MODULE	BC: Business and Market Conduct
CHAPTER	BC-A: Introduction

BC-A.1 Purpose

BC-A.1.1 This Module contains requirements that have to be met by Islamic bank licensees with regards to their dealings with customers. The Rules contained in this Module aim to ensure that Islamic bank licensees deal with their clients in a fair and open manner, and address their customers' information needs.

BC-A.1.2 The Rules build upon several of the Principles of Business (see Module PB (Principles of Business)). Principle 1 (Integrity) requires Islamic bank licensees to observe high standards of integrity and fair dealing, and to be honest and straightforward in their dealings with customers. Principle 3 (Due skill, care and diligence) requires Islamic bank licensees to act with due skill, care and diligence when acting on behalf of their customers. Principle 7 (Client Interests) requires Islamic bank licensees to pay due regard to the legitimate interests and information needs of their customers, and to communicate with them in a fair and transparent manner.

BC-A.1.3 This Module also provides support for certain aspects relating to business and market conduct in the Bahrain Commercial Companies Law of 2001 (as amended).

Legal Basis

BC-A.1.4 This Module contains the CBB's Directive on business conduct by Islamic bank licensees, and is issued under the powers available to the CBB under Article 38 of the CBB Law. The directive in this Module is applicable to all Islamic bank licensees.

BC-A.1.5 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

BC-A.3 Module History

BC-A.3.1 This Module was first issued on 1st January 2005 by the BMA as part of the Islamic principles volume. Any material changes that have subsequently been made to this Module are annotated with the calendar quarter date in which the change was made: Chapter UG-3 provides further details on Rulebook maintenance and version control.

BC-A.3.2 When the CBB replaced the BMA in September 2006, the provisions of this Module remained in force. Volume 2 was updated in October 2007 to reflect the switch to the CBB; however, new calendar quarter dates were only issued where the update necessitated changes to actual requirements.

BC-A.3.3 The most recent changes to this Module are detailed in the table below:

Summary of changes

Module Ref.	Change Date	Description of Changes
BC 4.6	01/10/05	Streamlined requirements for new products
BC 8	01/04/06	Margin trading rules and guidance
BC-A.1	10/2007	New Rule BC-A.1.4 introduced, categorising this Module as a Directive.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-2: Promotion of financial products and services

BC-1.1 Promotion of financial products and services offered in/from Bahrain by mean of incentives etc.

Introduction

BC-1.1.1 The purpose of the content of this Section is to set out requirements pertaining to the promotion of banking/financial products offered in/from Bahrain by means of incentives etc. (herein referred to as 'promotional schemes').

BC-1.1.2 The Central Bank has no objection to the use of promotional schemes in general and, unless it otherwise specifically directs in any particular case, the Central Bank does not expect to be actively consulted/have its approval sought about the idea and/or substance of any promotional schemes. The Central Bank should, however, be sent copies of documentation relating to promotional schemes at least ten days prior to their launch for information purposes.

BC-1.1.3 The Central Bank will monitor promotional schemes and, if thought appropriate in the interests of a bank or other financial institution (together herein referred to as 'institutions') and its customers in particular and/or the financial sector in general, may issue specific guidance in certain cases. Institutions should feel free to consult the Central Bank at any time regarding any matters referred to in the explanatory note set out in this Section.

BC-1.1.4 Banks undertaking investment business activities should refer to Chapter BC-9 for additional requirements.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-1: Promotion of financial products and services

General requirements

BC-1.1.5

Retail Islamic bank licensees should take care to ensure that promotional schemes do not involve a breach of Bahrain law or any other relevant applicable law, regulation or international practice. In addition, promotional schemes should not in any way be detrimental to the public good or public morals.

BC-1.1.6

While there is to be no formal restriction on the types of incentive which may be used by institutions, care should be taken to ensure that promotional schemes do not negatively affect the integrity, reputation, good image and standing of Bahrain and/or its financial sector, and do not detrimentally affect Bahrain's economy.

BC-1.1.7

Bearing in mind the reputation of, and the requirement to develop, the financial sector in Bahrain, as well as the need to act at all times in the best interests of the customer, retail Islamic bank licensees need to take adequate care to ensure that promotional schemes do not unreasonably divert the attention of the public from other important considerations in choosing an institution or a banking/financial product.

BC-1.1.8

All documentation concerning promotional schemes should be in Arabic and English and, if relevant, any other language necessary for customers to fully understand and appreciate their terms and conditions. Such terms and conditions, including any related advertising, need to be clear, concise, truthful, unambiguous and complete so as to enable customers to make a fully informed decision.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-1: Promotion of financial products and services

BC-1.1.9 Customers to whom promotional schemes are directed should enjoy equal opportunity in terms of access to, and treatment within, such schemes.

BC-1.1.10 No costs (including funding costs), charges or levies associated with promotional schemes should be concealed from prospective customers.

BC-1.1.11 Full and complete records should be maintained for promotional schemes, particularly where raffles/lotteries etc. are concerned.

BC-1.1.12 Any raffles/lotteries etc. held as part of promotional schemes should be independently monitored (e.g. by the institution's external auditor) and adequate systems put in place to ensure fair play and impartiality.

BC-1.1.13 An appropriate system should also exist for informing participants of the results of a raffle/lottery without delay. Institutions should note that raffles/lotteries etc. may be subject to rules and requirements (including prior authorisation/approval) laid down by the Ministry of Commerce.

BC-1.1.14 Retail Islamic bank licensees may use small 'gifts' as an inducement to members of the public to use banks' services, provided such gifts are offered on a general basis and have a low monetary value.

BC-1.1.15 Finally, due note should be taken of the overriding provisions of Bahrain (and any other relevant) law in relation to institutions' duties to customers to the extent (if any) that promotional schemes might impact on such duties.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-2: Code of conduct for bank dealers and foreign exchange and money brokers in the interbank market

BC-2.1 Introduction

BC-2.1.1

The Code of Conduct which is prepared in cooperation with the Bankers' Society of Bahrain and the foreign exchange brokers, provide rules in respect of certain kinds of practice which experience has shown may cause difficulty and may jeopardise the good standing of the Bahrain market. Management of banks and money brokers are responsible for ensuring that their institutions are in full compliance with the Code.

BC-2.1.2

Every broker and dealer shall at all times comply with the criteria in respect to market practice, integrity and conduct. Failure to comply with such criteria will be regarded as a serious offence by the CBB, which reserves the right to investigate any complaints brought to its attention. All participants should adhere to the spirit as well as to the letter of the Code.

BC-2.1.3

The code is shown in full, although many Paragraphs are not strictly relevant for Islamic banks. Treasury staff should refer to the relevant Paragraphs as appropriate.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the interbank market

BC-2.2 Market terminology and definitions

BC-2.2.1 The use of generally accepted precise terminology should reduce misunderstandings and frustration, and to this end Appendix BC-5 sets out, without claiming to be exhaustive, accepted market terminology and definitions.

BC-2.2.2 For the purpose of this Chapter, the following definitions apply:

- (a) **‘Broker’** means a money and foreign exchange broker who is authorised by the CBB to operate in Bahrain.
- (b) **‘Principal’** means a party undertaking a transaction through a broker.
- (c) **‘Bank’** means any institution, holding a banking license.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the interbank market

BC-2.3 Confidentiality and market practice

BC-2.3.1 Confidentiality is vital for the preservation of a reputable and efficient market. Accordingly, the exchange of confidential information in respect of third parties is forbidden.

BC-2.3.2 The rules which follow are not intended to define exhaustively the obligations of dealers and brokers but set down specific ways in which confidentiality should be safeguarded and operations should be conducted.

- (a) Use of phrases and terms likely to identify the name of the principal should be avoided at all times.
- (b) In foreign exchange transactions brokers should not disclose the name of the principal until the deal is being closed.

A broker asking for a specific support price should be prepared to qualify the principal in terms of geographical location, by country or by region when the broker genuinely believes it will enable business to be concluded satisfactorily to the benefit of both broker and principal.

- (c) In deposit transactions, brokers should not disclose the name of the borrower until the broker is satisfied that the potential lender seriously intends to do business. Once a lender has asked for the identity of the borrower ('Who pays?'), the lender is committed to do business at the rate quoted with an acceptable name, until the lending bank takes the broker 'off' or puts himself under reference. In the event of the first disclosed name being unacceptable to the lender, the lender will be prepared to check other acceptable names provided that such names are shown to the lender by the broker within a reasonable amount of time, which should be stipulated if necessary.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

- (d) In the deposit market, banks should whenever possible give brokers prior indication of those categories of principals and of any centres and areas with which they would be unwilling to do business, in order that the smooth operation of markets be facilitated and frustration be minimized. Lenders should indicate the amounts they are prepared to place with particular categories of borrower. Brokers should classify bids with an indication of the type and quality of names they are in a position to pass.
- (e) Practices whereby banks reject a succession of names in order to assess the market and brokers offer banks deals which have no chance of being concluded, merely in order to establish their interest, are totally unacceptable.
- (f) A principal is urged whenever possible to specify to a broker the rate, the amount, the currency, and the period of his requirements. The principal shall be willing to deal in a marketable amount with acceptable names and shall remain bound so to deal at the quoted rate unless either the broker is:
- (i) informed otherwise at the time of acceptance, or
 - (ii) a time limit was placed (for example, 'Firm for one minute only').

A broker who quotes a firm rate without qualification shall be prepared to deal at the rate, in a marketable amount. A broker, if quoting only the basis of one or two names shall qualify his quotation, e.g., 'one small offer or – only two names paying'. The broker should indicate whether prices are firm or simply for guidance and, if requested by the principal, should be willing to indicate the amount involved. Further he should confirm with banks at reasonable intervals that their interest is still firm.

It is the responsibility of the principal to ensure the broker is made aware of any circumstances which materially affect the validity of the order placed with the broker.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

- (g) A principal, by selecting to 'put a broker on' is deemed to have a serious intention of completing business, and should allow the broker sufficient time to quote the principal's interest to a potential counterparty with a view to doing business. In quantifying a 'sufficient time' factors such as the currency, market conditions and communication systems employed, should be taken into account.
- (h) A broker is held responsible for advising a principal on every occasion that his deposit rates are being checked by a potential counterparty. This action should help minimise the occasional difficulties that arise when a principal 'takes a broker off' simultaneously to having his prices checked.

Whenever possible and subject to market conditions, a bank in the deposit market should, before he 'takes a broker off' either a single order or several orders, check whether the broker is already committed to deal on his behalf.

- (i) 'Under reference' orders placed by banks with brokers without having first being placed as 'firm', are to be discouraged. Firm orders which are later qualified by a request to 'put me under reference' indicate a principal's weakening desire to conclude business with that broker. 'Under reference' orders should not be left with a broker for more than a few minutes. A principal must ensure that the broker has the opportunity frequently to check the validity of an 'under reference' order.
- (j) No person may visit the dealing room of any broker or any bank except with the consent of a Manager or Director of that institution. A broker shall not in any circumstances permit any visitors from a bank to deal for his bank in the dealing room of that broker.
- (k) Management of banks should issue clear directions to staff on the monitoring, control and recording of 'after hours' dealing from premises other than bank dealing rooms. All deals of this kind must be properly authorised and confirmed.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-2: Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

- (l) A bank dealer shall not apply unfair pressure upon a broker to pass information which it would be improper for the broker to pass. Unfair pressure would for example include a statement made in any form that a failure to co-operate would lead to reduction in the business given by the principal or by other principals to the broker.
- (m) A principal should not place an order with a broker solely with the intention of finding out the name of a counterparty, who can be contacted directly with a view to concluding further deals.
- (n) Management of banks and brokers should lay down clear directions to staff on the extent to which dealing in foreign exchange or deposit for personal account is permitted. Any such dealing must be strictly controlled.
- (o) Care should be taken over the positioning of 2-way loudspeakers in dealing rooms.
- (p) Brokers and dealers should inform each other if conversations are being recorded. The use of such equipment is encouraged as a sensible means of enabling any subsequent disputes and differences to be settled.

CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

BC-2.4 Passing of details

BC_2.4.1

The passing and recording of details form an essential part of the transaction and the possibility of errors and misunderstanding is increased by delay and by the passing of details in batches. Brokers should pass details verbally, and principals be prepared to receive them, normally within a few minutes after deals have been concluded.

BC-2.4.2

When arranging and passing details on forward contracts in foreign exchange, banks and brokers must ensure that the rate applied to the spot end of the transaction bears a close relationship to the spot rate at the time the deal was concluded.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

BC-2.5 Confirmations

BC-2.5.1

Written confirmation by a broker is the final check on the details of the transaction. The handling of confirmations must take account of the desire of brokers to have a realistic time-limit placed on their liability for differences. There is an obligation on recipients to check such confirmations. Initial confirmations should be sent out by telex without delay, and at the latest by close of business on the same working day. They should be followed up by written confirmation, normally hand-delivered and receipted before close of business on the following working day.

BC-2.5.2

Banks must check all confirmations carefully upon receipt so that discrepancies shall be quickly revealed and differences minimised. Principals shall also make enquiries of brokers about particular confirmations which have not been received within an appropriate time (as above) or about any changes in contract terms.

BC-2.5.3

In the case of deals where a bank pays against telex confirmation, the broker remains liable for differences until receipt of written confirmation is provided by the bank.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

BC-2.6 Differences and disputes

BC-2.6.1 The majority of differences payable by brokers arise from errors occurring in payment or repayment instructions. They also arise from a broker, having in good faith indicated a firm rate, being unable to substantiate his quotation.

BC-2.6.2 Any differences deemed payable by a broker to a bank (or by a bank to a broker) should be settled as soon as possible. The parties should provide each other with documents, setting out the exact details of and circumstances surrounding the deal.

BC-2.6.3 It is acknowledged that differences are sometimes paid by 'points'. The management of broking firms should always ensure that this practice is strictly controlled and monitored.

BC-2.6.4 All differences settled by direct payment should be advised in writing by the broker to the Director of Reserve Management, CBB, (copied to the Bank) indicating the amount paid and the other party's name. The CBB reserves the right to ask for further information at its discretion.

MODULE	BC:	Business and Market Conduct
CHAPTER	BC-2:	Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

BC-2.7 Conduct

BC-2.7.1 The CBB will regard any breaches of the rules stated below regarding gifts, favours, betting and entertainment unacceptable.

Gifts and favours

BC-2.7.2 No broker, including management, employees and other persons acting on their behalf, shall offer or give inducements to dealing room personnel of a bank. No gifts or favours whatsoever shall be so given unless the broker is satisfied that the person responsible for dealing operations in the bank concerned has been informed of the nature of the gift or favour.

BC-2.7.3 Employees of banks shall not solicit inducements from brokers, nor shall they receive unsolicited gifts or favours from brokers without informing the person responsible for dealing operations in the bank concerned of the nature of such gifts or favours.

Bets

BC-2.7.4 The making or arranging of bets between brokers and banks dealers is totally unacceptable.

Entertaining

BC-2.7.5 It shall be the responsibility of management in both banks and brokers to ensure that entertainment offered in the course of business does not exceed reasonable limits and does not infringe standards of propriety and decency.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-2: Code of conduct for bank dealers and foreign exchange and money brokers in the foreign currency and deposit markets

BC-2.8 Responsibility

BC-2.8.1 Brokers shall be responsible for ensuring that:

- (a) their principals understand fully the limitations of the brokers' responsibilities for business and market conducted;
- (b) all their principals understand that they are required to conform, where appropriate, to the Code of Conduct;
- (c) their staff carrying out transactions on behalf of principals are adequately trained both in the practices of the market-place and in the firm's responsibilities to principals; and
- (d) the CBB is notified of any changes in broking staff, in accordance with CBB requirements.

BC-2.8.2 Bankers shall be responsible for ensuring that:

- (a) their dealing staff are adequately trained and supervised in the practices of the market (the requirement of this Code of Conduct should be fully understood by all staff involved in foreign exchange and currency deposit operations);
- (b) the CBB is notified of any changes in dealing staff, in accordance with CBB requirements;
- (c) their staff understand that the ultimate responsibility for assessing the creditworthiness of a borrower or lender lies with the bank and not the broker;
- (d) brokerage is normally payable at the end of the month in which the money passes, or otherwise by special arrangement; and
- (e) there is no pressure on brokers to reduce charges below the approved minimum rates.

BC-2.9 Market regulations – Foreign exchange

Currencies

BC-2.9.1

A broker will, in response to an enquiry from any bank, make known the currencies which it elects to quote and to make a service in.

BC-2.9.2

Each broker shall provide, on request by a bank taking a service, general market information on all currencies handled (whether for the time being active or not) by that broker.

Brokerage

BC-2.9.3

Brokers shall comply with the minimum scales of brokerage charges (see Section BC-4.6) agreed in consultation with the Bankers' Society Council from time to time, or laid down by the CBB.

In cases where there is no established minimum scale of brokerage charges, no deals shall be transacted until a rate has been agreed. Rates of brokerage in these cases should be agreed in advance, and only by Directors or senior managers on each side, and in no event by the dealers themselves.

BC-2.9.4

Put-through deals may be net of brokerage.

BC-2.9.5

Brokerage should be expressed in US dollars.

Brokerage

BC-2.10.1 Brokers shall comply with the minimum scales of brokerage charges (see Section BC-4.6) agreed in consultation with the Bankers' Society Council from time to time, or laid down by the CBB. In cases where there is no established minimum scale of brokerage charges, no deals shall be transacted until a rate has been agreed. Rates of brokerage in these cases should be agreed in advance, and only by Directors or senior managers on each side, and in no event by the dealers themselves.

BC-2.10.2 Calculation of brokerage on all currency deposits shall be worked out on a 360-day year, or a 365-day year, according to normally accepted market practice. For example, Sterling and Kuwaiti Dinars are on a 365-day year basis, and US dollars and Saudi Riyals are on a 360-day year basis.

Brokers' confirmations and statements should express brokerage in US dollars.

BC-2.10.3 In a forward-forward deposit (e.g. one month against six months) the brokerage to be charged shall be on the actual intervening period (i.e. in the above example - five months).

BC-2.10.4 Put-through deals may be net of brokerage.

BC-2.11 Market discipline

BC-2.11.1 As part of its responsibility for supervising the conduct of brokers and dealers in the foreign exchange and currency markets, the Central Bank may, at its discretion:

- (a) investigate any complains concerning the conduct of brokers and dealers;
- (b) investigate possible breaches of this Code by brokers and banks; and/or
- (c) take such further action as it considers appropriate, in the light of all the relevant facts.

BC-2.12 Adjustment of value dates in case of unexpected banking closing dates

BC-2.12.1 Spot transactions and outrights:

- (a) *Original agreed upon value date for identical currency sold and purchased:* extension of value date to next possible value date for both currencies.
- (b) *Original agreed upon value date for non-identical currency sold and purchased (for instance, Friday for US Dollars and Saturday for Gulf Currencies):* as unexpected banking closing days for non-Middle Eastern currencies are unlikely - value of non-Gulf currencies unchanged and value of Gulf currency on the next working day, adjusting spot or outright rate taking into account interest rate difference between the two currencies.

For pure outrights it would be advisable to adapt the same system as for swaps; however, implied swap difference is not visible or identical for both parties.

- It can be assumed that, if the above rule would cause substantial losses for one party, dealers will re-negotiate a new rate, on a case-by case basis; if no agreement can be reached, the CBB, - as final Arbitrator - will fix the interest rates, prevailing at that time, which will be used to calculate the points difference, with which the outright rate will be adjusted.

It is possible that payment instructions for counter-currency are already sent out and cannot be cancelled; in that case the paying party should be entitled to the proceeds of the unexpected use of funds by the receiving party.

Deposits:

- (a) *Maturing on unexpected closing day(s):* Extending deposit to next possible value date; interest to be calculated in the extended period at original agreed upon interest rate.

CHAPTER	BC-8: Dishonoured cheques

BC-5.1 Penalty system for dishonoured cheques

BC-5.1.1

The purpose of the contents of this Section is to set out regulations relating to the system of penalising any person, whether natural or corporate in form, (referred to as a 'customer' in this Chapter) whose cheque is

- (a) presented for payment, but is returned due to insufficient funds being available on his current account, where,
- (b) in the opinion of the bank on whom the cheque is drawn, such cheque has been issued by the customer in bad faith.

Cheques falling within this system are referred to as 'dishonoured cheques'. Due regard must be given by retail bank to the general provisions of Bahrain Law regarding joint accounts, partnership accounts and accounts in the name of corporate entities, as well as to the customer mandate in each case, to determine how such accounts may be dealt with for purposes of the Regulation in this Chapter.

Procedures to be followed

BC-5.1.2

On each occasion that a retail bank becomes aware of a dishonoured cheque of one of its customers, that retail bank will send a written warning to the relevant customer informing him/her of the existence of the dishonoured cheque, requesting him/her to immediately make good the insufficiency in his current account in order to clear the cheque. This written warning will also inform the customer of the provisions of this system with regard to dishonoured cheques and abusers of cheques.

BC-5.1.3

On the first working day of each calendar month, each retail bank should provide to the Central Bank a list of the names, supported with I.D. numbers (CPR or CR numbers (as applicable) for Bahrain residents, Passport or CR-equivalent numbers (as applicable) for non-Bahrain residents) of those customers to whom one (or more) written warning(s) has been sent in accordance with Paragraph BC-5.1.2 above during the immediately preceding calendar month. This list should specify the number of written warnings relating to dishonoured cheques for each customer of the relevant retail bank for the month in question and shall be in the form set out in Appendix BC-1. Retail banks will be responsible for ensuring the accuracy of all details on their respective lists.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-5: Dishonoured cheques

BC-5.1.4

Using the lists referred to in Paragraph BC-5.1.3 above, the Central Bank will prepare a further list (the 'Control List') of those customers to whom two or more written warnings were sent by any one or more retail bank at any time within a maximum period of three consecutive calendar months. The Control List, which will be in the form set out in Appendix BC-2, will specify the name and I.D. numbers of each such customer, the total number of dishonoured cheques for that customer included in the lists referred to in Paragraph BC-5.1.3 above, the name of the relevant retail bank(s) on whose list(s) the customer's name has been included, and other relevant details for retail banks' information and checking in accordance with Paragraph BC-5.1.5 below. Any customer to whom more than two written warnings relating to dishonoured cheques were sent by any one or more retail bank at any time within a maximum period of three consecutive calendar months will be automatically deemed an abuser of cheques for the purposes of Paragraph BC-5.1.7 below.

BC-5.1.5

On the second working day of each calendar month, the Central Bank will circulate a draft copy of the Control List to retail banks. Retail banks will be requested to check the accuracy of the Control List by reference to the information they have sent to the Central Bank in accordance with Paragraph BC-5.1.3 above, and to notify the Central Bank within a maximum period of one week of receiving the list of any inaccuracies on the Control List. The Control List, as amended if appropriate, will be circulated to the retail banks by the Central Bank on the second working day after it receives all responses from the retail banks. Retail banks will be required to monitor the customers on this Control List to establish whether any one or more of them issued another dishonoured cheque in the instant calendar month. Any retail bank becoming aware of a dishonoured cheque of one or more of its customers on the Control List during this month should notify the Central Bank of this fact, using the relevant Section in Appendix BC-1, on the first working day of each calendar month.

BC-5.1.6

If the Central Bank does not receive any notification as contemplated in Paragraph BC-5.1.5 above for a particular customer on the Control List, that customer's name shall be withdrawn from the next issue of the Control List. However, the Central Bank will monitor the names of customers appearing on the Control List during the three consecutive calendar months falling immediately after the calendar month in which a customer's name is taken off the Control List. If any such customer's name is again reported to the Central Bank pursuant to Paragraph BC-5.1.3 above at any time during this three month period,

- (a) his name will be returned to the Control List on the date of its next issue if there is only one dishonoured cheque reported in this context, or
- (b) he will be automatically deemed an abuser of cheques for the purposes of Paragraph BC-5.1.7 below if there is more than one dishonoured cheque reported in this context.

If, however, his name is not reported to the Central Bank in this regard, the Central Bank will cease its monitoring thereof.

BC-5.1.7

If the Central Bank does receive notification as contemplated in Paragraph BC-5.1.5 above for a particular customer on the Control List, or if a customer is deemed to be an abuser of cheques within Paragraph BC-5.1.4 or Paragraph BC-5.1.6 above, such customer (herein referred to as an ‘abuser of cheques’) will be penalised as follows. Using Appendix BC-3, on the second working day of the calendar month following the receipt of the information referred to above, the Central Bank will circulate a draft list to retail banks. Retail banks will be requested to check the accuracy of this list by reference to the information they have sent to the Central Bank in accordance with Paragraph BC-5.1.5 above, and to notify the Central Bank within a maximum period of one week of receiving the list of any inaccuracies on that list. The list, as amended if appropriate, will be circulated to retail banks by the Central Bank on the second working day after it receives all responses from retail banks, and will direct the retail bank(s) which has/have reported an abuser of cheques to withdraw all cheque books held by that abuser of cheques, and to close such person's current account(s) by transferring any balances therein to saving and/or any other accounts held with that/those retail bank(s). Furthermore, those retail bank(s) will be required not to provide current account facilities to that abuser of cheques for the twelve calendar month period immediately following the date of issue of the relevant list. All other retail banks should, within a maximum period of one month after the issue of the relevant list, also withdraw current account facilities from that abuser of cheques for the same twelve calendar month period. Retail banks will be entitled to recover any amounts due to them from abusers of cheques as a result of compliance with this system by availing of their set-off rights under Bahrain Law.

BC-5.1.8

On Appendix BC-4, the Central Bank will notify retail banks of those abusers of cheques in respect of whom the twelve calendar month period referred to in Paragraph BC-5.1.7 above has ended, and to whom retail banks may reinstate/offer current account facilities at their discretion.

BC-5.1.9

Nothing in this Regulation shall prejudice the rights of banks against customers otherwise existing under Bahrain Law and/or under any particular bank/customer agreement. Furthermore, retail banks will be entitled to the same immunity from prosecution as the Central Bank for any harm suffered, or alleged to be suffered, by customers as a result of retail banks complying with the Regulation in this Chapter.

BC-5.2 General guidance on administration of dishonoured cheques

BC-5.2.1 Retail banks which wish to issue cheque guarantee cards for an amount not exceeding BD 200 may do so - subject to informing the Director of Banking Services at the Central Bank of their intention and the arrangements governing the issue of such cards.

BC-5.2.2 Retail banks, generally, should take steps to extend their administrative supervision and control over current account customers (in particular those who are in repeated breach of normally-accepted behaviour), and to stress to account holders the need for an appropriate level of discipline in the usage of cheques.

BC-5.2.3 Retail banks should exercise greater vigilance over borrowers, especially in the area of consumer finance, where such borrowers maintain their current accounts at a bank or banks other than at the lending bank.

BC-5.2.4 The Central Bank will monitor the incidence of returned cheques on a monthly basis (as stipulated in Section BC-5.1) in order to determine the extent to which such incidence is being reduced or otherwise.

CHAPTER	BC-8: Automated Teller Machine (ATM)

BC-6.1 Installation of an off-site ATM in Bahrain

BC-6.1.1 The purpose of the content of this Section is to set out the criteria to be followed by banks for the installation and usage of off-site ATMs in the Kingdom of Bahrain.

BC-6.1.2 Applications for the installation of off-site ATMs should be sent in writing, and in accordance with the requirements set out in Paragraphs BC-6.1.3 to Paragraphs BC-6.1.10, to the Executive Director of Banking Supervision at the Central Bank.

General criteria

BC-6.1.3 Subject to the prior written approval of the Central Bank, off-site ATMs may be owned individually or jointly by licensed retail bank licensees which are members of the BENEFIT Switch. Each relevant owning retail bank must already have linked its bank's ATM capability to the BENEFIT Switch prior to requesting the CBB's permission to install an off-site ATM and, furthermore, must conform to the general standards set by the Benefit company.

BC-6.1.4 Subject to the prior written approval of the Central Bank, off-site ATMs may, at each relevant owning retail bank's discretion, be fully functioning or operate as cash dispensers only. In addition, off-site ATMs may, at each relevant owning retail bank's discretion (and subject to the prior written approval of the Central Bank), be 'walk-up' or 'drive-in' machines.

BC-6.1.5 Owning retail banks will bear full legal responsibility for their respective off-site ATMs, as well as all costs associated with such ATMs (including, but not limited to, cash replenishment, installation, security etc.).

MODULE	BC: Business and Market Conduct
CHAPTER	BC-6: Automated Teller Machine (ATM)

BC-6.1.6

Retail banks wishing to install an off-site ATM must submit an application (in writing) for the CBB's approval. A copy of the written permission (for installation of that off-site ATM) of the legal owner of the proposed location must be provided to the Central Bank, as well as a copy of the written permission of any other relevant authorities in this context (i.e. the Ministry of Interior).

BC-6.1.7

Applications will generally be considered on a 'first come, first served' basis for a particular location. If more than one application is received to install an off-site ATM in the same location, the number of such applications which are approved will depend upon whether the location appears to the Central Bank to be capable of sustaining multiple off-site ATMs (subject, in addition, to the exact details of each individual application regarding security etc. being acceptable to the Central Bank).

BC-6.1.8

Each application will be assessed on its individual merits, and at the Central Bank's discretion, taking into account factors which the Central Bank considers relevant including, but not limited to:

- (a) the suitability of the location in question,
- (b) the level of overall activities of the applicant in the market as well as the size and make-up of its customer base, and
- (c) the type and range of facilities which the applicant proposes offering through the off-site ATM at the location in question.

BC-6.1.9

In addition to the information required by the Central Bank under Paragraph BC-6.1.6, the Central Bank may require further information/clarification to be provided to it before it takes a decision regarding the application. The Central Bank's decision in this regard will be notified to each relevant applicant retail bank in writing and will be final.

BC-6.1.10

The Central Bank may, at its discretion, require an off-site ATM to be closed at any time. In addition, an owning retail bank may request the Central Bank in writing for permission to close any of its off-site ATMs.

BC-6.2.2 The limits in this Section do not apply to ATM service charges on local ATM networks.

BC-6.2.3 The Central Bank requires that the charges on such customer withdrawals and other ATM services should not exceed BD 1 (one Bahrain Dinar) per transaction.

CHAPTER	BC-8: Mudaraba contracts

BC-7.1 Minimum terms and conditions

BC-7.1.1 As part of its on-going supervision of Islamic banks, the Central Bank has set out in Appendix BC-7 details of the type of terms and conditions which it believes Islamic banks should include, as a minimum, in such Mudaraba contracts.

BC-7.1.2 All such Mudaraba contracts entered into by a bank (whether new or renewed contracts) should meet the standards referred to under Paragraph BC-7.1.1.

BC-7.1.3 Banks must have a policy statement as to the policies and procedures in place to safeguard the interest of the PSIA holders. The statement must, as a minimum, cover the following areas:

- (a) Basis for allocation of profit or loss to the PSIA;
- (b) Policy for making provisions and reserves against assets and equity for PSIA (refer to FAS 11, issued by AAOIFI, for recognition and measurement of provisions and reserves) and to whom these provisions and reserves revert to in case of write-back or recovery;
- (c) Policy on the priority for investment of own funds and those of unrestricted investment account holders; and

BC-8.1.2 Investors purchasing securities (as defined from time to time by the Bahrain Stock Exchange ('BSE') listed on the BSE may pay for them under the Margin Trading System ('The System') by borrowing a portion of the purchase price from a participating bank. The System is subject to relevant provisions of the CBB Law, the BSE Law, any rules and regulations issued pursuant to such Laws and this Module. The System applies to equities in companies listed on the BSE. Unless restrictions apply under Bahrain law in this regard, the System shall be available to Bahraini or non-Bahraini investors, whether resident or non-resident in Bahrain.

BC-8.1.3 The main objective of introducing the System is to enhance the overall activity on the BSE, allowing investors to leverage their investments, in a controlled manner.

General criteria

BC-8.1.4 Only retail banks will be permitted as participating banks for the System. Participating banks must each receive the prior general written approval of the CBB in order to take part in the System. The CBB will notify the BSE of the identity of participating banks. The CBB's approval may be withdrawn at its discretion.

BC-8.2.3 The amount of the margin facility made to an investor under the System shall be included as an exposure to that customer, and contribute towards the large exposures limit and the consumer finance limit for that person.

BC-8.2.4 The total amount of financing granted by an individual participating bank to all investors under the System shall not, at any time exceed 15% of that participating bank's capital base, such percentage to be reviewed by the CBB at its discretion from time to time.

Participating banks must check with the CRB on the amount of facility limits outstanding under the System at any time to a particular investor.

Owner of the Securities bought using the System

BC-8.2.8 For ease of transfer and sale of the securities in the event that a margin is called by the participating bank but not met by the investor, the securities will be registered in the participating bank's name (for the account of the investor) and held by a custodian.

BC-8.2.9 Under Paragraph BC-8.2.8 above; (a) the securities should not be considered as part of the bank's own assets for the purposes of determining ownership/control under Bahrain law, and (b) if the investor has discharged his obligations to the participating bank under the System and the securities have not been sold, the securities shall be transferred into the legal ownership of the investor.

Margin Percentage

BC-8.2.10 For equities listed on the BSE, an investor shall have the right to borrow a loan the value of which shall not exceed 50% of the total value of the funds being invested (i.e. 1:1). The CBB and the BSE shall coordinate in making any change to the margin percentages set for the System.

Margin Call Top-up

BC-8.2.11 The margin call top-up shall be 30% of the total value of the funds invested by an investor through a margin account with a participating bank. An investor shall settle a margin call on the settlement date (as determined by the BSE) by making a cash payment of such amount to the participating bank. Such cash payment may, at the investor's discretion and in whole or part, come from the sale of the securities bought through the System, or otherwise. Failure to meet such margin call will, however, give the participating bank the right to sell the securities bought through the System.

BC-9.1.3 Locally incorporated Islamic bank licensees must ensure that their branches and subsidiaries operating in foreign jurisdictions comply, at a minimum, with local conduct of business standards and regulatory requirements (where applicable).

BC-9.1.4 For branches of foreign banks located in Bahrain, these requirements only apply to the business and customers of the Bahrain branch.

BC-9.1.5 CBB encourages their locally incorporated Islamic bank licensees to apply – with respect to their overseas branches and subsidiaries - conduct of business standards at least equivalent to those set out in this Module. Where this is not the case, then CBB will consider any potential risk to the Islamic bank licensee that may arise through adverse reputational or other consequences.

BC-9.2 General Rules

BC-9.2.1 This Module applies to the regulated banking services listed in LR-1.3.1 (f to j) of all Islamic bank licensees.

BC-9.2.2 This Module aims to encourage high standards of business conduct, which are broadly applicable to all Islamic bank licensees, all regulated banking services referred to in BC-9.2.1, and all types of customers. The CBB, nevertheless, recognises that customers' level of sophistication and understanding of risks underlying financial instruments vary. Accordingly, the level of safeguards provided for in the business conduct requirements for retail customers, for instance, are different from those for accredited investors.

BC-9.2.3 This Chapter comprises a number of overarching principles of business conduct, with respect to the conduct of regulated banking services by Islamic bank licensees; these cover the various stages of the life of a customer relationship.

BC-9.2.4 Islamic bank licensees must maintain adequate records to demonstrate compliance with the Investment Business Code of Practice requirements in this Chapter.

BC-9.2.5 The CBB will monitor compliance with this Chapter. If required, the CBB may develop more detailed rules and guidance to supplement the existing requirements.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.3 Overarching Principles

BC-9.3.1

In the course of offering regulated banking services listed in BC-9.2.1, licensees must:

- (a) Act with due skill, care and diligence in all dealings with customers;
- (b) Act fairly and reasonably in all dealings with customers;
- (c) Identify customers' specific requirements in relation to the products and services about which they are enquiring;
- (d) Ensure that any advice to customers is aimed at the customers' interests and based on adequate standards of research and analysis;
- (e) Provide sufficient information to enable customers to make informed decisions when purchasing investment products and services offered to them;
- (f) Provide sufficient and timely documentation to customers to confirm that their investment arrangements are in place and provide all necessary information about their products, rights and responsibilities;
- (g) Maintain fair treatment of customers through the lifetime of the customer relationships, and ensure that customers are kept informed of important events;
- (h) Ensure complaints from customers are dealt with fairly and promptly;
- (i) Ensure that all information provided to customers is clear, fair and not misleading, and appropriate to customers' information needs; and
- (j) Take appropriate measures to safeguard any money and property handled on behalf of customers and maintain confidentiality of customer information.

BC-9.3.2

The Rules contained in Chapter BC-9 are largely principles-based and focus on desired outcomes rather than on prescribing detailed measures to achieve those outcomes. This gives Islamic bank licensees flexibility in how to implement the basic standards prescribed in this Module.

CHAPTER	BC-9: Investment Business Activities

BC-9.4 Customer Classification

BC-9.4.1

An Islamic bank licensee must classify the persons with or for whom it intends to carry on regulated banking services listed in BC-9.2.1, in accordance with the requirements in this Section, and communicates its classification to the person concerned. The customer must be notified of his/her customer classification before any documentation is finalised or regulated banking services or products listed in BC-9.2.1 are offered.

BC-9.4.2

The purpose of the classification is to ensure that Islamic bank licensees' customers are appropriately categorised so that regulatory protections are focused on those classes of customer that need them most. The following wording may be used for customer notification of status. 'According to the Central Bank of Bahrain Rulebook, we are required to notify all customers of their status for the purpose of investment business and certain regulated banking services. For the purpose of this relationship, you are classified as an accredited investor/retail customer.'

BC-9.4.3

Before conducting regulated banking services listed in BC-9.2.1 with or for any person, an Islamic bank licensee must take reasonable steps to obtain appropriate information to establish whether that person is an accredited investor or a retail customer.

BC-9.4.4

The treatment of an Islamic bank licensee's customers must be in accordance with the classification it has established for the purpose of Rule BC-9.4.3.

BC-9.4.5

Where specific rules do not exist for a particular class of customers, the CBB requires appropriate treatment in accordance with the overarching principles set forth in section BC-9.3.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.4 Customer Classification (Continued)

Accredited investors

BC-9.4.6 For the purpose of Rule BC 9.4.3, an accredited investor includes:

- (a) Individuals holding financial assets (either singly or jointly with their spouse) of USD 1,000,000 or more;
- (b) Companies, partnerships, trusts or other commercial undertakings, which have financial assets available for investment of not less than USD 1,000,000; or
- (c) Governments, supranational organisations, central banks or other national monetary authorities, and state organisations whose main activity is to invest in financial instruments (such as state pension funds).

BC-9.4.7 Islamic bank licensees must notify a customer in writing, that he is being classified as an accredited investor and provide a written warning that he will not benefit from the specific protections afforded to other categories of customers provided for in Chapter BC-9 (Business Conduct).

BC-9.4.8 Persons classified as accredited investors under Rule BC-9.4.6 may, however, request treatment as retail customers where the concerned product is a listed security or is retail in nature, in which case Islamic bank licensees must agree to treat them as retail customers.

BC-9.4.9 A retail customer, as defined in Rule BC-9.4.11, may voluntarily elect to be treated as an accredited investor. In this instance the Islamic bank licensee must obtain a signed declaration to that effect prior to any provision of regulated banking services.

Retail Customer

BC-9.4.10 For the purposes of Rule BC-9.4.3 a retail customer means a customer who is not classified as an accredited investor under Rules BC-9.4.6.

Records

BC-9.4.11 An Islamic bank licensee must make a record of the classification established for each customer, including sufficient information to support such classification.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.5 Marketing and Promotion

BC-9.5.1 The requirements of this section apply to product specific or service specific material and not to general brand awareness promotional material.

BC-9.5.2

Islamic bank licensees must ensure that all advertising and promotional material for specific products that is sent to any class of customer is fair, clear and not misleading.

BC-9.5.3 With respect to retail customers, in ensuring that the description of the product or the service in the promotional material is fair, clear and not misleading, the Islamic bank licensee should, among other precautionary measures, ensure that:

- a) The purpose, and to the extent practicable, the content, of the information or communication are likely to be understood by the average member of the group to whom the communication is addressed;
- b) Key items contained in the information are given due prominence;
- c) The method of presentation in the information does not disguise, diminish, or obscure important risks, warnings or information; and
- d) The communication does not omit information that is material to ensure it is fair, clear and not misleading.

BC-9.5.4 In ensuring that the description of the product or the service in the promotional material is fair, the Islamic bank licensee should avoid exaggerating the potential benefits of the investment service or financial instrument in any communication with a retail customer or potential retail customer.

BC-9.5.5 In ensuring that the description of the product or the service in relation to promotional material directed at retail customers is adequate, the Islamic bank licensee should: ensure that the promotional material contains a balanced description of the main characteristics of the financial instrument and/or service state it relates, including the nature of the financial commitment and risks involved; whether or not the financial instruments involved are illiquid, and traded in a recognised exchange or market; the existence or absence of any right of withdrawal or cancellation and, where such a right exists, its duration and the conditions for exercising it, including information on any amount that the retail customer may be required to pay to exercise that right; and state if the communication relates to a financial instrument or service of a person other than the Islamic bank licensee, the name of the person.

BC-9.5.6

Islamic bank licensees must ensure that the accuracy of all material statements of fact in promotional materials is supported by adequate evidence.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.5 Marketing and Promotion (Continued)

BC-9.5.7 Islamic bank licensees must not, in any form of communication with an individual customer or any class of customer, unreasonably attempt to limit or avoid any duty or liability it may have to that individual customer or class of customer in relation to regulated banking services, unless otherwise agreed in writing by both parties.

BC-9.5.8 An example of an unreasonable attempt to limit liability is where a financial product is given protection or compensation status in its home country and such status is not given by the Bahrain Bank (or branch) to its customers.

BC-9.5.9 Islamic bank licensees that underwrite or market public offerings must ensure that their promotional material complies with the relevant capital markets disclosure standards of the CBB.

BC-9.5.10 Capital markets disclosure standards are currently contained in the Disclosure Standards Regulation of 3 December 2003.

Content of Promotions

BC-9.5.11 Before an Islamic bank licensee communicates any promotional material on a specific product or service to a customer or a potential customer it must ensure that the promotional material at the very least contains the information laid out in Paragraph BC-9.13.1.

BC-9.5.12 Islamic bank licensees must not make use of the name of the CBB in any promotion in such a way that would indicate endorsement or approval of its products or services.

Records

BC-9.5.13 Islamic bank licensees must maintain a record of all promotional materials issued by them or on their behalf.

Real Time Promotions

BC-9.5.14 Islamic bank licensees must not make a real time promotion to retail customers unless the concerned customer has been notified of the fact in advance and has agreed in writing to receive real time promotions.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.5 Marketing and Promotion (Continued)

BC-9.5.15 For the purposes of Paragraph BC-9.5.14, a real time promotion is a promotion made in the course of a personal visit, telephone conversation or other interactive dialogue.

BC-9.5.16 Consent to receive real time promotions could be, for instance, at the time of the initial customer profiling, by means of signing a form clearly indicating such consent.

BC-9.5.17

A representative of the Islamic bank licensee must, on making contact for the first time with a customer, and again at any time when asked to do so by the customer:

- (a) Identify himself as being a representative of the Islamic bank licensee;
- (b) State the name of the Islamic bank licensee; and
- (c) Present the customer with a business card on meeting that customer, unless he has given him such a card at a previous meeting. The business card must include a statement of the Islamic bank licensee's legal status.

BC-9.5.18 For the purposes of Rule BC-9.5.17(c), the statement on the business card should make clear the licensing status of the Islamic bank licensee; however it should not lead the customer to believe that the product being offered has been approved by the CBB. The suggested wording for the statement of legal status is as follows: "Licensed as an Islamic retail/wholesale bank by the CBB".

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.5 Marketing and Promotion (Continued)

BC-9.5.19

In oral communications with a retail customer, whether in person or by telephone, the representative of the Islamic bank licensee must:

- (i) Conduct himself in a polite manner and respect the wishes of the customer;
- (ii) State the genuine purpose of the call at the commencement of the conversation;
- (iii) Ascertain whether or not the customer wishes him to proceed with the conversation if the time of the conversation was not previously agreed by the customer;
- (iv) Explain clearly the financial instruments or other services which he is authorised to arrange;
- (v) Recognise and respect the right of the customer to terminate the call at any time; and
- (vi) If he requests another appointment and the customer refuses, shall accept that refusal courteously and in such a manner as to cause no embarrassment to the customer.

Records

BC-9.5.20

Islamic bank licensees must keep sufficient records of real time promotions made by them, or on their behalf by other persons, for CBB's supervision purposes.

BC-9.5.21

These records should include evidence that customers have been notified in advance and agreed to receive real time promotions, as required under Rule BC-9.5.14.

BC-9.6 Accepting Customers

Applicability

BC-9.6.1 This Section applies to retail customers only.

Terms of Business

BC-9.6.2 Islamic bank licensees must provide their retail customers with their terms of business, setting out the basis on which the regulated banking services are to be conducted (see also BC-9.9.13).

BC-9.6.3 The terms of business in relation to providing regulated banking services as defined in BC-9.2.1 to a retail customer must take the form of a customer agreement.

BC-9.6.4 The terms of business must include the rights and obligations of parties to the agreement, as well as other terms relevant to the regulated banking services. The terms of business must include, but are not limited to, the items included in Paragraph BC-9.13.2.

BC-9.6.5 An application form in relation to regulated banking services will be deemed to be a customer agreement, provided the form includes the principal terms and conditions of the service, such that the customer is provided sufficient information to allow him to understand the basis on which the service is to be conducted.

BC-9.6.6 The customer agreement must be provided in good time prior to providing the regulated banking service.

BC-9.6.7 For the purposes of Rule BC-9.6.6, “good time” should be taken to mean sufficient time to enable the customer to consider properly the service or financial instrument on offer before he is bound.

Customer Understanding and Acknowledgement

BC-9.6.8 Islamic bank licensees must not enter into a customer agreement unless they have taken reasonable care to ensure that their retail customer has had a proper opportunity to consider the terms.

BC-9.6.9 Islamic bank licensees must obtain their retail customer's consent to the terms of the customer agreement as evidenced by a signature or an equivalent mechanism.

BC-9.6 Accepting Customers (Continued)

BC-9.6.10 The equivalent mechanism refers to instances where a customer may have signed a mandate letter or other document accompanying the terms of the customer agreement.

BC-9.6.11 The customer agreement must contain the signatures of both parties to the agreement. If the agreement is signed by only the customer (in case it is in the form of an application), copies of the signed agreement must be provided by the Islamic bank licensee to the customer.

Records

BC-9.6.12 Islamic bank licensees must keep sufficient records of customer agreements and any documents referred to in the customer agreement as soon as the agreement comes into force, for CBB's supervision purposes.

BC-9.6.13 Detailed record-keeping requirements are contained in Module GR (General Requirements) and Module FC (Financial Crime).

BC-9.7 Suitability

Applicability

BC-9.7.1 This Section applies to retail customers only.

Information and communication

BC-9.7.2 Islamic bank licensees must seek information from their retail customers (and potential retail customers about their needs, circumstances and investment objectives (including their risk appetite), relevant to the services to be provided.

BC-9.7.3 For the purposes of Rule BC-9.7.2, the Islamic bank licensee, when providing the regulated investment services, should ask the customer or potential customer to provide information regarding his knowledge and experience in the investment field relevant to the specific type of financial instrument or service offered or demanded so as to enable the licensee to assess whether the financial instrument or service is appropriate to the customer. The evaluation of the customer's needs, circumstances and investment objectives (including risk appetite) can be done through a structured questionnaire.

BC-9.7.4 For the purposes of satisfying the requirement under Rule BC-9.7.2, Islamic bank licensees must ensure that the information and facts they hold about their customers are accurate, complete and up to date.

BC-9.7.5 Where an Islamic bank licensee is managing financial instruments for a customer, it must periodically assess whether the customer's portfolio or account remains suitable over the lifetime of the customer relationship and advise the customer if it is no longer suitable.

BC-9.7.6 Where an Islamic bank licensee has pooled a customer's assets with those of others, with a view to taking common discretionary management decisions, the Islamic bank licensee must take reasonable steps to ensure that the transaction is suitable for the related customers having regard to their stated investment objectives.

Records

BC-9.7.7 Islamic bank licensees must keep a record of each recommendation made to retail customers, and be able to demonstrate to the CBB compliance with this Section.

BC-9.8.10 In relation to a transaction in a financial instrument that is not readily realisable, Islamic bank licensees must:

- a) Warn the retail customer that there is a restricted market for such financial instruments, and that it may therefore be difficult to deal in the financial instrument or to obtain reliable information about its value; and

CHAPTER	BC-9: Investment Business Activities

BC-9.8 Disclosure of Information (Continued)

- b) Disclose any position knowingly held by the Islamic bank licensee or any of its associates in the financial instrument or in a related financial instrument.

BC-9.8.11

The risk warning given to a retail customer or potential retail customer must be given due prominence in all related materials and must not be concealed or masked in any way by the wording, design or format of the information provided.

BC-9.8.12

Risk warnings provided to a retail customer or potential retail customer about warrants or derivatives must make clear that the instrument can be subject to sudden and sharp falls in value. BC-9.9 Dealing and Managing

BC-9.9.1 Islamic bank licensees must apply the requirements contained in this Section to all customer categories.

Best and Timely Execution

BC-9.9.2 Islamic bank licensees must take all reasonable steps to obtain, when executing orders, the best possible result for customers taking into account price, costs, speed, likelihood of execution and settlement, and any other consideration relevant to the execution of the order (subject to BC-9.9.5 below).

BC-9.9.3 Islamic bank licensees must establish and implement effective arrangements for complying with Rule BC-9.9.2:

- Execution policies for each class of financial instrument;
- Maintenance of and disclosure to customers of information regarding execution venues and arrangements for disclosure to customers if orders are to be executed outside regulated markets;
- Monitoring of effectiveness of the order execution arrangements and execution policies in order to identify and, where appropriate, correct any deficiencies; and
- Maintenance of audit trails to demonstrate to their customers that orders were executed in accordance with the relevant execution policy.

BC-9.9.4 Islamic bank licensees are not required to provide best execution (as defined in BC-9.9.5 below) where they have agreed with the customer in writing that they will not provide best execution.

BC-9.9.5 In determining whether an Islamic bank licensee has taken reasonable care to provide the best overall price for a customer in accordance with Rules BC-9.9.2 to BC-9.9.4, the CBB will take into account whether an Islamic bank licensee has:

- Executed orders promptly and sequentially;
- Discounted any fees and charges previously disclosed to the customer;
- Disclosed the price at which an order is executed; and
- Taken into account the available range of price sources for the execution of its customers' transactions. In the case where the Islamic bank licensee has access to prices of different regulated financial markets or alternative trading systems, it must execute the transaction at the best overall price available having considered other relevant factors.

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.9 Dealing and Managing (Continued)

BC-9.9.6

Islamic bank licensees may only postpone the execution of a transaction if it is in the best interests of the customer, and the prior consent of the customer has been given, or when circumstances are beyond its control. The Islamic bank licensee must maintain a record of all postponements together with the reasons for the postponement.

BC-9.9.7

Factors relevant to whether the postponement of an existing customer order may be in the best interests of the customer include where:

- (a) The customer order is received outside of normal trading hours;
- (b) A foreseeable improvement in the level of liquidity in the financial instrument is likely to enhance the terms on which the Islamic bank licensee can execute the order; or
- (c) Executing the order as a series of partial executions over a period of time is likely to improve the terms on which the order as a whole is executed.

Non-market Price Transactions

BC-9.9.8

Islamic bank licensees must not enter into a non-market price transaction in any capacity, with or for a customer, if it has reasonable grounds to suspect that the customer is entering into the transaction for an illegal or improper purpose.

BC-9.9.9

For the purposes of Paragraph BC-9.9.8, a non-market price transaction is one where the price paid by the Islamic bank licensee, or its customer, differs from the prevailing market price. With respect to transactions in financial instruments traded on the Bahrain Stock Exchange, licensees are reminded that in Bahrain the law prohibits off-market transactions.

BC-9.9.10

For the purposes of Paragraph BC-9.9.8, examples of improper purposes for transactions include:

- (a) The perpetration of a fraud;
- (b) The disguising or concealment of the nature of a transaction or of profits, losses or cash flows;
- (c) Transactions which amount to market abuse;
- (d) High-risk transactions under the Anti Money Laundering Regulations; and
- (e) "Window dressing", in particular around the year end, to disguise the true financial position of the person concerned.

BC-9.9.11

Rule BC-9.9.8 does not apply to a non-market-price transaction if it is subject to the rules of a recognised investment exchange.

BC-9.9 Dealing and Managing (Continued)

Aggregation and Allocation

BC-9.9.12

Islamic bank licensees may only aggregate an order for a customer with an order for other customers, or with an order for its own account, where:

- (a) It is unlikely that the aggregation will disadvantage the customers whose orders have been aggregated; and
- (b) It has disclosed to each customer concerned in writing that it may aggregate orders, where these work to the customer's advantage.

BC-9.9.13

If an Islamic bank licensee has aggregated orders of customers, it must make a record of the intended basis of allocation and the identity of each customer before the order is effected (subject to the “best execution” provisions of paragraph BC-9.9.2).

BC-9.9.14

Where an allocation takes place, prices must not be marked up.

BC-9.9.15

Islamic bank licensees must have written policies on aggregation and allocation which are consistently applied; these must include the policy that will be adopted when only part of the aggregated order has been filled.

BC-9.9.16

Where an Islamic bank licensee has aggregated a customer order with an order for other customers or with an order for its own account, and part or all of the aggregated order has been filled, it must:

- (a) Promptly allocate the financial instruments concerned;
- (b) Allocate the financial instruments in accordance with its stated policy;
- (c) Ensure the allocation is done fairly and uniformly by not giving undue preference to itself or to any of those for whom it dealt;
- (d) Give priority to satisfying customer orders where the aggregation order combines a customer order and an own account order, if the aggregate total of all orders cannot be satisfied, unless it can demonstrate on reasonable grounds that without its own participation it would not have been able to execute those orders on such favourable terms, or at all; and
- (e) Make and maintain a record of:
 - (i) The date and time of the allocation;
 - (ii) The relevant financial instruments;
 - (iii) The identity of each customer concerned; and

CHAPTER	BC-9: Investment Business Activities

BC-9.9 Dealing and Managing (Continued)

- (iv) The amount allocated to each customer and to the Islamic bank licensee.

Excessive Dealing

BC-9.9.17

Islamic bank licensees must not advise any customer to transact with a frequency or in amounts that might result in those transactions being deemed excessive in light of historical volumes, market capitalisation, customer portfolio size and related factors. This Rule does not apply to customers classified as market counterparties.

Right to Realise a Retail Customer's Assets

BC-9.9.18

Islamic bank licensees must not realise a retail customer's assets, unless it is legally entitled to do so, and has either:

- (a) Set out in the terms of business:
- (i) The action it may take to realise any assets of the retail customer;
 - (ii) The circumstances in which it may do so;
 - (iii) The asset (if relevant) or type or class of asset over which it may exercise the right; or
- (b) Given the retail customer written or oral notice of its intention to exercise its rights before it does so.

Margin Requirements

BC-9.9.19

Before conducting a transaction with or for a retail customer, Islamic bank licensees must notify the customer of:

- (a) The circumstances in which the customer may be required to provide any margin;
- (b) The form in which the margin may be provided;
- (c) The steps the Islamic bank licensee may be required or entitled to take if the customer fails to provide the required margin, including:
- (i) The fact that the customer's failure to provide margin may lead to the Islamic bank licensee closing out his position after a time limit specified by the firm;

MODULE	BC: Business and Market Conduct
CHAPTER	BC-9: Investment Business Activities

BC-9.9 Dealing and Managing (Continued)

- (ii) The circumstances in which the Islamic bank licensee will have the right or duty to close out the customer's position; and
- (iii) The circumstances, other than failure to provide the required margin, that may lead to the Islamic bank licensee closing out the customer's position without prior reference to him.

BC-9.9.20

Islamic bank licensees must close out a retail customer's open position if that customer has failed to meet a margin call within a maximum of five business days following the date on which the obligation to meet the call accrues, unless:

- (i) The Islamic bank licensee has received confirmation from a relevant third party (such as a clearing firm) that the retail customer has given instructions to pay in full; or
- (ii) The Islamic bank licensee has taken reasonable care to establish that the delay is owing to circumstances beyond the retail customer's control.

BC-9.9.21 For the purposes of Rule BC-9.9.20, Islamic bank licensees may require the closing of a retail customer's open position in less than five business days, for their own risk management purposes.

BC-9.9.22 Islamic bank licensees must also follow the requirements of Section BC-7 concerning the operation of the margin trading system.

Programme Trading

BC-9.9.23

Before an Islamic bank licensee executes a programme trade, it must disclose to its customer whether it will be acting as a principal or agent. An Islamic bank licensee must not subsequently act in a different capacity from that which is disclosed without the prior consent of the customer.

BC-9.9.24 The term “programme trade” describes a single transaction or series of transactions executed for the purpose of acquiring or disposing of, for a customer, all or part of a portfolio or a large basket of financial instruments.

Islamic bank licensees must ensure that neither they, nor an associate, execute an own account transaction in any financial instrument included in a programme trade, unless they have notified the customer in advance that they may do this, or can otherwise demonstrate that they have provided fair treatment to the customer concerned.

Records

BC-9.9.26

BC-9.13 Appendix (Continued)

- BC-9.13.3 The minimum information that should be contained in a notice in relation to a warrant includes:
“A warrant is a time-limited right to subscribe for shares or debentures and is exercisable against the original issuer of the underlying securities. A relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile. It is essential for anyone who is considering purchasing warrants to understand that the right to subscribe which a warrant confers is invariably limited in time, with the consequence that if the investor fails to exercise this right within the predetermined time-scale then the investment becomes worthless. You should not buy a warrant unless you are prepared to sustain a total loss of the money you have invested plus any commission or other transaction charges.”
- BC-9.13.4 The minimum information that should be contained in a notice in relation to a futures transaction includes:
“Transactions in futures involve the obligation to make, or to take, delivery of the underlying asset of the contract at a future date, or in some cases to settle the position with cash. They carry a high degree of risk. The 'gearing' or 'leverage' often obtainable in futures trading means that a small deposit or down payment can lead to large losses as well as gains. It also means that a relatively small movement can lead to a proportionately much larger movement in the value of your investment, and this can work against you as well as for you. Futures transactions have a contingent liability, and you should be aware of the implications of this, in particular the margining requirements.”
- BC-9.13.5 The minimum information that should be contained in a notice in relation to a purchased option includes:
“Buying options: buying options involves less risk than selling options because, if the price of the underlying asset moves against you, you can simply allow the option to lapse. The maximum loss is limited to the premium, plus any commission or other transaction charges. However, if you buy a call option on a futures contract and you later exercise the option, you will acquire the future. This will expose you to the risks associated with 'futures' and 'contingent liability investment transactions'.”
- BC-9.13.6 The minimum information that should be contained in a notice in relation to a written option includes:
“Writing options: if you write an option, the risk involved is considerably greater than buying options. You may be liable for margin to maintain your position and a loss may be sustained well in excess of the premium received. By writing an option, you accept a legal obligation to purchase or sell the underlying asset if the option is exercised against you, however far the market price has moved away from the exercise price. If you already own the underlying asset which you have contracted to sell (when the options will be known as 'covered call options') the risk is reduced. If you do not own the underlying asset ('uncovered call options') the risk can be unlimited. Only experienced persons should contemplate writing uncovered options, and then only after securing full details of the applicable conditions and potential risk exposure.”
