CHAPTER	UG-A: Introduction

UG-A.1 Purpose

Executive Summary

UG-A.1.1 The Central Bank of Bahrain ('the CBB'), in its capacity as the regulatory and supervisory authority for all financial institutions in Bahrain, issues regulatory instruments that licensees and other specified persons are legally obliged to comply with. These regulatory instruments are contained in the CBB Rulebook. Much of the Rulebook's substantive content was previously issued by the Bahrain Monetary Agency ('the BMA'), and was carried forward when the CBB replaced the BMA in September 2006.

UG-A.1.2 The Rulebook is divided into 6 Volumes, covering different areas of financial services activity. These Volumes are being progressively issued. Volumes 1 and 2, covering conventional and Islamic bank licensees respectively, were issued in July 2004 and January 2005. This Volume (Volume 3), was issued in April 2005. Volume 4, covering investment business, was issued in April 2006. Finally Volumes 5 (covering specialised licensees), and Volume 6 (capital markets) will be issued at a later date.

UG-A.1.3 This User's Guide provides guidance on (i) the status and application of the Rulebook, with specific reference to Volume 3 (Insurance); (ii) the structure and design of the Rulebook; and (iii) its maintenance and version control.

UG-A.1.4 Volume 3 (Insurance) covers insurance licensees, i.e. those CBB licensees that solely undertake regulated insurance services. It contains prudential requirements (such as rules on minimum capital and risk management); and conduct of business requirements (such as rules on providing insurance services and the treatment of policyholders). Collectively, these requirements are aimed at ensuring the safety and soundness of the CBB, and providing an appropriate level of protection for policyholders.

Legal Basis

UG-A.1.5 This Module contains the CBB's Directive regarding the User's Guide for Volume 3 of the CBB Rulebook, and is issued under the powers available to the CBB under Article 38 of the **of the Central Bank of Bahrain and Financial Institutions Law 2006 ('CBB Law')**. The Directive in this Module is applicable to all insurance licensees (including their approved persons), and to registered actuaries and loss adjusters.

UG-A.1.6 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

CHAPTER	UG-A: Introduction

UG-A.2 Module History

UG-A.2.1 This Module was first issued in April 2005 by the BMA, together with the rest of Volume 3 (Insurance). Any material changes that have subsequently been made to this Module are annotated with the calendar date in which the change was made; Chapter UG-3 provides further details on Rulebook maintenance and version control.

UG-A.2.2 When the CBB replaced the BMA in September 2006, the provisions of this Module remained in force. Volume 3 was updated in January 2007 to reflect the switch to the CBB; however, new calendar quarter dates were only issued where the update necessitated changes to the actual requirements.

UG-A.2.3 A list of recent changes made to this Module is provided below:

Module Ref.	Change Date	Description of Changes
UG-A.1	01/2007	Updated to reflect new CBB Law, various references changed and new Rule A.1.6 introduced categorising this Module as a Directive.
UG-1.2	01/2007	New Rules UG-1.2.6 and UG-1.2.7 to reflect the CBB Law, other material reordered as a consequence.
UG-3.2.1	10/2007	Updated CBB policy re distribution of hard copies of Volumes of Rulebook.
Order Form	10/2007	Amended Order Form to reflect new policy re hard copy availability.

UG-A.2.4 Guidance on the implementation and transition to Volume 3 (Insurance) is given in Module ES (Executive Summary).

MODULE	UG: User's Guide
CHAPTER	UG-1: Rulebook Status and Application

UG-1.1 Legal Basis

UG-1.1.1 Volume 3 (Insurance) of the CBB Rulebook is issued by the CBB pursuant to the Central Bank of Bahrain and Financial Institutions Law 2006 ("CBB Law"). The CBB Law provides for two formal rulemaking instruments: Regulations (made pursuant to Article 37) and Directives (made pursuant to Article 38). Other articles in the CBB Law also prescribe various specific requirements (for example, requirements relating to licensing (Articles 44 to 49), or the notification and approval of controllers of licensees (Articles 52 to 56)).

UG-1.1.2 The Purpose Section of each Module specifies in all cases the rulemaking instrument(s) used to issue the content of the Module in question, and the legal basis underpinning the Module's requirements.

UG-1.1.3 The requirements for **representative offices** will be covered as part of Volume 5 (Specialised activities) of the Rulebook and will be issued **at a later date.**

CBB's Rulemaking Instruments

UG-1.1.4 Regulations are made pursuant to Article 37 of the CBB Law. These instruments have general application throughout the Kingdom and bind all persons ordinarily affected by Bahraini legislative measures (i.e. residents and/or Bahraini persons wherever situated).

UG-1.1.5 Because Regulations have wide general application, they are subject to two important safeguards: (i) the CBB is under a duty to consult with interested parties and to review their comments; and (ii) the finalised Regulations only become effective after they are published in the Official Gazette.

UG-1.1.6 Directives are made pursuant to Article 38 of the CBB Law. These instruments do not have general application in the Kingdom, but are rather addressed to specific licensees (or categories of licensees), approved persons or registered persons. Directives are binding to whom they are addressed.

UG-1.1.7 Unlike Regulations, there is no duty on the CBB to either consult with addressees or publicise a Directive by publishing it in the Official Gazette (save that an addressee must obviously have actual or constructive notice of a Directive). However, as a matter of general policy, the CBB also consults on Rulebook content issued by way of a Directive.

UG-1.1.8 All of the content of the CBB Rulebook has the legal status of at least a Directive, issued pursuant to Article 38 of the CBB Law. Certain of the requirements contained in the CBB Rulebook may also have the status of a Regulation, in which case they are also separately issued pursuant to Article 37 of the CBB Law and published in the Official Gazette. When this is the case, then the Rulebook cross-refers to the Regulation in question and specifies the requirements concerned.

CHAPTER	UG-1: Rulebook Status and Application

UG-1.1 Legal Basis (continued)

UG-1.1.9 In keeping with the nature of these regulatory requirements, Regulations are used to supplement the CBB Rulebook, either where explicitly required under the CBB Law, or where a particular requirement needs to have general applicability, in addition to being applied to licensees, approved persons, or registered persons.

MODULE	UG: User's Guide
CHAPTER	UG-1: Rulebook Status and Application

UG-1.2 Status of Provisions

UG-1.2.1 The contents of the CBB Rulebook are categorised either as Rules or as Guidance. Rules have a binding effect. Guidance is not binding; rather, it is material that helps inform a particular Rule or sets of Rules, or provides other general information.

UG-1.2.2 Where relevant, compliance with Guidance will generally lead the CBB to assess that the rule(s) to which the Guidance relates has been complied with. Conversely, failure to comply with Guidance will generally be viewed by the CBB as tending to suggest breach of a Rule.

UG-1.2.3 The status of each Paragraph within the Rulebook is identified by its text format, as follows:

- Rules are in bold, font size 12. The Paragraph reference number is also highlighted in a coloured box.
- Guidance is in normal type, font size 11.

UG-1.2.4 Where there are differences of interpretation over the meaning of a Rule or Guidance, the CBB reserves the right to apply its own interpretation.

UG-1.2.5 Rule UG-1.2.4 does not prejudice the rights of an authorised person to make a judicial appeal, should it believe that the CBB is acting unreasonably or beyond its legal powers.

UG-1.2.6 All Rulebook content has the formal status of at least a Directive. Some Rulebook content may also have the status of Regulations. Rulebook content that is categorised as a Rule is therefore legally mandatory and must be complied with by those to whom the content is addressed.

UG-1.2.7 Breaches of Rules constitute breaches of CBB Law. If a licensee or person breaches a Rule to which they are subject, they are liable to enforcement action by the CBB and, in certain cases, criminal proceedings by the Office of the Public Prosecutor.

UG-1.2.8 The CBB's enforcement processes are set out in Module EN.

CHAPTER	UG-1: Rulebook Status and Application

UG-1.3 Application

- UG-1.3.1 Volume 3 of the CBB Rulebook for the most part applies to all insurance licensees; to individuals undertaking key functions in those licensees (so-called 'approved persons'); and to certain support services (actuaries and loss adjusters). Representative offices are subject to the relevant requirements in Volume 5 of the CBB Rulebook). Further information and relevant definitions are provided in Module AU (Authorisation). Most of the content of Volume 3 therefore only has the formal status of a Directive.
- UG-1.3.2 A few Rules and Guidance have general applicability (and thus also have the formal status of a Regulation); for instance, no one may carry on an insurance business within or from Bahrain without the appropriate license, and controllers of insurance licensees are also subject to various requirements.
- UG-1.3.3 Each Module in Volume 3 (except those listed under the 'Introduction' and 'Sector Guides' headings) contains a Scope of Application Chapter, setting out which Rules and Guidance apply to which particular type of insurance licensee or person, for the Module concerned. In addition, each Rule (or Section containing a series of Rules) is drafted such that its application is clearly highlighted for the user. Finally, each Module, in its Purpose Section, specifies in all cases the rulemaking instrument(s) used to issue the content of the Module in question, and the legal basis underpinning the Module's requirements.

UG-1.4 Effective Date

UG-1.4.1 Volume 3 (Insurance) of the CBB Rulebook was first issued in April 2005. Its contents have immediate effect, subject to transition arrangements that may be specified.

UG-1.4.2 Module ES (Executive Summary) contains details of the implementation and transition arrangements for Volume 3 (Insurance).

CHAPTER	UG-2: Rulebook Structure and Format

UG-2.1 Rulebook Structure

Rulebook Volumes

UG-2.1.1 The Rulebook is divided into 6 Volumes, covering different areas of financial services activity, as follows:

Volume 1	Conventional Banks
Volume 2	Islamic Banks
Volume 3	Insurance
Volume 4	Investment Business
Volume 5	Specialised Activities
Volume 6	Capital Markets

UG-2.1.2 Volume 5 (Specialised Activities), covers money changers; finance leasing companies; consumer finance companies; mono-line credit card companies; **representative offices**; and providers of ancillary services to the financial sector.

Rulebook Contents (Overview)

UG-2.1.3 Except for Volumes 5 and 6, the basic structure of each Rulebook is the same. Each Volume starts with a contents page and an introduction containing a User's Guide and Executive Summary. Subsequent material is organised underneath the following headings:

- High-level Standards;
- Business Standards;
- Reporting Requirements;
- Enforcement and Redress; and, where appropriate,
- Sector Guides.

UG-2.1.4 Volume 5 is organised by the Category of specialised firm concerned, whilst Volume 6 by subject area (authorised exchanges; issuers of securities, etc).

UG-2.1.5 The material in Volumes 1-4 is contained in Modules, each covering a specific area of requirements (e.g. capital). In turn, each Module is divided into Chapters, Sections and Paragraphs, as detailed below.

UG-2.1.6 Each Volume has its own appendix Volume containing relevant reporting and authorisation forms; a glossary; and any supplementary information. In all cases, the main Volume is called 'Part A' and the appendix Volume is called 'Part B'.

MODULE	UG: User's Guide
CHAPTER	UG-2: Rulebook Structure and Format

UG-2.2 Volume Structure

Modules

UG-2.2.1 Rulebook Volumes are subdivided into Modules, arranged in groups according to their subject matter, underneath the headings listed in Paragraph UG-2.1.3 above.

UG-2.2.2 Each Module in a Volume is referenced using a two-letter code, which is usually a contraction or abbreviation of its title. These codes are used for cross-referencing within the text.

Chapters

UG-2.2.3 Each Module consists of Chapters, categorised into two types:

- A standard introductory Chapter (referenced with a letter: e.g. UG-A); and
- Chapters containing the substantive content of the Module (referenced with a number: e.g. CA-1, ML-2, etc.)

UG-2.2.4 The introductory Chapters summarise the purpose of the Module and its history (in terms of changes made to its contents). A separate introductory Chapter also prescribes the scope of application of the Module's requirements.

Sections and Paragraphs

UG-2.2.5 Chapters are further sub-divided into Sections; these extend the Chapter numbering (e.g. FC-1.1, 1.2, 1.3 etc). In turn, Sections are sub-divided into Paragraphs; these extend the Chapter and Section numbering (e.g. FC-1.1.1, 1.1.2, 1.1.3 etc.). Where appropriate, sub-Section headings may be used, to guide the reader through a Section; sub-Section headings are italicised and unnumbered, and act purely as an indicator (without limitation), as to the status of the Paragraphs that follow.

Table of Contents

UG-2.2.6 Each Volume's contents page lists all the Modules contained within it (Part A), and the information contained in the relevant appendix Volume (Part B).

UG-2.2.7 The contents page of each Module lists the Chapters and Sections it contains, and the latest version date of each Section in issue.

MODULE	UG: User's Guide
CHAPTER	UG-2: Rulebook Structure and Format

UG-2.3 Format and Page Layout

Headers

UG-2.3.1 The top of each page in the Rulebook identifies the Volume, Module and Chapter in question.

Footers

UG-2.3.2 The bottom of each page in the Rulebook (on the left hand side) identifies the Module in question, its Section and page number. Page numbering starts afresh for each Section: the total number of pages in each Section is shown as well as the individual page number. The bottom right hand side shows an end-calendar quarter issue date. The contents page for each Module, and each Section in a Module, are each given their own issue date. In addition, the Module contents page lists the latest issue date for each Section in that Module. The contents page thus acts as a summary checklist of the current issue date in force for each Section. Further explanation is provided in Section UG-3.1 below.

Defined Terms

UG-2.3.3 Defined terms used in the Rulebook are underlined. Each Volume has its own glossary listing defined terms and giving their meaning. Definitions of terms used apply only to the Volume in question. It is possible for the same term to be used in a different Volume with a different meaning.

Cross-references

UG-2.3.4 Any cross-references given in a text state the Module code, followed (where appropriate) by the numbering convention for any particular Chapter, Section or Paragraph being referred to. For example, the cross-reference FC-1.2.3 refers to the third Paragraph in the second Section of the First Chapter of the Financial Crime Module. Many references will be quite general, referring simply to a particular Module, Chapter or Section, rather than a specific Paragraph.

Text Format

UG-2.3.5 Each Paragraph is assigned a complete reference to the Module, Chapter, and Section, as well as its own Paragraph number, as explained in Paragraph UG-2.3.4 above. The format of the Paragraph reference and text indicates its status as either a Rule or Guidance, as explained in Paragraph UG-1.2.4 above.

UG-2.3.6 When cross-referring to specific Paragraphs, and it is important to make clear the status of the Paragraph in question as a Rule or Guidance, the words 'Rule' or 'Guidance' may be used instead of 'Paragraph', followed by the reference number (e.g. 'As required by Rule FC-1.1.1, licensees must ...').

MODULE	UG: User's Guide
CHAPTER	UG-3: Rulebook Maintenance and Access

UG-3.1 Rulebook Maintenance

Quarterly Updates

- UG-3.1.1 Any changes to the Rulebook are generally made on a quarterly cycle (the only exception being when changes are urgently required) in early January, April, July and October. When changes are made to a Module, the amended Sections are given a new version date, in the bottom right-hand page.
- UG-3.1.2 The contents page for each amended Module is also updated: the table of contents is changed to show the new version date for each amended Section (in the 'Date Last Changed' column), and the contents page itself is also given its own new version date in the bottom right-hand corner. The Module contents pages thus act as a checklist for hard-copy users to verify which are the current version dates for each Section in that Module.
- UG-3.1.3 A summary of any changes made to a Module is included in the Module History Section of each Module. The table summarises the nature of the change made, the date of the change and, the Module components and relevant pages affected. The Module History can thus be used to identify which pages were updated within individual Sections.
- UG-3.1.4 Hard-copy users of the CBB Rulebook can check that they have the latest copy of each Module's contents pages, by referring to the overall table of contents for each Volume. The Volume table of contents lists the date each Module was last changed; users can use this table to check the date showing in the bottom right-hand corner of each Module's contents page.
- UG-3.1.5 The website version of the Rulebook acts at all times as the definitive version of the Rulebook. Any changes are automatically posted to the CBB website, together with a summary of those changes. Licensees are in addition e-mailed every quarter, to notify them of changes (if any). Hard-copy users are invited to print off the updated pages from the website to incorporate in their Rulebook in order to keep it current

Changes to Numbering

- UG-3.1.6 In order to limit the knock-on impact of inserting or deleting text on the numbering of text that follows the change, the following conventions apply:
- (a) Where a new Paragraph is to be included in a Section, such that it would impact the numbering of existing text that would follow it, the Paragraph retains the numbering of the existing Paragraph immediately preceding it, but with the addition of an "A"; a second inserted Paragraph that follows immediately afterwards would be numbered with a "B", and so on.

MODULE	UG: User's Guide
CHAPTER	UG-3: Rulebook Maintenance and Access

UG-3.1 Rulebook Maintenance

Changes in Numbering (continued)

UG-3.1.6 For example, if a new Paragraph needs to inserted after UG-3.1.6, it would be numbered UG-3.1.6A; a second new Paragraph would be numbered UG-3.1.6B, and so on. This convention avoids the need for renumbering existing text that follows an insertion. The same principle is applied where a new Section or a new Chapter needs to be inserted: for example, UG-3.1A (for a new Section), and UG-3A (for a new Chapter).

(b) Where a Paragraph is deleted, then the numbering of the old Paragraph is retained, and the following inserted in square brackets: '[This Paragraph was deleted in April 2006]' (The date given being the actual end-calendar quarter date of the deletion.) The same principle is applied with respect to Sections and Chapters.

UG-3.1.7 Where many such changes have built up over time, then the CBB may reissue the whole Section, Paragraph, Chapter or even Module concerned, consolidating all these changes.
