB**, off-site ATMs may be owned individually or jointly by licensed retail bank licensees which are members of the BENEFIT Switch. Each relevant owning bank must already have linked its ATM capability to the BENEFIT Switch prior to requesting the CBB's permission to install an off-site ATM and, furthermore, must conform to the general standards set by the Benefit company.

**BC-6.1.4** Subject to the prior written approval of the **CBB**, off-site ATMs may, at each relevant owning retail bank licensee's discretion, be fully functioning or operate as cash dispensers only. In addition, off-site ATMs may, at each relevant owning bank's discretion (and subject to the prior written approval of the **CBB**), be 'walk-up' or 'drive-in' machines.

BC-6.1.5 Owning retail bank licensees will bear full legal responsibility for their respective off-site ATMs, as well as all costs associated with such ATMs (including, but not limited to, cash replenishment, installation, security etc.).

MODULE	BC:	Business and Market Conduct
CHAPTER	BC 6:	Automated Teller Machine (ATM)

## BC-6.1 Installation of an Off-site ATM in Bahrain (continued)

### BC-6.1.6

Retail bank licensees wishing to install an **off-site ATM** must submit an application (in writing) for the CBB's approval. A copy of the written permission (for installation of that **off-site ATM**) of the legal owner of the proposed location must be provided to the **CBB**, as well as a copy of the written permission of any other relevant authorities in this context (i.e. the Ministry of Interior).

### BC-6.1.7

Applications will generally be considered on a 'first come, first served' basis for a particular location. If more than one application is received to install an **off-site ATM** in the same location, the number of such applications which are approved will depend upon whether the location appears to the **CBB** to be capable of sustaining multiple **off-site ATMs** (subject, in addition, to the exact details of each individual application regarding security etc. being acceptable to the **CBB**).

### BC-6.1.8

Each application will be assessed on its individual merits, and at the **CBB's** discretion, taking into account factors which the **CBB** considers relevant including, but not limited to:

- (a) The suitability of the location in question;
- (b) The level of overall activities of the applicant in the market as well as the size and make-up of its customer base; and
- (c) The type and range of facilities which the applicant proposes offering through the off-site ATM at the location in question.

### BC-6.1.9

In addition to the information required by the **CBB** under Paragraph BC-6.1.6, the **CBB** may require further information/clarification to be provided to it before it takes a decision regarding the application. The **CBB's** decision in this regard will be notified to each relevant applicant bank in writing and will be final.

### BC-6.1.10

The **CBB** may, at its discretion, require an **off-site ATM** to be closed at any time. In addition, an owning bank may request **in writing to the CBB** permission to close any of its **off-site ATMs**.

CHAPTER	BC-7:	Margin Trading System

## BC-7.1 Introduction

**BC-7.1.1** This Chapter applies to all retail banks in Bahrain.

BC-7.1.2 Investors purchasing securities listed on any licensed exchange may pay for them under the Margin Trading System ("The System") by borrowing a portion of the purchase price from a participating bank. The System is subject to relevant provisions of the CBB Law, the Rulebook of the licensed exchange, any rules and regulations issued pursuant to such Law, Rulebook and this Module. The System applies to equities in companies listed on any licensed exchange. Unless restrictions apply under Bahrain law in this regard, the System shall be available to Bahraini or non-Bahraini investors, whether resident or non-resident in Bahrain.

BC-7.1.3 The main objective of the System is to enhance the overall activity on any licensed exchange, allowing investors to leverage their investments, in a controlled manner.

### *General Criteria*

**BC-7.1.4** Only retail banks will be permitted as participating banks for the System. Participating banks must each receive the prior general written approval of the CBB in order to take part in the System. The CBB will notify the licensed exchange of the identity of participating banks. The CBB's approval may be withdrawn at its discretion.

**BC-7.1.5** SRO members who are not retail banks will not be permitted to act as lenders for the System.

### BC-7.2.1

An investor may, through his relationship with any participating bank under the System, invest in securities made up by way of the investor's own initial margin and by way of financing from the relevant participating bank to that investor.

### BC-7.2.2

Such financing referred to in Paragraph BC-7.2.1 is subject to the limit on margin percentage given in Paragraph BC-7.2.10.

### BC-7.2.3

The amount of the margin facility made to an investor under the System shall be included as an exposure to that customer, and contribute towards the large exposures limit and the consumer finance limit for that person.

### BC-7.2.4

The total amount of financing granted by an individual participating bank to all investors under the System shall not, at any time exceed 15% of that participating bank's capital base, such percentage to be reviewed by the CBB at its discretion from time to time.

### BC-7.2.5

The CBB will require participating banks to inform the Credit Risk Bureau ('CRB') of all facility limits approved to investors under the System from time to time. Participating banks must check with the CRB on the amount of facility limits outstanding under the System at any time to a particular investor.

### *SRO Members*

### BC-7.2.6

Only licensed SRO members who meet the requirements to participate in the System and are authorised as such by the licensed exchange and the CBB will be permitted to act as brokers for the System.

### *Documentation*

#### BC-7.2.7

Only standard-form documents (application forms and agreements) will be used for the System. Standard-form agreements, drafted and approved in advance by the **licensed exchange**, will be entered into between the participating bank and the investor (in respect of financing), and between the participating bank and the investor and the **SRO member** (in respect of trading) and, as relevant, these agreements shall (amongst other things) confirm that:

- (a) The investor is borrowing or financing a stated amount from the participating bank for the purpose of taking part in the System;
- (b) The investor will repay such stated amount, together with any interest or charges thereon, when due and in accordance with the agreement;
- (c) The investor understands the risks involved in margin trading as well as the implications of the undertakings given by him;
- (d) The participating bank can sell the securities bought through the System if the relevant margin is called and not met, without further formalities being required;
- (e) The **SRO member** is liable for marking the **securities** to market on a daily (or more frequent) basis and for keeping the participating bank updated as to the participating bank's exposure to the investor;
- (f) The investor can place orders with the broker for the purchase of **securities** up to the limit permitted by the agreement;
- (g) Each party to the agreement in question shall abide by the duty of confidentiality imposed on him in relation to the matters set out in the agreement; and
- (h) There is an overriding obligation on the parties thereto to comply with Bahrain law in general and, in particular, with the share-ownership restrictions applying to certain types of **securities**.

CHAPTER	BC-7: Margin Trading System

## BC-7.2 Limits and Trading Rules (continued)

### *Owner of the Securities bought Using the System*

**BC-7.2.8** For ease of transfer and sale of the **securities** in the event that a margin is called by the participating bank but not met by the investor, the **securities** will be registered in the participating bank's name (for the account of the investor) and held by a custodian.

**BC-7.2.9** Under Paragraph BC-7.2.8 above; (a) the **securities** should not be considered as part of the bank's own assets for the purposes of determining ownership/control under Bahrain law, and (b) if the investor has discharged his obligations to the participating bank under the System and the **securities** have not been sold, the **securities** shall be transferred into the legal ownership of the investor.

### *Margin Percentage*

**BC-7.2.10** For equities listed on **any licensed exchange**, an investor shall have the right to borrow a loan the value of which shall not exceed 50% of the total value of the funds being invested (i.e. 1:1). The CBB and the **licensed exchange** shall coordinate in making any change to the margin percentages set for the System.

### *Margin Call Top-up*

**BC-7.2.11** The margin call top-up shall be 30% of the total value of the funds invested by an investor through a margin account with a participating bank. An investor shall settle a margin call on the settlement date (as determined by the BSE) by making a cash payment of such amount to the participating bank. Such cash payment may, at the investor's discretion and in whole or part, come from the sale of the **securities** bought through the System, or otherwise. Failure to meet such margin call will, however, give the participating bank the right to sell the **securities** bought through the System.

### *Margin Interest*

**BC-7.2.12** The participating bank shall charge a rate of interest or impose charges on the financing amount granted to the investor at a rate or on a basis to be determined by the participating bank. In the event that investor's margin account is in credit in excess of the margin applicable thereto, interest or profit shall be paid on the excess at a rate to be determined by the participating bank.

### *Overseas Branches and Subsidiaries*

**BC-8.1.3** Locally incorporated conventional bank licensees must ensure that their branches and subsidiaries operating in foreign jurisdictions comply, at a minimum, with local conduct of business standards and regulatory requirements (where applicable).

**BC-8.1.4** For branches of foreign banks located in Bahrain, these requirements only apply to the business and customers of the Bahrain branch.

BC-8.1.5 The CBB encourages locally incorporated conventional bank licensees to apply – with respect to their overseas branches and subsidiaries - conduct of business standards at least equivalent to those set out in this Module. Where this is not the case, the CBB will consider any potential risk to the conventional bank licensee that may arise through adverse reputational or other consequences.

CHAPTER	BC-8:	Investment Business Activities

## BC-8.2 General Rules

**BC-8.2.1** This Module applies to the regulated banking services listed in Subparagraphs LR-1.3.1 (f to l) of all conventional bank licensees.

BC-8.2.2 This Module aims to encourage high standards of business conduct, which are broadly applicable to all conventional bank licensees, all regulated banking services referred to in Paragraph BC-8.2.1, and all types of customers. The CBB, nevertheless, recognises that customers' level of sophistication and understanding of risks underlying financial instruments vary. Accordingly, the level of safeguards provided for in the business conduct requirements for retail customers, for instance, are different from those for accredited investors.

**BC-8.2.3** This Chapter comprises a number of overarching principles of business conduct, with respect to the conduct of regulated banking services by conventional bank licensees; these cover the various stages of the life of a customer relationship.

**BC-8.2.4** Conventional bank licensees must maintain adequate records to demonstrate compliance with the requirements in this Chapter.

BC-8.2.5 The CBB will monitor compliance with this Chapter. If required, the CBB may develop more detailed rules and guidance to supplement the existing IBCP.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-8: Investment Business Activities

### BC-8.3 Overarching Principles

#### BC-8.3.1

In the course of offering regulated banking services listed in **Paragraph BC-8.2.1**, licensees must:

- (a) Act with due skill, care and diligence in all dealings with customers;
- (b) Act fairly and reasonably in all dealings with customers;
- (c) Identify customers' specific requirements in relation to the products and services about which they are enquiring;
- (d) Ensure that any advice to customers is aimed at the customers' interests and based on adequate standards of research and analysis;
- (e) Provide sufficient information to enable customers to make informed decisions when purchasing investment products and services offered to them;
- (f) Provide sufficient and timely documentation to customers to confirm that their investment arrangements are in place and provide all necessary information about their products, rights and responsibilities;
- (g) Maintain fair treatment of customers through the lifetime of the customer relationships, and ensure that customers are kept informed of important events;
- (h) Ensure complaints from customers are dealt with fairly and promptly;
- (i) Ensure that all information provided to customers is clear, fair and not misleading, and appropriate to customers' information needs; and
- (j) Take appropriate measures to safeguard any money and property handled on behalf of customers and maintain confidentiality of customer information.

#### BC-8.3.2

The Rules contained in Chapter BC-8 are largely principles-based and focus on desired outcomes rather than on prescribing detailed measures to achieve those outcomes. This gives conventional bank licensees flexibility in how to implement the basic standards prescribed in this Module.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-8:	Investment Business Activities

## BC-8.4 Customer Classification

### BC-8.4.1

A conventional bank licensee must classify the persons with or for whom it intends to carry on regulated banking services listed in **Paragraph** BC-8.2.1, in accordance with the requirements in this Section, and communicate its classification to the person concerned. The customer must be notified of his/her customer classification before any documentation is finalised or **where** regulated banking services or products listed in **Paragraph** BC-8.2.1 are offered.

### BC-8.4.2

The purpose of the classification is to ensure that conventional bank licensees' customers are appropriately categorised so that regulatory protections are focused on those classes of customer that need them most: 'The following wording may be used for customer notification of status. 'According to the Central Bank of Bahrain Rulebook, we are required to notify all customers of their status for the purpose of investment business and certain regulated banking services. For the purpose of this relationship, you are classified as an accredited investor/retail customer.'

### BC-8.4.3

Before conducting regulated banking services listed in **Paragraph** BC-8.2.1 with or for any person, a conventional bank licensee must take reasonable steps to obtain appropriate information to establish whether that person is an accredited investor or a retail customer.

### BC-8.4.4

The treatment of a conventional bank licensee's customers must be in accordance with the classification it has established for the purpose of Rule BC-8.4.3.

### BC-8.4.5

Where specific rules do not exist for a particular class of customers, the CBB requires appropriate treatment in accordance with the overarching principles set forth in Section BC-8.3.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-8: Investment Business Activities

## BC-8.4 Customer Classification (continued)

### *Accredited Investors*

#### BC-8.4.6

For the purpose of Rule BC 8.4.3, an accredited investor includes:

- (a) Individuals holding financial assets (either singly or jointly with their spouse) of USD 1,000,000 or more;
- (b) Companies, partnerships, trusts or other commercial undertakings, which have financial assets available for investment of not less than USD 1,000,000; or
- (c) Governments, supranational organisations, central banks or other national monetary authorities, and state organisations whose main activity is to invest in financial instruments (such as state pension funds).

#### BC-8.4.7

Conventional bank licensees must notify a customer (that is not licensee of the CBB or a licensed financial institution in a foreign country) in writing, that he is being classified as an accredited investor and provide a written warning that he will not benefit from the specific protections afforded to retail investors.

#### BC-8.4.8

Persons classified as accredited investors under Rule BC-8.4.6 may, however, request treatment as retail customers where the concerned product is a listed security or is retail in nature, in which case conventional bank licensees must agree to treat them as retail customers.

#### BC-8.4.9

A retail customer, as defined in Rule BC-8.4.10, may voluntarily elect to be treated as an accredited investor. In this instance the conventional bank licensee must obtain a signed declaration to that effect prior to any provision of regulated banking services.

### *Retail Customer*

#### BC-8.4.10

For the purposes of Rule BC-8.4.3 a retail customer means a customer who is not classified as an accredited investor under Rule BC-8.4.6.

### *Records*

#### BC-8.4.11

A conventional bank licensee must make a record of the classification established for each customer, including sufficient information to support such classification.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-8: Investment Business Activities

## BC-8.5 Marketing and Promotion

BC-8.5.1 The requirements of this section apply to product specific or service specific material and not to general brand awareness promotional material.

**BC-8.5.2** Conventional bank licensees must ensure that all advertising and promotional material that is sent to any class of customer is fair, clear and not misleading.

BC-8.5.3 With respect to retail customers, in ensuring that the description of the product or the service in the promotional material is fair, clear and not misleading, the conventional bank licensee should, among other precautionary measures, ensure that:

- (a) The purpose, and to the extent practicable, the content, of the information or communication are likely to be understood by the average member of the group to whom the communication is addressed;
- (b) Key items contained in the information are given due prominence;
- (c) The method of presentation in the information does not disguise, diminish, or obscure important risks, warnings or information; and
- (d) The communication does not omit information that is material to ensure it is fair, clear and not misleading.

BC-8.5.4 In ensuring that the description of the product or the service in the promotional material is fair, the conventional bank licensee should avoid exaggerating the potential benefits of the investment service or financial instrument in any communication with a retail customer or potential retail customer.

BC-8.5.5 In ensuring that the description of the product or the service in relation to promotional material directed at retail customers is adequate, the conventional bank licensee should: ensure that the promotional material contains a balanced description of the main characteristics of the financial instrument and/or service state it relates, including the nature of the financial commitment and risks involved; whether or not the financial instruments involved are illiquid, and traded in a recognised exchange or market; the existence or absence of any right of withdrawal or cancellation and, where such a right exists, its duration and the conditions for exercising it, including information on any amount that the retail customer may be required to pay to exercise that right; and state if the communication relates to a financial instrument or service of a person other than the conventional bank licensee, the name of the person.

**BC-8.5.6** Conventional bank licensees must ensure that the accuracy of all material statements of fact in promotional materials is supported by adequate evidence.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-8:	Investment Business Activities

## BC-8.5 Marketing and Promotion (continued)

**BC-8.5.7** Conventional bank licensees must not, in any form of communication with an individual customer or any class of customer, unreasonably attempt to limit or avoid any duty or liability it may have to that individual customer or class of customer in relation to regulated banking services, unless otherwise agreed in writing by both parties.

BC-8.5.8 An example of an unreasonable attempt to limit liability is where a financial product is given protection or compensation status in its home country and such status is not given by the Bahrain Bank (or branch) to its customers.

**BC-8.5.9** Conventional bank licensees that underwrite or market public offerings must ensure that their promotional material complies with the relevant capital markets disclosure standards of the CBB.

BC-8.5.10 Capital markets disclosure standards are currently contained in the Disclosure Standards Regulation of 3 December 2003.

### *Content of Promotions*

**BC-8.5.11** Before a conventional bank licensee communicates any promotional material on a specific product or service to a customer or a potential customer it must ensure that the promotional material at the very least contains the information laid out in Paragraph BC-8.13.1.

**BC-8.5.12** Conventional bank licensees must not make use of the name of the CBB in any promotion in such a way that would indicate endorsement or approval of its products or services.

### *Records*

**BC-8.5.13** Conventional bank licensees must maintain a record of all promotional materials issued by them or on their behalf.

### *Real Time Promotions*

**BC-8.5.14** Conventional bank licensees must not make a real time promotion to retail customers unless the concerned customer has been notified of the fact in advance and has agreed in writing to receive real time promotions.

MODULE	BC: Business Conduct
CHAPTER	BC-8: Investment Business Activities

## BC-8.5 Marketing and Promotion (continued)

BC-8.5.15 For the purposes of Paragraph BC-8.5.14, a real time promotion is a promotion made in the course of a personal visit, telephone conversation or other interactive dialogue.

BC-8.5.16 Consent to receive real time promotions could be, for instance, at the time of the initial customer profiling, by means of signing a form clearly indicating such consent.

**BC-8.5.17** A representative of the conventional bank licensee must, on making contact for the first time with a customer, and again at any time when asked to do so by the customer:

- (a) Identify himself as being a representative of the conventional bank licensee;
- (b) State the name of the conventional bank licensee; and
- (c) Present the customer with a business card on meeting that customer, unless he has given him such a card at a previous meeting. The business card must include a statement of the conventional bank licensee's licensing status.

BC-8.5.18 For the purposes of Rule BC-8.5.17(c), the statement on the business card should make clear the licensing status of the conventional bank licensee; however it should not lead the customer to believe that the product being offered has been approved by the CBB. The suggested wording for the statement of licensing status is as follows: "Licensed as a conventional retail /wholesale bank by the CBB".

MODULE	BC: Business Conduct
CHAPTER	BC-8: Investment Business Activities

## BC-8.5 Marketing and Promotion (continued)

### BC-8.5.19

In oral communications with a retail customer, whether in person or by telephone, the representative of the conventional bank licensee must:

- (i) Conduct himself in a polite manner and respect the wishes of the customer;
- (ii) State the genuine purpose of the call at the commencement of the conversation;
- (iii) Ascertain whether or not the customer wishes him to proceed with the conversation if the time of the conversation was not previously agreed by the customer;
- (iv) Explain clearly the financial instruments or other services which he is authorised to arrange;
- (v) Recognise and respect the right of the customer to terminate the call at any time; and
- (vi) If he requests another appointment and the customer refuses, shall accept that refusal courteously and in such a manner as to cause no embarrassment to the customer.

### *Records*

### BC-8.5.20

Conventional bank licensees must keep sufficient records of real time promotions made by them, or on their behalf by other persons, for CBB's supervision purposes.

BC-8.5.21 These records should include evidence that customers have been notified in advance and agreed to receive real time promotions, as required under Rule BC-8.5.14.

### *Terms of Business*

**BC-8.6.3** The terms of business in relation to providing regulated banking services as defined in **Paragraph** BC-8.2.1 to a retail customer must take the form of a customer agreement.

**BC-8.6.4** The terms of business must include the rights and obligations of parties to the agreement, as well as other terms relevant to the regulated banking services. The terms of business must include, but are not limited to, the items included in **Paragraph** BC-8.13.2.

BC-8.6.5 An application form in relation to regulated banking services will be deemed to be a customer agreement, provided the form includes the principal terms and conditions of the service, such that the customer is provided sufficient information to allow him to understand the basis on which the service is to be conducted.

**BC-8.6.6** The customer agreement must be provided in good time prior to providing the regulated banking service.

BC-8.6.7 For the purposes of Rule BC-8.6.6, 'good time' should be taken to mean sufficient time to enable the customer to consider properly the service or financial instrument on offer before he is bound.

### *Customer Understanding and Acknowledgement*

**BC-8.6.8** Conventional bank licensees must not enter into a customer agreement unless they have taken reasonable care to ensure that their retail customer has had a proper opportunity to consider the terms.

**BC-8.6.9** Conventional bank licensees must obtain their retail customer's consent to the terms of the customer agreement as evidenced by a signature or an equivalent mechanism.

## BC-8.6 Accepting Customers (continued)

BC-8.6.10 The equivalent mechanism refers to instances where a customer may have signed a mandate letter or other document accompanying the terms of the customer agreement.

BC-8.6.11 The customer agreement must contain the signatures of both parties to the agreement. If the agreement is signed by only the customer (in case it is in the form of an application), copies of the signed agreement must be provided by the conventional bank licensee to the customer.

### *Records*

BC-8.6.12 Conventional bank licensees must keep sufficient records of customer agreements and any documents referred to in the customer agreement as soon as the agreement comes into force, for CBB's supervision purposes.

The evaluation of the customer's needs, circumstances and investment objectives (including risk appetite) can be done through a structured questionnaire.

#### BC-8.7.4

For the purposes of satisfying the requirement under Rule BC-8.7.2, conventional bank licensees must ensure that the information and facts they hold about their customers are accurate, complete and up to date.

#### BC-8.7.5

- BC-8.9.7 Factors relevant to whether the postponement of an existing customer order may be in the best interests of the customer include where:
- (a) The customer order is received outside of normal trading hours;
  - (b) A foreseeable improvement in the level of liquidity in the financial instrument is likely to enhance the terms on which the conventional bank licensee can execute the order; or
  - (c) Executing the order as a series of partial executions over a period of time is likely to improve the terms on which the order as a whole is executed.

### ***Non-market Price Transactions***

### **BC-8.9.8**

Conventional bank licensees must not enter into a non-market price transaction in any capacity, with or for a customer, if it has reasonable grounds to suspect that the customer is entering into the transaction for an illegal or improper purpose.

- BC-8.9.9 For the purposes of Paragraph BC-8.9.8, a non-market price transaction is one where the price paid by the conventional bank licensee, or its customer, differs from the prevailing market price. With respect to transactions in financial instruments traded on a licensed exchange, licensees are reminded that in Bahrain the law prohibits off-market transactions.

- BC-8.9.10 For the purposes of Paragraph BC-8.9.8, examples of improper purposes for transactions include:
- (a) The perpetration of a fraud;
  - (b) The disguising or concealment of the nature of a transaction or of profits, losses or cash flows;
  - (c) Transactions which amount to market abuse;
  - (d) High-risk transactions under the Anti Money Laundering Regulations; and
  - (e) "Window dressing", in particular around the year end, to disguise the true financial position of the person concerned.

### **BC-8.9.11**

**Rule BC-8.9.8 does not apply to a non-market-price transaction if it is subject to the rules of a recognised investment exchange.**

## BC-8.9 Dealing and Managing (continued)

### *Aggregation and Allocation*

#### BC-8.9.12

Conventional bank licensees may only aggregate an order for a customer with an order for other customers, or with an order for its own account, where:

- (a) It is unlikely that the aggregation will disadvantage the customers whose orders have been aggregated; and
- (b) It has disclosed to each customer concerned in writing that it may aggregate orders, where these work to the customer's advantage.

#### BC-8.9.13

If a conventional bank licensee has aggregated orders of customers, it must make a record of the intended basis of allocation and the identity of each customer before the order is effected (subject to the “best execution” provisions of Paragraph BC-8.9.2).

#### BC-8.9.14

Where an allocation takes place, prices must not be marked up.

#### BC-8.9.15

Conventional bank licensees must have written policies on aggregation and allocation which are consistently applied; these must include the policy that will be adopted when only part of the aggregated order has been filled.

#### BC-8.9.16

Where a conventional bank licensee has aggregated a customer order with an order for other customers or with an order for its own account, and part or all of the aggregated order has been filled, it must:

- (a) Promptly allocate the financial instruments concerned;
- (b) Allocate the financial instruments in accordance with its stated policy;
- (c) Ensure the allocation is done fairly and uniformly by not giving undue preference to itself or to any of those for whom it dealt;
- (d) Give priority to satisfying customer orders where the aggregation order combines a customer order and an own account order, if the aggregate total of all orders cannot be satisfied, unless it can demonstrate on reasonable grounds that without its own participation it would not have been able to execute those orders on such favourable terms, or at all; and
- (e) Make and maintain a record of:
  - (i) The date and time of the allocation;
  - (ii) The relevant financial instruments;
  - (iii) The identity of each customer concerned; and

## BC-8.9 Dealing and Managing (continued)

- (iv) The amount allocated to each customer and to the conventional bank licensee.

### *Excessive Dealing*

BC-8.9.17

Conventional bank licensees must not advise any customer to transact with a frequency or in amounts that might result in those transactions being deemed excessive in light of historical volumes, market capitalisation, customer portfolio size and related factors. This Rule does not apply to customers classified as market counterparties.

### *Right to Realise a Retail Customer's Assets*

BC-8.9.18

Conventional bank licensees must not realise a retail customer's assets, unless it is legally entitled to do so, and has either:

- (a) Set out in the terms of business:
- (i) The action it may take to realise any assets of the retail customer;
  - (ii) The circumstances in which it may do so;
  - (iii) The asset (if relevant) or type or class of asset over which it may exercise the right; or
- (b) Given the retail customer written or oral notice of its intention to exercise its rights before it does so.

### *Margin Requirements*

BC-8.9.19

Before conducting a transaction with or for a retail customer, conventional bank licensees must notify the customer of:

- (a) The circumstances in which the customer may be required to provide any margin;
- (b) The form in which the margin may be provided;
- (c) The steps the conventional bank licensee may be required or entitled to take if the customer fails to provide the required margin, including:
- (i) The fact that the customer's failure to provide margin may lead to the conventional bank licensee closing out his position after a time limit specified by the firm;

MODULE	BC: Business and Market Conduct
CHAPTER	BC-8: Investment Business Activities

## BC-8.9 Dealing and Managing (continued)

- (ii) The circumstances in which the conventional bank licensee will have the right or duty to close out the customer's position; and
- (iii) The circumstances, other than failure to provide the required margin, that may lead to the conventional bank licensee closing out the customer's position without prior reference to him.

### BC-8.9.20

Conventional bank licensees must close out a retail customer's open position if that customer has failed to meet a margin call within a maximum of five business days following the date on which the obligation to meet the call accrues, unless:

- (a) The conventional bank licensee has received confirmation from a relevant third party (such as a clearing firm) that the retail customer has given instructions to pay in full; or
- (b) The conventional bank licensee has taken reasonable care to establish that the delay is owing to circumstances beyond the retail customer's control.

BC-8.9.21 For the purposes of Rule BC-8.9.20, conventional bank licensees may require the closing of a retail customer's open position in less than five business days, for their own risk management purposes.

BC-8.9.22 Conventional bank licensees must also follow the requirements of **Chapter** BC-7 concerning the operation of the margin trading system.

### *Programme Trading*

### BC-8.9.23

Before a conventional bank licensee executes a programme trade, it must disclose to its customer whether it will be acting as a principal or agent. A conventional bank licensee must not subsequently act in a different capacity from that which is disclosed without the prior consent of the customer.

BC-8.9.24 The term 'programme trade' describes a single transaction or series of transactions executed for the purpose of acquiring or disposing of, for a customer, all or part of a portfolio or a large basket of financial instruments.

## BC-8.9 Dealing and Managing (continued)

### BC-8.9.25

Conventional bank licensees must ensure that neither they, nor an associate, execute an own account transaction in any financial instrument included in a programme trade, unless they have notified the customer in advance that they may do this, or can otherwise demonstrate that they have provided fair treatment to the customer concerned.

#### *Records*

### BC-8.9.26

Conventional bank licensees must keep a record of each step they undertake in relation to each transaction to demonstrate to the CBB compliance with Section BC-8.9.

- (b) Paying compensation or other forms of redress to retail customers where the conventional bank licensee decides this is appropriate; and

BC-8.11.5 In recording complaints activity, licensees should consider the types of data and reports that will enable them to demonstrate compliance with the above Rules for handling complaints, together with the overarching principles requiring fair dealings with customers. More specific Rules and standards for complaints records will be developed over time by the CBB.

## BC-8.12 Conflicts of Interest

**BC-8.12.1** Conventional bank licensees must undertake all reasonable steps to identify conflicts of interest between themselves (or any person directly or indirectly linked to them by control) and their customers, which may arise in the course of providing a regulated banking service.

**BC-8.12.2** Where conflicts arise, conventional bank licensees must:

- (a) Disclose any material interest or conflict of interest to the customer in writing (which may include a disclosure in the conventional bank licensee's terms of business) either generally or in relation to a specific transaction, and take reasonable steps to ensure that the customer does not object;
- (b) Establish information barriers between activities such as proprietary trading, portfolio management and corporate finance business; and
- (c) Produce a written policy of independence, which requires an employee to disregard any conflict of interest or material interest when advising a customer or exercising discretion.

**BC-8.12.3** If a conventional bank licensee determines that it is unable to manage a conflict of interest or material interest using one of the methods described in Rule BC-8.12.2 it must decline to act for the customer.

### *Personal Account Transactions*

#### BC-8.12.4

Conventional bank licensees must establish and maintain adequate policies and procedures, to ensure that:

- (a) Employees involved with advising and arranging do not undertake a personal account transaction unless:
  - (i) The conventional bank licensee has, in a written notice, drawn to the attention of the employee the conditions upon which the employee may undertake personal account transactions and that the contents of such a notice are made a term of his contract of employment or services;

- (b) It receives prompt notification or is otherwise aware of each employee's personal account transactions; and
- (c) If an employee's personal account transactions are conducted with the conventional bank licensee, each employee's account must be clearly identified and distinguishable from other customers' accounts.

#### BC-8.12.5

The written notice in sub-Paragraph BC-8.12.4 (a)(i) must make it explicit that, if an employee is prohibited from undertaking a personal account transaction, he must not, except in the proper course of his employment:

- (a) Procure another person to enter into such a transaction; or
- (b) Communicate any information or opinion to another person if he knows, or ought to know, that the person will as a result, enter into such a transaction or procure some other person to do so.

#### BC-8.12.6

Where a conventional bank licensee has taken reasonable steps to determine that an employee will not be involved to any material extent in, or have access to information about, the conventional bank licensee's investment business, then the conditions or restrictions on personal account transactions, in Rule BC-8.12.4, need not be applied to that employee.

- (e) Contains a clear and unambiguous explanation of the rating or recommendation system used;

  - (ii) For financial instruments, if any, where the conventional bank licensee has undertaken corporate finance business with or for the issuer over the past 12 months.

### BC-8.12.11

If a conventional bank licensee acts as a manager or co-manager of an initial public offering or a secondary offering it must take reasonable steps to ensure that it does not publish investment research relating to the financial instrument during the period beginning on the day of publication of the listing particulars or a prospectus relating to the offering of that financial instrument and ending on the 30<sup>th</sup> calendar day after the day on which the financial instrument is admitted to trading.

### **BC-8.13 Appendix (continued)**

- BC-8.13.3 The minimum information that should be contained in a notice in relation to a warrant includes:  
“A warrant is a time-limited right to subscribe for shares or debentures and is exercisable against the original issuer of the underlying securities. A relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile. It is essential for anyone who is considering purchasing warrants to understand that the right to subscribe which a warrant confers is invariably limited in time, with the consequence that if the investor fails to exercise this right within the predetermined time-scale then the investment becomes worthless. You should not buy a warrant unless you are prepared to sustain a total loss of the money you have invested plus any commission or other transaction charges.”
- BC-8.13.4 The minimum information that should be contained in a notice in relation to a futures transaction includes:  
“Transactions in futures involve the obligation to make, or to take, delivery of the underlying asset of the contract at a future date, or in some cases to settle the position with cash. They carry a high degree of risk. The 'gearing' or 'leverage' often obtainable in futures trading means that a small deposit or down payment can lead to large losses as well as gains. It also means that a relatively small movement can lead to a proportionately much larger movement in the value of your investment, and this can work against you as well as for you. Futures transactions have a contingent liability, and you should be aware of the implications of this, in particular the margining requirements.”
- BC-8.13.5 The minimum information that should be contained in a notice in relation to a purchased option includes:  
“Buying options: buying options involves less risk than selling options because, if the price of the underlying asset moves against you, you can simply allow the option to lapse. The maximum loss is limited to the premium, plus any commission or other transaction charges. However, if you buy a call option on a futures contract and you later exercise the option, you will acquire the future. This will expose you to the risks associated with 'futures' and 'contingent liability investment transactions'.”
- BC-8.13.6 The minimum information that should be contained in a notice in relation to a written option includes:  
“Writing options: if you write an option, the risk involved is considerably greater than buying options. You may be liable for margin to maintain your position and a loss may be sustained well in excess of the premium received. By writing an option, you accept a legal obligation to purchase or sell the underlying asset if the option is exercised against you, however far the market price has moved away from the exercise price. If you already own the underlying asset which you have contracted to sell (when the options will be known as 'covered call options') the risk is reduced. If you do not own the underlying asset ('uncovered call options') the risk can be unlimited. Only experienced persons should contemplate writing uncovered options, and then only after securing full details of the applicable conditions and potential risk exposure.”
