| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-A: | Introduction |

BC-A Purpose

BC-A.1.1 This Module contains requirements that have to be met by Islamic bank licensees with regards to their dealings with its stakeholders. The Rules contained in this Module aim to ensure that Islamic bank licensees deal with their stakeholders in a fair and open manner and address their stakeholders' information needs.

BC-A.1.2 The Rules build upon several of the Principles of Business (see Module PB (Principles of Business)). Principle 1 (Integrity) requires Islamic bank licensees to observe high standards of integrity and fair dealing, and to be honest and straightforward in their dealings with customers. Principle 3 (Due skill, care and diligence) requires Islamic bank licensees to act with due skill, care and diligence when acting on behalf of their customers. Principle 7 (Client Interests) requires Islamic bank licensees to pay due regard to the legitimate interests and information needs of their customers, and to communicate with them in a fair and transparent manner.

BC-A.1.3 This Module also provides support for certain aspects relating to business and market conduct in the Bahrain Commercial Companies Law of 2001 (as amended).

Legal Basis

BC-A.1.4 This Module contains the Central Bank of Bahrain's ('CBB') Directive (as amended from time to time) on business conduct by Islamic bank licensees and is issued under the powers available to the CBB under Article 38 of the Central Bank of Bahrain and Financial Institutions Law 2006 (CBB Law). The directive in this Module is applicable to all Islamic bank licensees.

BC-A.1.5 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

| CHAPTER | BC-A: Introduction |

BC-A.2 Scope of Application and Key Requirements

BC-A.2.1 This Module applies to all Islamic bank licensees unless indicated otherwise.

BC-A.2.2 Bahraini Islamic bank licensees must ensure that their branches and subsidiaries operating in foreign jurisdictions comply, at a minimum, with local conduct of business standards and regulatory requirements (where applicable).

BC-A.2.3 For overseas Islamic bank licensees, these requirements only apply to the business and customers of the Bahrain branch.

BC-A.2.4 The CBB encourages Bahraini Islamic bank licensees to apply – with respect to their overseas branches and subsidiaries - conduct of business standards at least equivalent to those set out in this Module. Where this is not the case, the CBB will consider any potential risk to the Islamic bank licensee that may arise through adverse reputational or other consequences.

BC-A.2.5 This Module covers the following activities by Islamic bank licensees:

- (a) General Principles (Chapter BC-B);
- (b) Promotion of financial products and services (Chapter BC-1);
- (c) Code of Conduct for bank dealers and foreign exchange dealers (Chapter BC-2);
- (d) Client confidentiality (Chapter BC-3);
- (e) Customer account services and charges (Chapter BC-4);
- (f) Dishonoured cheques (Chapter BC-5);
- (g) ATMs and charges for their use (Chapter BC-6);
- (h) Mudaraba contracts (Chapter BC-7);
- (i) Margin trading system (Chapter BC-8);
- (j) Regulated banking services (Chapter BC-9);
- (k) Customer complaints procedures (Chapter BC-10); and
- (l) Measures and Procedures for Services Provided to Disabled Customers by Bahraini Retail Banks (Chapter BC-11).

BC-A.3 Module History

BC-A.3.1 This Module was first issued on 1st January 2005 by the BMA as part of the Islamic principles volume. Any material changes that have subsequently been made to this Module are annotated with the calendar quarter date in which the change was made: Chapter UG-3 provides further details on Rulebook maintenance and version control.

BC-A.3.2 When the CBB replaced the BMA in September 2006, the provisions of this Module remained in force. Volume 2 was updated in October 2007 to reflect the switch to the CBB; however, new calendar quarter dates were only issued where the update necessitated changes to actual requirements.

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.1 Principle 1: Truthfulness, Honesty and Fairness

BC-B.1.1

Islamic bank licensees are required to develop a Code of Business Conduct that contractually obliges the bank's employees and representatives to carry out their duties and responsibilities in a fair and honest manner. Banks must also refer to Module HC 'High- level Controls' for requirements on code of business conduct.

BC-B.1.2

An Islamic bank licensee must aspire to the highest standards of truthfulness, honesty and fairness in all its statements and dealings, and must treat its customers fairly.

BC-B.1.3

The fundamental requirement with regard to truthfulness, honesty and fairness is that an Islamic bank licensee must not, either deliberately or through negligence, issue information that is potentially misleading to stakeholders or the market, nor must it manipulate prices by using any of the means whereby this may be done. Such means include, but not limited to, making a false market, issuing misleading price-sensitive information and price-fixing in conjunction with other market players. Where applicable, banks must also refer to Volume 6 (Capital Markets) – Prohibition of Market Abuse and Manipulation Module 'MAM'.

BC-B.1.4

An Islamic bank licensee must not, either deliberately or through negligence, issue information that is misleading to stakeholders or the market regarding the Shari'a compliance of its products or services, or of Sukuk issuances with which it is involved.

BC-B.1.5

An Islamic bank licensee must not mislead clients or the market through the withholding of material information.

BC-B.1.6

An Islamic bank licensee must have appropriate procedures whereby whistle-blowers are treated honestly and fairly, with no cover-ups or victimisation. See Section BC-B.1.7. With regard to fairness, an Islamic bank licensee must follow best practice in establishing procedures for handling complaints from clients. See Chapter BC-10.

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.1 Principle 1: Truthfulness, Honesty and Fairness (continued)

BC-B.1.7 An Islamic bank licensee should establish a procedure that can be made clear to the public whereby their employees and representatives are contractually obliged to carry out their duties and responsibilities in accordance with a code of business conduct that requires fairness and honesty. To embody this self-binding commitment, an Islamic bank licensee should publish a client's charter that sets out the relevant parts of its code of business conduct as a written promise to guarantee the delivery of honest and fair service to its clients as demanded by Shari'a. An Islamic bank licensee should refer to Paragraphs BC-B.1.8 and BC-B.1.9. This charter will include such matters as procedures for dealing fairly, honestly and efficiently with complaints from customers or investors, and with whistle-blowers and any problems to which they draw attention. Refer to Paragraph HC-3.3.3.

BC-B.1.8 A client's charter is a written commitment made by an Islamic bank licensee in terms of the deliverance of its outputs or services to its customers inclusive of stakeholders. It is an assurance by the Islamic bank licensee that outputs or services rendered will comply with the standards declared as quality standards. Generally, quality standards of outputs or services are standards that will fulfil clients' needs and tastes.

BC-B.1.9 The assurances contained in the charter will ensure the generation of more disciplined, prepared and responsible Islamic bank licensee. Various benefits will be obtained from the establishment of the client's charter.

Benefits to the Public:

- (a) Enables the public to know specifically the quality of service to expect from the Islamic bank licensee;
- (b) Enables the public to evaluate the performance of the services rendered;
- (c) Reduces uncertainties over the delivery of services;
- (d) Facilitates comparisons between Islamic bank licensee that offer similar services; and
- (e) Allows the public to be more aware of the conduct commitment of each Islamic bank licensee.

Benefits to the Islamic bank licensee:

- (a) Acts as a performance indicator, which will enable the Islamic bank licensee to evaluate its conduct practices; and
- (b) Upgrades the discipline, responsibility and accountability of the Islamic bank licensee, which in turn will contribute to a more transparent Islamic finance industry.

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.1 Principle 1: Truthfulness, Honesty and Fairness (continued)

BC-B.1.10

The Islamic bank licensee must establish a policy with regard to ‘whistle-blowing’ so as to encourage all employees to report promptly to an appropriate level of management any breach or suspected breach of business conduct principles. The policy must, among other things, clarify:

- (a) The procedures according to which an employee can report any instance of conduct that he or she considers to be in breach of such principles;
- (b) Actions to be carried out by management upon receipt of the report; and
- (c) The obligations of the Islamic bank licensee to take measures to prevent future breaches.

BC-B.1.11

Islamic bank licensees must apply the requirements of Module PD pertaining to enhancing corporate governance and financial transparency in order to protect customers and facilitate market discipline through better practice in public disclosure.

| | | |
|---------|-------|-----------------------------|
| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.2 Principle 2: Due Care and Diligence

BC-B.2.1 An Islamic bank licensee must exercise due care and diligence and in the best interests of their stakeholders in all its operations, including the way it structures and offers its products and provides financing, with particular regard to Shari'a compliance, and to the thoroughness of research and risk management. See Paragraphs BC-9.12.8 to BC-9.12.13.

BC-B.2.2 Paragraph BC-B.2.1 includes any duty of best execution. In Islamic finance, there are typically two major categories of investors – that is, the shareholders and the investment account holders (IAH). Islamic bank licensees are required to exercise due care and diligence in safeguarding the interests of such investors. Refer to Principle 6 (BC-B.6).

BC-B.2.3 An Islamic bank licensee must have in place appropriate safeguards against occurrences of behaviour that constitutes a lack of due care and diligence amounting to culpable negligence. These safeguards include appropriate staff training. Refer to Principle 3 (BC-B.3).

BC-B.2.4 An Islamic bank licensee offering Shari'a-compliant financing must exercise due diligence in making such financing available to customers, in the interests of both its fund providers and its customers. It is not acceptable business conduct for an Islamic bank licensee to be lax in applying criteria of creditworthiness, or relying only on collateral to mitigate credit losses, especially in cases where the Islamic bank licensee exercising its rights over the collateral would inflict hardship on the debtor.

BC-B.2.5 An Islamic bank licensee should endeavour to take all reasonable steps to assist the debtor.

BC-B.2.5.A An example of assisting debtors is by restructuring the financing, prior to exercising the Islamic bank licensee's rights over the collateral.

BC-B.2.6 An Islamic bank licensee must balance the interests of its various stakeholders, which may include IAH as well as debtors.

BC-B.2.7 An Islamic bank licensee must exercise due diligence in the placement of IAH's money to fund financing facilities or investments, and in any other activities where a proper evaluation of risks, with the collection and analysis of the information necessary for this purpose, is called for.

| | | |
|---------|-------|-----------------------------|
| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.3 Principle 3: Capabilities

BC-B.3.1

An Islamic bank licensee must ensure that it has in place the necessary systems and procedures, and that its employees have the necessary knowledge and skills, to comply with this Module and other CBB requirements in Volume 2 Rulebook.

BC-B.3.2

This principle requires that the board of directors, senior management, staff and representatives (such as agents) of an Islamic bank licensee must be capable of discharging their duties competently. The required capabilities must include having an understanding of the rules and principles of Shari'a that is appropriate to their responsibilities, including Shari'a-compliant characteristics of the financial products and services offered by the Islamic bank licensee.

BC-B.3.3

Capabilities may relate to designing products, to selling and distributing the products, or to the competencies necessary for successfully carrying out the business activities of the Islamic bank licensee, such as risk management, including asset-liability and liquidity management and the placement and management of funds. Lack of the necessary capabilities may result in flawed products, defective contracts and other paperwork, bad credit decisions, poor and costly underwriting decisions, and products that do not meet legal or regulatory requirements. These shortcomings can in turn result in operating losses or underwriting deficits, and products being mis-sold.

BC-B.3.4

An Islamic bank licensee must ensure that the persons entrusted to deal on behalf of the Islamic bank licensee are equipped with an appropriate level of knowledge of the Shari'a-compliant characteristics of the financial products and services offered by the Islamic bank licensee. Having staff with the necessary capabilities is key to avoiding excessive levels of operational risk in banking.

BC-B.3.5

Staff training and development are most important in fostering the required capabilities and must include an emphasis on the Code of Business Conduct that the Islamic bank licensee has developed, which should be consistent with these General Principles. Continuous training and development of awareness of employees at all levels are required in order to arrive at a clear framework of guidance that indicates what is acceptable conduct, as well as the sanctions to be applied to violators of the code.

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.4 Principle 4: Information about Clients

BC-B.4.1 An Islamic bank licensee must take steps to ensure that it understands the nature and circumstances of its clients, so that it offers those products most suitable for their needs, as well as offering financing only for Shari'a-compliant projects. See Section BC-9.7.

BC-B.4.2 An Islamic bank licensee must ensure that its customers' businesses and the purpose of any financing provided are consistent with the Shari'a.

BC-B.4.3 An Islamic bank licensee must gauge the needs of their clients to ensure that the products or services rendered will reasonably meet those needs, and must ensure that any advice to customers is aimed at the customers' interests and based on adequate standards of research and analysis.

BC-B.4.4 Among the methods that are commonly used to gauge clients' needs are questionnaires and interviews with the clients, a written record being required. Questionnaires must be either completed or signed by the client, and where appropriate a summary of any interview must be signed by the client.

BC-B.4.5 It is the responsibility of the Islamic bank licensee to provide its customers full and timely disclosure of material facts relevant to the proposed transaction, their rights and obligations before signing any documents, to avoid any conflicts in the future.

BC-B.4.6 For example, if a client considering a savings or investment product, or a home purchase product, chooses not to provide all the information requested, the client must be cautioned that the Islamic bank licensee may not be able to give suitable advice without complete information and the client might risk making payments or entering into financial commitments which may not be appropriate to his or her needs or ability to pay. In this context, the principle of due diligence also applies to any such information seeking.

| | | |
|---------|-------|-----------------------------|
| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.5 Principle 5: Information to Clients

BC-B.5.1

An Islamic bank licensee must provide clear and truthful information both in any public document issued and to its actual and prospective clients, both during the sales process and in subsequent communications and reports. See Sections BC-9.5, BC-9.6, BC-9.8 and BC-9.10.

BC-B.5.2

An Islamic bank licensee must ensure that every advertisement is designed to disclose all relevant information to the subject matter.

BC-B.5.3

This principle is concerned with transparency in dealings with clients and prospective clients. In conjunction with Principle 1 (BC-B.1 Truthfulness, Honesty and Fairness), an Islamic bank licensee is required to provide appropriate and clear information to all clients and prospective clients regarding its products and services and the rights, obligations and risks involved to make informed decisions. This requirement also applies to information to clients and prospective clients concerning the Shari'a compliance of products and services.

BC-B.5.4

An Islamic bank licensee must maintain fair treatment of customers through the lifetime of the customer relationships, and ensure that customers are kept informed of important events.

BC-B.5.5

An example of achieving fairness through transparent business dealing from the Shari'a perspective is in the requirement that for a Murabaha contract to be valid, the seller has to disclose the original cost (including any discounts received) and the profit margin/mark-up.

BC-B.5.6

The use of 'small print' to make potentially important information less visible is not compatible with good business conduct, and must be avoided. Likewise, there should be no 'hidden costs' in financing products, such as commissions or agency fees that are not disclosed to the client.

| | | |
|---------|-------|-----------------------------|
| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.5 Principle 5: Information to Clients (continued)

BC-B.5.7

All commission and similar arrangements must be fully disclosed to the subject clients. In selecting a product for recommendation to a client, the overriding criterion must be the benefits to the client and not the attractiveness of the commission to the Islamic bank licensee or its representative. Refer to (BC-4.2) and (BC-9.8).

BC-B.5.8

When introducing new, enhanced, supplementary or replacement services and/or products with cost or potential liability in the future, Islamic bank licensees must provide customers with full particulars of the change at least thirty calendar days prior to the date the change takes effect, and must obtain prior-written consent from each customer. Such notice is to enable the customer to decide whether to accept the new terms or terminate the agreement.

BC-B.5.9 The use by an Islamic bank licensee or its representatives of ‘negative or hard selling’ techniques intended to push a client into an agreement without having properly evaluated the benefits and costs is not consistent with good business conduct.

BC-B.5.10 Negative selling occurs when a bank provides unordered services/products to a customer and then bills the customer. Often, the supply is accompanied by a form of notice instructing the customer that if the offer is not rejected within a certain time, the bank will send an invoice or debit an existing account or line of credit.

BC-B.5.11 ‘Hard selling’ has been defined as applying psychological pressure (by appealing to someone's fears, greed or vanity) to persuade the prospect to make a quick purchase decision.

BC-B.5.12 Given the complexity of many financial products, Islamic bank licensees should give their customers a ‘cooling off period’ so as to have ample time to evaluate the benefits and costs of a product before finally committing themselves. This guidance applies to long term commitments, such as investments and mortgage financing, provided that it is not sensitive to daily fluctuations.

BC-B.5.12A The only instance where a ‘cooling off period’ may be waived is when the Islamic bank licensee has received written confirmation from the customer that he/she wishes to waive his/her right to the ‘cooling off period’.

BC-B.5.13 The principle of the ‘cooling off period’ is that the customer enters into a non-binding commitment to enter into a contract which becomes binding (i.e. the contract is concluded) only after a specified period has elapsed and provided the customer has not indicated otherwise.

| | | |
|---------|-------|-----------------------------|
| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-B: | General Principles |

BC-B.6 Principle 6: Conflicts of Interest and of Duty

BC-B.6.1 An Islamic bank licensee must recognise the conflicts of interest between itself and its clients that arise from the type of products it offers, and either avoid them, or disclose and manage them, bearing in mind its fiduciary duties to investment account holders (IAH) as well as shareholders. See Section BC-9.12.

BC-B.6.2 In addressing the issue of conflicts of interest, this principle stresses the importance of Islamic bank licensees doing their best to avoid conflicts of interest, and when they cannot be avoided, the need to ensure that stakeholders are fairly treated. This principle recognises that conflicts of interest should be managed, and that proper management to ensure fair treatment of stakeholders may require disclosure of certain facts or information, internal rules of confidentiality, or other appropriate methods or combinations of methods. Conflicts of interest may arise in fund management which requires proper management so as to achieve honesty and fairness in accordance with Principle 1 (BC-B.1).

BC-B.6.3 In Islamic bank licensees, conflicts of duty may occur since their management is required to act in the best interests of two categories of stakeholders who may have differing interests, such as shareholders and IAH. Hence, conflicts of interest between two categories of stakeholders are translated into conflicts of duty for the board of directors and management of the Islamic bank licensee. In this connection, the fiduciary duties of an Islamic bank licensee to stakeholders, including IAH, are crucial.

BC-B.6.4 Good business practice is linked to good governance, particularly with regard to the proper management of conflicts of interest and of duty. The existence of such conflicts must not be hidden, but Islamic bank licensees must be transparent about them while making clear what mechanisms are in place to manage them properly.

BC-B.6.5 Islamic bank licensees must ensure that their systems of remuneration and compensation do not provide perverse incentives to their management, staff, agents or other representatives that could lead to conflicts of interest.

BC-B.7 Principle 7: Shari'a Compliance

BC-B.7.1

An Islamic bank licensee must be able to demonstrate that its operations are governed by an effective system of Shari'a governance and that it conducts its business in a socially responsible manner.

BC-B.7.2

An Islamic bank licensee must comply with all applicable legal and regulatory requirements and Shari'a requirements.

BC-B.7.3

An Islamic bank licensee must employ a highly competent head of Shari'a review (Refer to Principle 3, BC-B.3: Capabilities) having a sufficient level of authority to make compliance with all applicable legal, regulatory and Shari'a requirements a key management policy that is applied effectively in practice. Banks must also refer to Module LR (Licensing Requirements), LR-1A for requirements on the appointment of head of Shari'a review and Appendix TC-1 in Module TC (Training and Competency).

BC-1.1 Promotions (continued)

BC-1.1.4

Islamic retail bank licensees must ensure that the following requirements are met with regards to raffles/lotteries:

- (a) Adequate systems and documented procedures are in place that describe the checks and balances to ensure fair play, impartiality and the inclusion of eligible participants as well as for informing participants of the results of a raffle/lottery without delay;
- (b) They are subject to the rules and requirements (including prior authorisation/approval) laid down by the Ministry of Industry, Commerce and Tourism;

- (d) The winner(s) report includes the winner's name, CPR number, mobile number and the number of chances (e.g. tickets/certificates) in the draw;
- (e) Each draw of the raffle/lottery held as part of the bank's promotional scheme is independently verified and monitored/witnessed by the bank's internal auditor and, additionally, draws involving prizes of BD 10,000 or above in aggregate must be independently verified and monitored/witnessed by the bank's external auditors;
- (f) An annual check and a comprehensive audit on the "raffle draw" system is conducted by the external IT auditor. In addition, a detailed report in this regard from such auditor must be submitted to the CBB within 3 months from year-end and a copy is sent to the consumer protection department in the Ministry of Industry, Commerce and Tourism; and
- (g) The internal auditor periodically reviews, at least annually, all promotions, raffles/lotteries in addition to the systems, procedures, processes and related operational risks.

BC-1.1.5

The requirements of Paragraph BC-1.1.4 do not apply to promotions or giveaways generally offered and selected through draws to customers on an ad hoc basis (at no cost to the customer, implicit or otherwise). In such cases, there is no direct link between the acquisition of the products or services by the customers and the periodic raffle draw/lotteries.

BC-1.2 Advertisements

BC-1.2.1

Islamic retail bank licensees must allow a means for customers to opt-out from receiving promotional or advertisement material through email, SMS, WhatsApp or other communication means should such customers want to opt-out. The opt-out can be in writing or electronically.

BC-1.2.2

The CBB may, at its discretion, require the licensee to withdraw the advertisement or any material thereof, if it believes that the advertisement is not compliant with the requirements of this Module or that it has a negative impact on the financial sector or on the society.

BC-1.2.3

- h) Are publicly announced by the licensee only;
- i) Clearly state the name of the bank, bank logo, and contact details;
- j) The name of the product and its details are clear to the customers;
- k) Include a proper link to the terms and conditions including fees and charges;
- l) Include a statement that the bank is licensed by CBB as a Islamic retail bank licensee; and
- m) Do not make use of the name of CBB in any advertisement in such a way that would indicate endorsement or approval of its products or services.

BC-1.2 Advertisements (continued)

BC-1.2.4

Islamic retail bank licensees must ensure that advertisements do not:

- Include the expression ‘profit free’ or any similar expression when there is implicit profit embedded in the product or service;
- Include the descriptions of product or service as ‘free’ or ‘with no cost’ or any similar expression if any type of fee would be imposed;
- Include the descriptions of feature of a product or service as ‘guaranteed’ or ‘secured’ or use a similar expression unless the bank communicates all the necessary information, and present that information with sufficient clarity and prominence to make the use of that term fair, clear and not misleading;

- Disguise, omit, diminish or obscure important information, statements or warnings.

Digital Advertisements

BC-1.2.5

Islamic retail bank licensees must ensure that each digital advertisement through the internet/social media (e.g. Twitter, Instagram, WhatsApp, Facebook, web page, etc.) complies with the requirements in this Section.

BC-1.2.6

Where a licensee publishes customer feedback/review on the internet/social media, it must display both positive and negative feedback/review.

| CHAPTER | BC-2: | Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Interbank Market |

BC-2.1 Introduction

BC-2.1.1

The Code of Conduct which is prepared in cooperation with the Bankers' Society of Bahrain and the foreign exchange brokers, provide rules in respect of certain kinds of practice which experience has shown may cause difficulty and may jeopardise the good standing of the Bahrain market. Management of banks and money brokers are responsible for ensuring that their institutions are in full compliance with the Code.

BC-2.1.2

Every broker and dealer shall at all times comply with the criteria in respect to market practice, integrity and conduct. Failure to comply with such criteria will be regarded as a serious offence by the CBB, which reserves the right to investigate any complaints brought to its attention. All participants should adhere to the spirit as well as to the letter of the Code.

BC-2.1.3

The Code is shown in full, although many Paragraphs are not strictly relevant for Islamic banks. Treasury staff should refer to the relevant Paragraphs as appropriate.

BC-2.2 Market Terminology and Definitions

BC-2.2.1 The use of generally accepted precise terminology should reduce misunderstandings and frustration, and to this end Appendix BC-5 sets out, without claiming to be exhaustive, accepted market terminology and definitions.

BC-2.2.2

For the purpose of this Chapter, the following definitions apply:

- (a) 'Broker' means a money and foreign exchange broker who is authorised by the CBB to operate in Bahrain;
- (b) 'Principal' means a party undertaking a transaction through a broker; and
- (c) 'Bank' means any institution, holding a banking license.

BC-2.3 Confidentiality and Market Practice

BC-2.3.1

Confidentiality is vital for the preservation of a reputable and efficient market. Accordingly, the exchange of confidential information in respect of third parties is forbidden.

BC-2.3.2

The rules which follow are not intended to define exhaustively the obligations of dealers and brokers but set down specific ways in which confidentiality should be safeguarded and operations should be conducted:

- (a) Use of phrases and terms likely to identify the name of the principal should be avoided at all times;
- (b) In foreign exchange transactions brokers should not disclose the name of the principal until the deal is being closed.
A broker asking for a specific support price should be prepared to qualify the principal in terms of geographical location, by country or by region when the broker genuinely believes it will enable business to be concluded satisfactorily to the benefit of both broker and principal;
- (c) In deposit transactions, brokers should not disclose the name of the borrower until the broker is satisfied that the potential lender seriously intends to do business. Once a lender has asked for the identity of the borrower ('Who pays?'), the lender is committed to do business at the rate quoted with an acceptable name, until the lending bank takes the broker 'off' or puts himself under reference. In the event of the first disclosed name being unacceptable to the lender, the lender will be prepared to check other acceptable names provided that such names are shown to the lender by the broker within a reasonable amount of time, which should be stipulated if necessary;

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-2: | Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Interbank Market |

BC-2.3 Confidentiality and Market Practice (continued)

- (d) In the deposit market, banks should whenever possible give brokers prior indication of those categories of principals and of any centres and areas with which they would be unwilling to do business, in order that the smooth operation of markets be facilitated and frustration be minimized. Lenders should indicate the amounts they are prepared to place with particular categories of borrower. Brokers should classify bids with an indication of the type and quality of names they are in a position to pass;
- (e) Practices whereby banks reject a succession of names in order to assess the market and brokers offer banks deals which have no chance of being concluded, merely in order to establish their interest, are totally unacceptable;
- (f) A principal is urged whenever possible to specify to a broker the rate, the amount, the currency, and the period of his requirements. The principal shall be willing to deal in a marketable amount with acceptable names and shall remain bound so to deal at the quoted rate unless either the broker is:
 - (i) Informed otherwise at the time of acceptance, or
 - (ii) A time limit was placed (for example, 'Firm for one minute only').

A broker who quotes a firm rate without qualification shall be prepared to deal at the rate, in a marketable amount. A broker, if quoting only the basis of one or two names shall qualify his quotation, e.g., 'one small offer or – only two names paying'. The broker should indicate whether prices are firm or simply for guidance and, if requested by the principal, should be willing to indicate the amount involved. Further he should confirm with banks at reasonable intervals that their interest is still firm.

It is the responsibility of the principal to ensure the broker is made aware of any circumstances which materially affect the validity of the order placed with the broker.

| MODULE | BC: | Business and Market Conduct |
| CHAPTER | BC-2: | Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Interbank Market |

BC-2.3 Confidentiality and Market Practice (continued)

- (g) A principal, by selecting to 'put a broker on' is deemed to have a serious intention of completing business, and should allow the broker sufficient time to quote the principal's interest to a potential counterparty with a view to doing business. In quantifying a 'sufficient time' factors such as the currency, market conditions and communication systems employed, should be taken into account;
- (h) A broker is held responsible for advising a principal on every occasion that his deposit rates are being checked by a potential counterparty. This action should help minimise the occasional difficulties that arise when a principal 'takes a broker off' simultaneously to having his prices checked.
Whenever possible and subject to market conditions, a bank in the deposit market should, before he 'takes a broker off' either a single order or several orders, check whether the broker is already committed to deal on his behalf;
- (i) 'Under reference' orders placed by banks with brokers without having first being placed as 'firm', are to be discouraged. Firm orders which are later qualified by a request to 'put me under reference' indicate a principal's weakening desire to conclude business with that broker. 'Under reference' orders should not be left with a broker for more than a few minutes. A principal must ensure that the broker has the opportunity frequently to check the validity of an 'under reference' order;
- (j) No person may visit the dealing room of any broker or any bank except with the consent of a Manager or Director of that institution. A broker shall not in any circumstances permit any visitors from a bank to deal for his bank in the dealing room of that broker;
- (k) Management of banks should issue clear directions to staff on the monitoring, control and recording of 'after hours' dealing from premises other than bank dealing rooms. All deals of this kind must be properly authorised and confirmed;

| CHAPTER | BC-2: | BC-2: Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Interbank Market |

BC-2.3 Confidentiality and Market Practice (continued)

- (l) A bank dealer shall not apply unfair pressure upon a broker to pass information which it would be improper for the broker to pass. Unfair pressure would for example include a statement made in any form that a failure to co-operate would lead to reduction in the business given by the principal or by other principals to the broker;
- (m) A principal should not place an order with a broker solely with the intention of finding out the name of a counterparty, who can be contacted directly with a view to concluding further deals;
- (n) Management of banks and brokers should lay down clear directions to staff on the extent to which dealing in foreign exchange or deposit for personal account is permitted. Any such dealing must be strictly controlled;
- (o) Care should be taken over the positioning of 2-way loudspeakers in dealing rooms; and
- (p) Brokers and dealers should inform each other if conversations are being recorded. The use of such equipment is encouraged as a sensible means of enabling any subsequent disputes and differences to be settled.

BC-2.4 Passing of Details

BC-2.4.1

The passing and recording of details form an essential part of the transaction and the possibility of errors and misunderstanding is increased by delay and by the passing of details in batches. Brokers should pass details verbally, and principals should be prepared to receive them, normally within a few minutes after deals have been concluded.

BC-2.4.2

When arranging and passing details on forward contracts in foreign exchange, banks and brokers must ensure that the rate applied to the spot end of the transaction bears a close relationship to the spot rate at the time the deal was concluded.

| CHAPTER | BC-2: | Code of Conduct for Bank Dealers and Foreign Exchange and Money Brokers in the Interbank Market |

BC-2.5 Confirmations

BC-2.5.1

Written confirmation by a broker is the final check on the details of the transaction. The handling of confirmations must take account of the desire of brokers to have a realistic time-limit placed on their liability for differences. There is an obligation on recipients to check such confirmations. Initial confirmations should be sent out by telex without delay, and at the latest by close of business on the same working day. They should be followed up by written confirmation, normally hand-delivered and receipted before close of business on the following working day.

BC-2.5.2

Banks must check all confirmations carefully upon receipt so that discrepancies shall be quickly revealed and differences minimised. Principals shall also make enquiries of brokers about particular confirmations which have not been received within an appropriate time (as above) or about any changes in contract terms.

BC-2.5.3

In the case of deals where a bank pays against telex confirmation, the broker remains liable for differences until receipt of written confirmation is provided by the bank.

BC-2.6 Differences and Disputes

BC-2.6.1 The majority of differences payable by brokers arise from errors occurring in payment or repayment instructions. They also arise from a broker, having in good faith indicated a firm rate, being unable to substantiate his quotation.

BC-2.6.2 Any differences deemed payable by a broker to a bank (or by a bank to a broker) should be settled as soon as possible. The parties should provide each other with documents, setting out the exact details of and circumstances surrounding the deal.

BC-2.6.3 It is acknowledged that differences are sometimes paid by 'points'. The management of broking firms should always ensure that this practice is strictly controlled and monitored.

BC-2.6.4 All differences settled by direct payment should be advised in writing by the broker to the Director of Reserve Management, CBB, (copied to the Bank) indicating the amount paid and the other party's name. The CBB reserves the right to ask for further information at its discretion.

Gifts and Favours

BC-2.7.2 No broker, including management, employees and other persons acting on their behalf, shall offer or give inducements to dealing room personnel of a bank. No gifts or favours whatsoever shall be so given unless the broker is satisfied that the person responsible for dealing operations in the bank concerned has been informed of the nature of the gift or favour.

BC-2.7.3 Employees of banks shall not solicit inducements from brokers, nor shall they receive unsolicited gifts or favours from brokers without informing the person responsible for dealing operations in the bank concerned of the nature of such gifts or favours.

Bets

BC-2.7.4 The making or arranging of bets between brokers and banks dealers is totally unacceptable.

Entertaining

BC-2.9 Market Regulations – Foreign Exchange

Currencies

BC-2.9.1 A broker will, in response to an enquiry from any bank, make known the currencies which it elects to quote and to make a service in.

BC-2.9.2 Each broker shall provide, on request by a bank taking a service, general market information on all currencies handled (whether for the time being active or not) by that broker.

Brokerage

BC-2.9.3 Brokers shall comply with the minimum scales of brokerage charges (see Section BC-4.6) agreed in consultation with the Bankers' Society Council from time to time, or laid down by the CBB.

BC-2.12 Adjustment of Value Dates in Case of Unexpected Banking Closing Dates

BC-2.12.1

Spot transactions and outright:

- (a) *Original agreed upon value date for identical currency sold and purchased:* extension of value date to next possible value date for both currencies; and
- (b) *Original agreed upon value date for non-identical currency sold and purchased (for instance, Friday for US Dollars and Saturday for Gulf Currencies):* as unexpected banking closing days for non-Middle Eastern currencies are unlikely - value of non-Gulf currencies unchanged and value of Gulf currency on the next working day, adjusting spot or outright rate taking into account interest rate difference between the two currencies.

For pure outright it would be advisable to adopt the same system as for swaps; however, implied swap difference is not visible or identical for both parties.

- It can be assumed that, if the above rule would cause substantial losses for one party, dealers will re-negotiate a new rate, on a case-by case basis; if no agreement can be reached, the CBB, - as final Arbitrator - will fix the interest rates, prevailing at that time, which will be used to calculate the points difference, with which the outright rate will be adjusted.

It is possible that payment instructions for counter-currency are already sent out and cannot be cancelled; in that case the paying party should be entitled to the proceeds of the unexpected use of funds by the receiving party.

Deposits:

- (a) *Maturing on unexpected closing day(s):* Extending deposit to next possible value date; profit to be calculated in the extended period at original agreed upon profit rate;
- (b) *Starting on unexpected closing day(s) and maturing after unexpected closing day(s):* Starting date will be extended to next possible value date without altering maturing date; profit to be calculated on the shortened period at the originally agreed upon profit rate; and
- (c) *Starting on unexpected closing day(s) and maturing before or on next possible value date: Cancellation of deal:*
 1. If payment instructions are already sent out by lender and can only be executed on next possible value date, and cannot be cancelled, borrower ensures repayment will be done on the same next possible value date. If in that case borrower cannot repay because of deadline of receiving instructions by correspondent on same next possible value day, parties negotiate a new deal starting at value date of payment by lender and maturing according to new deal.
 2. If payment instructions are already sent out by lender for capital and by borrower for capital and profit both payments will be executed at same next possible value date, lender should refund to borrower unearned profit.

BC-2.12 Adjustment of Value Dates in Case of Unexpected Banking Closing Dates (continued)

BC-2.12.3

Swaps:

- (a) *Maturing on unexpected closing day(s)*: Extending swap to next possible value date for both currencies, adjusting swap difference according to formula - swap difference divided by original number of days and multiplied by new number of days;
- (b) *Starting on unexpected closing day(s) and maturing after unexpected closing day(s)*: Starting date for both currencies would be extended to next possible value date for both currencies without altering maturing date, adjusting swap difference according to Formula under Paragraph BC-2.12.3(a); and
- (c) *Starting on unexpected closing day(s) and maturing before or on next possible value date*: Deals are cancelled.

If starting or maturing date of original swap under Paragraph BC-2.12.1 or Paragraph BC-2.12.2 is substantially different, per currency swap difference has to be recalculated in mutual agreement between the dealers;

- It is possible that payment instructions for counter currency are already sent out and cannot be cancelled - in that case paying party should be entitled to the proceeds of the unexpected use of funds by the receiving party;
- It is possible that payment instructions for Gulf currencies are already sent out and cannot be cancelled - in these cases rules according to Paragraph BC-2.12.2(c)-1 and Paragraph BC-2.12.2(c)-2 should be applied.

BC-4.2.2 Retail banks must also ensure that each customer is in receipt of their current list of charges, by enclosing such a list with account statements and displaying such charges on their websites. The list must specify standard charges and commissions that will be applied by the retail bank to individual services and transactions and to specific areas of business. Such notification must be made in instances where there are changes in the fees or when new fees are introduced.

Credit Agreements

BC-4.2.3 A retail bank must make available, at their premises, information leaflets containing information on the key products and services in respect of credit agreements including:

- (a) The Annual Percentage Rate of profit, hereinafter referred to as APR and defined in Paragraph BC-4.2.10, for instalment financing facilities only; and
- (b) The annual profit rate on credit facilities (as referred to in Paragraph BC-4.2.14), commission, fees, one-off charges, expenses on behalf of third parties, exchange rates applied and any other charges.

- (e) Outstanding credit amount – Means the amount outstanding under a credit agreement representing the amount of funds provided to the customer and any other charges that are included as part of the principal amount to be repaid by the customer over the duration of the agreement less any repayment made related to the principal amount at a specified date; and
- (f) Principal – Means the amount of credit received plus any other charges, the total of which is subject to profit.

BC-4.2.6

Marketing of customer credit agreements, advertising and sales promoting credit agreements, irrespective of the media used (SMS, Internet, printed material, telephone solicitation) must be clear and understandable, must be true and not misleading and meet the basic customer information requirements as defined in this Module. Retail banks are also asked to take special care to ensure that the content of any advertising material does not mislead or deceive the public in any way.

BC-4.2.7

Retail banks must avoid the use of 'small print' which might make potentially important information less visible.

Minimum Disclosure Requirements

BC-4.2.8

Retail banks must make:

- (a) Public disclosure regarding credit agreements; and
- (b) Disclosures to customer(s), whether these be during the course of the initial negotiation of the credit agreement or during the term of the facility being offered.

BC-4.2 Disclosure of Charges by Retail Banks (continued)

BC-4.2.11 The APR is a standard measure that allows customers to compare total charges for instalment financing facilities on a like-for-like basis. The APR allows the customer to compare the total charge for credit over differing periods (e.g. – two versus three years) or offered by different retail banks with differing payment profiles and taking into account the payment of any other fees payable as a condition of the contract, such as administration fees or insurance premiums.

BC-4.2.12 Any advertising through any media means of instalment financing facilities, offered by the retail banks must specify only the APR (including all fees and charges) and no other rates, i.e. nominal, base, flat or rates by any other names.

BC-4.2.13 For the purposes of Paragraph BC-4.2.10, the disclosures can be provided as one APR or a range of APRs for retail banks that provide instalment financing to different segments and products. A retail bank may have different customer segments with different risk profiles, for whom the APR offered on the same product may vary. However, the disclosures must comply with the scenarios outlined in Subparagraph BC-4.2.10 (a).

Additional Public Disclosure for Credit Agreements other than Instalment Financing Facilities

BC-4.2.14 In addition to the requirements under Paragraph BC-4.2.9, retail banks must publicly disclose by conspicuous notice for Credit Agreements other than instalment financing facilities listed below:

- (a) For credit cards, the monthly and the annual rate of profit plus other fees and charges;
- (b) [This Subparagraph was deleted in April 2014];
- (c) [This Subparagraph was deleted in April 2014]; and
- (d) For instances where the customer exceeds contractual credit lines, the terms and any relevant charges.

BC-4.2.15 For credit agreements other than instalment financing facilities, any advertising through any media means must specify only the annual profit rate and other fees and charges.

BC-4.2.16 For credit agreements other than instalment financing facilities, banks are prohibited from using the term APR in any advertising.

Disclosure to Customers: During the Term of the Credit Agreement

BC-4.2.24

Retail banks must, at the time of signing the credit agreement, give the clients information on the payment schedule of the credit agreement, including the breakdown of principal, profit and other charges per month for the whole life of the facility. Information must be given, free of charge, at least on a semi-annual basis, unless the period of financing is shorter or where there exists a prior agreement on a more frequent basis.

Such notice is to enable the customer to decide whether to accept the new terms or terminate the agreement by settling the outstanding credit amount, in accordance with relevant provisions therein, which must have been stated in a clear and understandable manner.

BC-4.2.27

Any increase of the profit rate or the amount of any fee or charge payable under a credit agreement, must be disclosed publicly, by conspicuous notice, at least thirty calendar days prior to the date the change takes effect by:

Any deferral of profit or principal announced by the retail bank must also take account of the APR methodology as shown in Paragraphs BC-4.2.31 to BC-4.2.33, and the new APR must be given to the client or made public in advertisements.

Early Repayment

BC-4.2.28A

All requests for early repayment must satisfy the condition requiring the Islamic bank licensees to restrict the profit on the transaction to one month profit; i.e. the month in which the actual early repayment takes place. This is effective from 1st October 2011.

BC-4.21 Insurance Cover on Financing

BC-4.21.1 The requirements in this Section apply to Islamic retail bank licensees which seek life or other insurance cover in respect of financing to a borrower. These requirements are effective from 1st April 2024, i.e. all credit exposures that mature or are repaid/prepaid in full on or after 1st April 2024 must be subject to the requirements in this Section.

BC-4.21.2 Islamic retail bank licensees using insurance cover as risk mitigant for its financing to individuals must comply with the following requirements:

- (a) Credit policies must specify whether the licensee will bear the cost of insurance cover or if it will recover the cost from the customer;
- (b) If a customer wishes to buy his own insurance cover, the licensee must not refuse to accept assignment of such policy, however, the licensee may require the customer to ensure that the insurance policy terms, duration and features match its requirements;
- (c) If insurance is arranged by the licensee for its customer, the cost recovered from the customer must be the actual cost paid by the licensee to the insurance provider;
- (d) The insurance cost recovered from the customer, in the case of group insurance cover, must not exceed the proportionate aggregate cost payable to the insurance company attributable to the credit facility. Licensees must, on an annual basis, evaluate the insurance costs, which must be based on the actual insurance premiums levied by the insurer for the purpose of determining the insurance cost to be recovered for new facilities. At maturity of the financing or at the point of early repayment, the licensee must refund any excess insurance cost amount collected;
- (e) Licensee must not receive any commission, referral fees or any other fees from the insurance provider and/or receive any commission from the borrower;
- (f) Full disclosure with respect to the insurance arrangement (whether individual or group insurance cover), must be made to the customer prior to signing the financing agreement regarding:
 - (i) The terms of the insurance coverage and name of the insurance provider;
 - (ii) Benefits and exclusions;
 - (iii) Need for medical examinations, underlying illnesses not covered and the implications of health conditions on the insurance cost or the insurance claim;
 - (iv) Payment method for the insurance cost (i.e. one time upfront payment or addition to financing amount and recovered as part of repayment instalments);
 - (v) The insurance premium rate currently applicable and
 - (vi) The basis and method of calculation of the insurance cost at the time of granting of the financing;

BC-4.21 Insurance Cover on Financing (continued)

- (vii) Refund/adjustment of insurance cost in the case of early repayment/ pre-payments and top-ups;
- (g) Customers must be informed in writing if:
 - (i) There is a change in the insurance provider in the case of individual insurance cover;
 - (ii) There is a possibility of additional costs to be recovered or refunds in case of upfront payments due to changes in insurance premium rates; and
 - (iii) Additional insurance costs would be recovered from the customer if financing repayment instalments are not paid on time; and
- (h) The statements of account must clearly show the insurance cost as a separate item where applicable.

BC-4.21.3

If licensees decide to restructure the financing but cannot obtain insurance coverage due to the customer's age or due to a 'retiree' status, they must inform the customer in writing about the unavailability of insurance for the extended financing period. In such cases, the licensee must not demand full repayment of financing by the customer due to the customer's age.

BC-4.21.4

Licensees' credit policy must specify, at a minimum, the following:

- (a) Disclosures to be made to customers prior to signing of the financing agreement;
- (b) Age limits, if any, that apply for insurance cover as per the licensee's arrangements with the insurer and the options available to customers not meeting the age limits;
- (c) Measures or implications of default or extension of tenor for any reason, particularly for financing which have an expiry date falling in a higher age bracket at the time of grant of the financing; and
- (d) Any additional terms that apply to customers who fall within the higher age bracket.

BC-4.21.5

Licensees' credit policy must also specify its approach with regard to financing and the corresponding insurance coverage implications for customers who fall within higher age groups (to be defined by the licensee) and those who have retired from employment or will retire during the tenor of the financing.

BC-4.21.6

For the purposes of BC-4.21.5, extension of financing to individuals who are beyond the retirement age should take into account, in addition to other factors, the increases in life expectancy in Bahrain and the general trend in loss ratios. For this purpose, licensees should agree with their insurer the terms, conditions and procedures in order to meet the needs of individuals above the insurable age of the group financing portfolio and consider measures to be taken in the case of exceptional scenarios such as a customer in the higher age group needing to restructure a facility.

BC-5.1 Penalty System for Dishonoured Cheques

BC-5.1.1

The purpose of the contents of this Section is to set out Rules relating to the system of penalising any person, whether natural or corporate in form, (referred to as a ‘customer’ in this Chapter) whose cheque is:

- (a) Presented for payment, but is returned due to insufficient funds being available on his current account, where,
- (b) In the opinion of the bank on whom the cheque is drawn, such cheque has been issued by the customer in bad faith.

Cheques falling within this system are referred to as ‘dishonoured cheques’. Due regard must be given by retail banks to the general provisions of Bahrain Law regarding joint accounts, partnership accounts and accounts in the name of corporate entities, as well as to the customer mandate in each case, to determine how such accounts may be dealt with for purposes of the Rules in this Chapter.

Procedures to be Followed

BC-5.1.2

On each occasion that a retail bank becomes aware of a dishonoured cheque of one of its customers, that retail bank will send a written warning to the relevant customer informing him/her of the existence of the dishonoured cheque, requesting him/her to immediately make good the insufficiency in his current account in order to clear the cheque. This written warning will also inform the customer of the provisions of this system with regard to dishonoured cheques and abusers of cheques.

BC-5.1.3

On the first working day of each calendar month, each retail bank should provide to the CBB a list of the names, supported with I.D. numbers (CPR or CR numbers (as applicable) for Bahrain residents, Passport or CR-equivalent numbers (as applicable) for non-Bahrain residents) of those customers to whom one (or more) written warning(s) has been sent in accordance with Paragraph BC-5.1.2 above during the immediately preceding calendar month. This list should specify the number of written warnings relating to dishonoured cheques for each customer of the relevant retail bank for the month in question and shall be in the form set out in Appendix BC-1. Retail banks will be responsible for ensuring the accuracy of all details on their respective lists.

Using the lists referred to in Paragraph BC-5.1.3 above, the CBB will prepare a further list (the 'Control List') of those customers to whom two or more written warnings were sent by any one or more retail bank at any time within a maximum period of three consecutive calendar months. The Control List, which will be in the form set out in Appendix BC-2, will specify the name and I.D. numbers of each such customer, the total number of dishonoured cheques for that customer included in the lists referred to in Paragraph BC-5.1.3 above, the name of the relevant retail bank(s) on whose list(s) the customer's name has been included, and other relevant details for retail banks' information and checking in accordance with Paragraph BC-5.1.5 below. Any customer to whom more than two written warnings relating to dishonoured cheques were sent by any one or more retail bank at any time within a maximum period of three consecutive calendar months will be automatically deemed an abuser of cheques for the purposes of Paragraph BC-5.1.7 below.

BC-5.1.5

On the second working day of each calendar month, the CBB will circulate a draft copy of the Control List to retail banks. Retail banks will be requested to check the accuracy of the Control List by reference to the information they have sent to the CBB in accordance with Paragraph BC-5.1.3 above, and to notify the CBB within a maximum period of one week of receiving the list of any inaccuracies on the Control List. The Control List, as amended if appropriate, will be circulated to the retail banks by the CBB on the second working day after it receives all responses from the retail banks. Retail banks will be required to monitor the customers on this Control List to establish whether any one or more of them issued another dishonoured cheque in the instant calendar month. Any retail bank becoming aware of a dishonoured cheque of one or more of its customers on the Control List during this month should notify the CBB of this fact, using the relevant Section in Appendix BC-1, on the first working day of each calendar month.

Retail banks will be requested to check the accuracy of this list by reference to the information they have sent to the CBB in accordance with Paragraph BC-5.1.5 above, and to notify the CBB within a maximum period of one week of receiving the list of any inaccuracies on that list. The list, as amended if appropriate, will be circulated to retail banks by the CBB on the second working day after it receives all responses from retail banks, and will direct the retail bank(s) which has/have reported an abuser of cheques to withdraw all cheque books held by that abuser of cheques, and to close such person's current account(s) by transferring any balances therein to saving and/or any other accounts held with that/those retail bank(s). Furthermore, those retail bank(s) will be required not to provide current account facilities to that abuser of cheques for the twelve calendar month period immediately following the date of issue of the relevant list. All other retail banks should, within a maximum period of one month after the issue of the relevant list, also withdraw current account facilities from that abuser of cheques for the same twelve calendar month period. Retail banks will be entitled to recover any amounts due to them from abusers of cheques as a result of compliance with this system by availing of their set-off rights under Bahrain Law.

BC-5.1.8

On Appendix BC-4, the CBB will notify retail banks of those abusers of cheques in respect of whom the twelve calendar month period referred to in Paragraph BC-5.1.7 above has ended, and to whom retail banks may reinstate/offer current account facilities at their discretion.

| CHAPTER | BC-8: | Margin Trading System |

BC-8.1 Introduction

BC-8.1.1 This Chapter applies to all retail banks in Bahrain.

BC-8.1.2 Investors purchasing securities listed on any licensed exchange may pay for them under the Margin Trading System ("The System") by borrowing a portion of the purchase price from a participating bank. The System is subject to relevant provisions of the CBB Law, the Rulebook of the licensed exchange, any rules and regulations issued pursuant to such Law, Rulebook and this Module. The System applies to equities in companies listed on any licensed exchange. Unless restrictions apply under Bahrain law in this regard, the System shall be available to Bahraini or non-Bahraini investors, whether resident or non-resident in Bahrain.

BC-8.1.3 The main objective of the System is to enhance the overall activity on any licensed exchange, allowing investors to leverage their investments, in a controlled manner.

General Criteria

BC-8.1.4 Only retail banks will be permitted as participating banks for the System. Participating banks must each receive the prior general written approval of the CBB in order to take part in the System. The CBB will notify the licensed exchange of the identity of participating banks. The CBB's approval may be withdrawn at its discretion.

BC-8.1.5 SRO members who are not retail banks will not be permitted to act as lenders for the System.

| CHAPTER | BC-8: | Margin Trading System |

BC-8.2 Limits and Trading Rules

BC-8.2.1 An investor may, through his relationship with any participating bank under the System, invest in securities made up by way of the investor's own initial margin and by way of financing from the relevant participating bank to that investor.

BC-8.2.2 Such financing referred to in Paragraph BC-8.2.1 is subject to the limit on margin percentage given in Paragraph BC-8.2.10.

BC-8.2.3 The amount of the margin facility made to an investor under the System shall be included as an exposure to that customer, and contribute towards the large exposures limit and the consumer finance limit for that person.

BC-8.2.4 The total amount of financing granted by an individual participating bank to all investors under the System shall not, at any time exceed 15% of that participating bank's capital base, such percentage to be reviewed by the CBB at its discretion from time to time.

BC-8.2.5 The CBB will require participating banks to inform the Credit Reference Bureau ('CRB') of all facility limits approved to investors under the System from time to time. Participating banks must check with the CRB on the amount of facility limits outstanding under the System at any time to a particular investor.

SRO Members

BC-8.2.6 Only licensed SRO members who meet the requirements to participate in the System and are authorised as such by the licensed exchange and the CBB will be permitted to act as brokers for the System.

Documentation

BC-8.2.7

Only standard-form documents (application forms and agreements) will be used for the System. Standard-form agreements, drafted and approved in advance by the licensed exchange, will be entered into between the participating bank and the investor (in respect of financing), and between the participating bank and the investor and the SRO member (in respect of trading) and, as relevant, these agreements shall (amongst other things) confirm that:

- (a) The investor is borrowing or financing a stated amount from the participating bank for the purpose of taking part in the System;
- (b) The investor will repay such stated amount, together with any profit or charges thereon, when due and in accordance with the agreement;
- (c) The investor understands the risks involved in margin trading as well as the implications of the undertakings given by him;
- (d) The participating bank can sell the securities bought through the System if the relevant margin is called and not met, without further formalities being required;
- (e) The SRO member is liable for marking the securities to market on a daily (or more frequent) basis and for keeping the participating bank updated as to the participating bank's exposure to the investor;
- (f) The investor can place orders with the SRO member for the purchase of securities up to the limit permitted by the agreement;
- (g) Each party to the agreement in question shall abide by the duty of confidentiality imposed on him in relation to the matters set out in the agreement; and
- (h) There is an overriding obligation on the parties thereto to comply with Bahrain law in general and, in particular, with the share-ownership restrictions applying to certain types of securities.

Owner of the Securities bought Using the System

BC-8.2.8

For ease of transfer and sale of the securities in the event that a margin is called by the participating bank but not met by the investor, the securities will be registered in the participating bank's name (for the account of the investor) and held by a custodian.

BC-8.2.9

Under Paragraph BC-8.2.8 above; (a) the securities should not be considered as part of the bank's own assets for the purposes of determining ownership/control under Bahrain law, and (b) if the investor has discharged his obligations to the participating bank under the System and the securities have not been sold, the securities shall be transferred into the legal ownership of the investor.

Margin Percentage

BC-8.2.10

For equities listed on any licensed exchange, an investor shall have the right to obtain financing, the value of which shall not exceed 50% of the total value of the funds being invested (i.e. 1:1). The CBB and the licensed exchange shall coordinate in making any change to the margin percentages set for the System.

Margin Call Top-up

BC-8.2.11

The margin call top-up shall be 30% of the total value of the funds invested by an investor through a margin account with a participating bank. An investor shall settle a margin call on the settlement date (as determined by the BSE) by making a cash payment of such amount to the participating bank. Such cash payment may, at the investor's discretion and in whole or part, come from the sale of the securities bought through the System, or otherwise. Failure to meet such margin call will, however, give the participating bank the right to sell the securities bought through the System.

BC-9.5 Marketing and Promotion

BC-9.5.1 The requirements of this section apply to product specific or service specific material and not to general brand awareness promotional material. In addition to the requirements of this Section, licensees should consider Section BC-9.8.

BC-9.5.2 Islamic bank licensees must ensure that all advertising and promotional material for specific products that is sent to any class of customer is fair, clear and not misleading.

BC-9.5.3 With respect to customers, in ensuring that the description of the product or the service in the promotional material is fair, clear and not misleading, the Islamic bank licensee should, among other precautionary measures, ensure that:

- (a) The purpose, and to the extent practicable, the content, of the information or communication are likely to be understood by the average member of the group to whom the communication is addressed;
- (b) Key items contained in the information are given due prominence;
- (c) The method of presentation in the information does not disguise, diminish, or obscure important risks, warnings or information; and
- (d) The communication does not omit information that is material to ensure it is fair, clear and not misleading.

BC-9.5.4 In ensuring that the description of the product or the service in the promotional material is fair, the Islamic bank licensee should avoid exaggerating the potential benefits of the products or services being offered in any communication with a customer or potential customer.

BC-9.5.5 In ensuring that the description of the product or the service in relation to promotional material directed at customers is adequate, the Islamic bank licensee should: ensure that the promotional material contains a balanced description of the main characteristics of the product or service it relates to, including the nature of the financial commitment and risks involved.

BC-9.5.5A In addition, the description must state the name of the person, if the communication relates to a product or service of a person other than the Islamic bank licensee.

BC-9.5.5B In the case of investment activities, the description should indicate whether or not the financial instruments involved are illiquid, and traded in a recognised exchange or market; the existence or absence of any right of withdrawal or cancellation and, where such a right exists, its duration and the conditions for exercising it, including information on any amount that the customer may be required to pay to exercise that right; and state if the communication relates to a financial instrument or service of a person other than the Islamic bank licensee, the name of the person.

| CHAPTER | BC-9: | Regulated Islamic Banking Services |

BC-9.5 Marketing and Promotion (continued)

BC-9.5.6 Islamic bank licensees must ensure that the accuracy of all material statements of fact in promotional materials is supported by adequate evidence.

BC-9.5.7 Islamic bank licensees must not, in any form of communication with an individual customer or any class of customer, unreasonably attempt to limit or avoid any duty or liability it may have to that individual customer or class of customer in relation to regulated banking services, unless otherwise agreed in writing by both parties.

BC-9.5.8 An example of an unreasonable attempt to limit liability is where a financial product is given protection or compensation status in its home country and such status is not given by the Bahrain Bank (or branch) to its customers.

BC-9.5.9 Islamic bank licensees that underwrite or market public offerings must ensure that their promotional material complies with the relevant capital markets disclosure standards of the CBB.

BC-9.5.10 Capital markets disclosure standards are currently contained in the Disclosure Standards Regulation of 3 December 2003.

Content of Promotions

BC-9.5.11 Before an Islamic bank licensee communicates any promotional material on a specific product or service to a customer or a potential customer it must ensure that the promotional material at the very least contains the information laid out in Paragraph BC-9.13.1.

BC-9.5.12 Islamic bank licensees must not make use of the name of the CBB in any promotion in such a way that would indicate endorsement or approval of its products or services.

BC-9.5.12A For greater certainty, notification in promotion material that a bank is licensed by the CBB is not regarded as endorsement or approval by the CBB of any products or services being offered by the bank and does not contravene the requirements of Paragraph BC-9.5.12.

Records

BC-9.5.13 Islamic bank licensees must maintain a record of all promotional materials issued by them or on their behalf.

BC-9.5 Marketing and Promotion (continued)

Real Time Promotions

BC-9.5.14 Islamic bank licensees must not make a real time promotion to customers unless the concerned customer has been notified of the fact in advance and has agreed in writing to receive real time promotions.

BC-9.5.15 For the purposes of Paragraph BC-9.5.14, a real time promotion is a promotion made in the course of a personal visit, telephone conversation or other interactive dialogue.

BC-9.5.16 Consent to receive real time promotions could be, for instance, at the time of the initial customer profiling, by means of signing a form clearly indicating such consent.

BC-9.5.17 A representative of the Islamic bank licensee must, on making contact for the first time with a customer, and again at any time when asked to do so by the customer:

- (a) Identify himself as being a representative of the Islamic bank licensee;
- (b) State the name of the Islamic bank licensee; and
- (c) Present the customer with a business card on meeting that customer, unless he has given him such a card at a previous meeting. The business card must include a statement of the Islamic bank licensee's licensing status.

BC-9.5.18 For the purposes of Rule BC-9.5.17(c), the statement on the business card should make clear the licensing status of the Islamic bank licensee; however it should not lead the customer to believe that the product being offered has been approved by the CBB. The suggested wording for the statement of licensing status is as follows: "Licensed as an Islamic retail/wholesale bank by the CBB".

BC-9.5.19

In oral communications with a customer, whether in person or by telephone, the representative of the Islamic bank licensee must:

- (i) Conduct himself in a polite manner and respect the wishes of the customer;
- (ii) State the genuine purpose of the call at the commencement of the conversation;
- (iii) Ascertain whether or not the customer wishes him to proceed with the conversation if the time of the conversation was not previously agreed by the customer;
- (iv) Explain clearly the financial products or other services which he is authorised to arrange;
- (v) Recognise and respect the right of the customer to terminate the call at any time; and
- (vi) If he requests another appointment and the customer refuses, shall accept that refusal courteously and in such a manner as to cause no embarrassment to the customer.

Records

BC-9.5.20

Islamic bank licensees must keep sufficient records of real time promotions made by them, or on their behalf by other persons, for CBB's supervision purposes.

These records should include evidence that customers have been notified in advance and agreed to receive real time promotions, as required under Rule BC-9.5.14.

Terms of Business

BC-9.6.2 Islamic bank licensees must provide their customers with their terms of business, setting out the basis on which the regulated banking services are to be conducted (see also Paragraph BC-9.8.13).

BC-9.6.3 The terms of business in relation to providing regulated banking services as defined in Paragraph BC-9.2.1 to a customer must take the form of a customer agreement.

BC-9.6.4 The terms of business must include the rights and obligations of parties to the agreement, as well as other terms relevant to the regulated banking services. The terms of business must include, but are not limited to, the items included in Paragraph BC-9.13.2.

BC-9.6.5 An application form in relation to regulated banking services will be deemed to be a customer agreement, provided the form includes the principal terms and conditions of the service, such that the customer is provided sufficient information to allow him to understand the basis on which the service is to be conducted.

BC-9.6.6 The customer agreement must be provided in good time prior to providing the regulated banking service.

BC-9.6.7 For the purposes of Rule BC-9.6.6, “good time” should be taken to mean sufficient time to enable the customer to consider properly the product or service on offer before he is bound, and that customer agreement must comply with the requirements in BC-B.5.13 regarding a ‘cooling off period’.

Customer Understanding and Acknowledgement

BC-9.6.8 Islamic bank licensees must not enter into a customer agreement unless they have taken reasonable care to ensure that their customer has had a proper opportunity to consider the terms.

BC-9.6.9 Islamic bank licensees must obtain their customer's consent to the terms of the customer agreement as evidenced by a signature or an equivalent mechanism.

Information and Communication

BC-9.7.2 Islamic bank licensees must seek information from their customers (and potential customers) about their needs, circumstances and investment objectives (including their risk appetite), relevant to the services to be provided.

The evaluation of the customer's needs, circumstances and objectives (including risk appetite) can be done through a structured questionnaire.

BC-9.7.4 For the purposes of satisfying the requirement under Rule BC-9.7.2, Islamic bank licensees must ensure that the information and facts they hold about their customers are accurate, complete and up to date.

BC-9.9 Dealing and Managing

BC-9.9.1 This Paragraph was deleted in July 2015.

Best and Timely Execution

BC-9.9.2 Islamic bank licensees must take all reasonable steps to obtain, when executing orders, the best possible result for customers taking into account price, costs, speed, likelihood of execution and settlement, and any other consideration relevant to the execution of the order (subject to Paragraph BC-9.9.5 below).

BC-9.9.3 Islamic bank licensees must establish and implement effective arrangements for complying with Rule BC-9.9.2:

- (a) Execution policies for each class of financial instrument;
- (b) Maintenance of and disclosure to customers of information regarding execution venues and arrangements for disclosure to customers if orders are to be executed outside regulated markets;
- (c) Monitoring of effectiveness of the order execution arrangements and execution policies in order to identify and, where appropriate, correct any deficiencies; and
- (d) Maintenance of audit trails to demonstrate to their customers that orders were executed in accordance with the relevant execution policy.

BC-9.9.4 This Paragraph was deleted in July 2015.

BC-9.9.5 In determining whether an Islamic bank licensee has taken reasonable care to provide the best overall price for a customer in accordance with Rules BC-9.9.2 to BC-9.9.4, the CBB will take into account whether an Islamic bank licensee has:

- (a) Executed orders promptly and sequentially;
- (b) Discounted any fees and charges previously disclosed to the customer;
- (c) Disclosed the price at which an order is executed; and
- (d) Taken into account the available range of price sources for the execution of its customers' transactions. In the case where the Islamic bank licensee has access to prices of different regulated financial markets or alternative trading systems, it must execute the transaction at the best overall price available having considered other relevant factors.

| CHAPTER | BC-9: Regulated Islamic Banking Services |

BC-9.9 Dealing and Managing (continued)

BC-9.9.6

Islamic bank licensees may only postpone the execution of a transaction if it is in the best interests of the customer, and the prior consent of the customer has been given, or when circumstances are beyond its control. The Islamic bank licensee must maintain a record of all postponements together with the reasons for the postponement.

BC-9.9.7

Factors relevant to whether the postponement of an existing customer order may be in the best interests of the customer include where:

- (a) The customer order is received outside of normal trading hours;
- (b) A foreseeable improvement in the level of liquidity in the financial instrument is likely to enhance the terms on which the Islamic bank licensee can execute the order; or
- (c) Executing the order as a series of partial executions over a period of time is likely to improve the terms on which the order as a whole is executed.

Non-market Price Transactions

BC-9.9.8

Islamic bank licensees must not enter into a non-market price transaction in any capacity, with or for a customer, if it has reasonable grounds to suspect that the customer is entering into the transaction for an illegal or improper purpose.

BC-9.9.9

For the purposes of Paragraph BC-9.9.8, a non-market price transaction is one where the price paid by the Islamic bank licensee, or its customer, differs from the prevailing market price. With respect to transactions in financial instruments traded on a licensed exchange, licensees are reminded that in Bahrain the law prohibits off-market transactions.

BC-9.9.10

For the purposes of Paragraph BC-9.9.8, examples of improper purposes for transactions include:

- (a) The perpetration of a fraud;
- (b) The disguising or concealment of the nature of a transaction or of profits, losses or cash flows;
- (c) Transactions which amount to market abuse;
- (d) High-risk transactions under the Anti Money Laundering Regulations; and
- (e) "Window dressing", in particular around the year end, to disguise the true financial position of the person concerned.

BC-9.9.11

Rule BC-9.9.8 does not apply to a non-market-price transaction if it is subject to the rules of a recognised investment exchange.

Aggregation and Allocation

BC-9.9.12 Islamic bank licensees may only aggregate an order for a customer with an order for other customers, or with an order for its own account, where:

- (a) It is unlikely that the aggregation will disadvantage the customers whose orders have been aggregated; and
- (b) It has disclosed to each customer concerned in writing that it may aggregate orders, where these work to the customer's advantage.

BC-9.9.13 If an Islamic bank licensee has aggregated orders of customers, it must make a record of the intended basis of allocation and the identity of each customer before the order is effected (subject to the “best execution” provisions of Paragraph BC-9.9.2).

BC-9.9.14 Where an allocation takes place, prices must not be changed. The order must be allocated equally so that no customer or broker is advantaged over any change.

BC-9.9.15 Islamic bank licensees must have written policies on aggregation and allocation which are consistently applied; these must include the policy that will be adopted when only part of the aggregated order has been filled.

BC-9.9.16 Where an Islamic bank licensee has aggregated a customer order with an order for other customers or with an order for its own account, and part or all of the aggregated order has been filled, it must:

- (a) Promptly allocate the financial instruments concerned;
- (b) Allocate the financial instruments in accordance with its stated policy;
- (c) Ensure the allocation is done fairly and uniformly by not giving undue preference to itself or to any of those for whom it dealt;
- (d) Give priority to satisfying customer orders where the aggregation order combines a customer order and an own account order, if the aggregate total of all orders cannot be satisfied, unless it can demonstrate on reasonable grounds that without its own participation it would not have been able to execute those orders on such favourable terms, or at all; and

Right to Realise a Customer's Assets

BC-9.9.18

Islamic bank licensees must not realise a customer's assets, unless it is legally entitled to do so, and has either:

- (b) The form in which the margin may be provided;
- (c) The steps the Islamic bank licensee may be required or entitled to take if the customer fails to provide the required margin, including:

- (iii) The circumstances, other than failure to provide the required margin, that may lead to the Islamic bank licensee closing out the customer's position without prior reference to him.

BC-9.9.20

Islamic bank licensees must close out a customer's open position if that customer has failed to meet a margin call within a maximum of five business days following the date on which the obligation to meet the call accrues, unless:

- (a) The Islamic bank licensee has received confirmation from a relevant third party (such as a clearing firm) that the customer has given instructions to pay in full; or
- (b) The Islamic bank licensee has taken reasonable care to establish that the delay is owing to circumstances beyond the customer's control.

BC-9.9.21

For the purposes of Rule BC-9.9.20, Islamic bank licensees may require the closing of a customer's open position in less than five business days, for their own risk management purposes.

BC-9.9.22

Islamic bank licensees must also follow the requirements of Chapter BC-8 concerning the operation of the margin trading system.

Programme Trading

BC-9.9.23

Before an Islamic bank licensee executes a programme trade, it must disclose to its customer whether it will be acting as a principal or agent. An Islamic bank licensee must not subsequently act in a different capacity from that which is disclosed without the prior consent of the customer.

BC-9.9.24

The term “programme trade” describes a single transaction or series of transactions executed for the purpose of acquiring or disposing of, for a customer, all or part of a portfolio or a large basket of financial instruments.
