MODULE	GR: General Requirements
CHAPTER	GR-A: Introduction

## GR-A.1 Purpose

### *Executive Summary*

GR-A.1.1 The General Requirements Module presents a variety of different requirements that are not extensive enough to warrant their own stand-alone Module, but for the most part are generally applicable. These include general requirements on books and records; on the use of corporate and trade names; and on controllers. Each set of requirements is contained in its own Chapter: a table listing these and their application to licensees is given in Chapter GR-B.

### *Legal Basis*

**GR-A.1.2** This Module contains the Central Bank of Bahrain's ('CBB') Regulation No.(31) of 2008 and Directive (as amended from time to time) governing bank control and general requirements and is issued under the powers available to the CBB under Articles 38 and 52 of the Central Bank of Bahrain and Financial Institutions Law 2006 ('CBB Law'). The Module also contains requirements pertaining to controllers as prescribed under Resolution No.(43) of 2011 governing the conditions of granting a license for the provision of regulated services and is issued under the powers available to the CBB under Article 44(c). The requirements of Resolution No.(33) for the year 2012 with respect to the issuance of the Regulation setting the procedures for processing applications of banks to transfer financial services business in the Kingdom of Bahrain are included in Chapter GR-4. The Regulation, Resolutions and Directive in this Module are applicable to all Islamic bank licensees.

GR-A.1.3 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

## **GR-B.1 Islamic Bank Licensees**

### *License Categories*

#### **GR-B.1.1**

The requirements in Module GR (General Requirements) apply to both retail and wholesale Islamic bank licensees.

### *Bahraini and **Branches of Foreign** Islamic Bank Licensees*

#### **GR-B.1.2**

The scope of application of Module GR (General Requirements) is as follows:

Chapter	Bahraini bank licensees	<b>Branches of foreign</b> bank licensees
GR-2	Applies to the whole bank.	Applies to the Bahrain branch only.
GR-3	Applies to the whole bank.	Doesn't apply.
GR-4	Applies to the whole bank.	Applies to the Bahrain branch only.
GR-5	Applies to the whole bank.	Applies to the whole bank.

MODULE	GR:	General Requirements
CHAPTER	GR 2:	Corporate and Trade Names

## GR-2.1 Vetting of Names

**GR-2.1.1** Islamic bank licensees must seek prior written approval from the CBB for their corporate name and any trade names, and those of their subsidiaries located in Bahrain.

**GR-2.1.2** GR-2.1.1 applies to branches of foreign bank licensees only with respect to their Bahrain branch.

GR-2.1.3 Rules GR-2.1.1 and GR-2.1.2 refers to the requirements contained in Article 41 of the CBB Law.

GR-2.1.4 In approving a corporate or trade name, the CBB seeks to ensure that it is sufficiently distinct as to reduce possible confusion with other unconnected businesses, particularly those operating in the financial services sector. The CBB also seeks to ensure that names used by unregulated subsidiaries do not suggest those subsidiaries are in fact regulated.

MODULE	GR: General Requirements
CHAPTER	GR-3: Dividends

## GR-3.1 CBB Non-Objection

### GR-3.1.1

Bahraini Islamic bank licensees must obtain a letter of no-objection from the CBB to any dividend proposed, before announcing the proposed dividend by way of a press announcement or any other means of communication and prior to submitting a proposal for a distribution of profits to a shareholder vote.

#### GR-3.1.2

The CBB will grant a no-objection letter where it is satisfied that the level of dividend proposed is unlikely to leave the licensee vulnerable – for the foreseeable future – to breaching the CBB’s capital requirements, taking into account (as appropriate) the licensee’s liquidity and the adequacy of provisions against impaired credit facilities or other assets.

### GR-3.1.3

To facilitate the prior approval required under Paragraph GR-3.1.1, Islamic bank licensees subject to GR-3.1.1 must provide the CBB with:

- (a) The licensee’s intended percentage and amount of proposed dividends for the coming year;
- (b) A letter of no objection from the bank’s external auditor on such profit distribution; and
- (c) A detailed analysis of the impact of the proposed dividend on the capital adequacy requirements outlined in Module CA (Capital Adequacy) and liquidity position of the bank.

## GR-4.1 CBB Approval

### GR-4.1.1

In accordance with the CBB Governor's Resolution No.(33) for the year 2012 issued pursuant to Article 66 of the CBB Law, an Islamic bank licensee (transferor) must seek prior written approval from the CBB before transferring any regulated banking service to a person (transferee), except in the following circumstances:

- (a) Where the transferred business is limited to the assets and/or liabilities of the transferor and does not include any regulated banking services; or
- (b) Where the regulated service transferred accounts for less than 5% of the transferor's total assets and/or liabilities as recorded in the unconsolidated balance sheet of the financial quarter preceding the date of the transfer of business application.

### GR-4.1.2

For purposes of Paragraph GR-4.1.1 (a), a business transfer refers to a transfer of the rights and obligations of one Islamic bank licensee to a third party, so that the customers continue to be subject to the same terms and conditions as those originally agreed.

### GR-4.1.3

In instances where Subparagraph GR-4.1.1(b) applies, Islamic bank licensees must notify the CBB before transferring any regulated banking service to a transferee one month prior to the transfer taking place.

### GR-4.1.4

Rule GR-4.1.1 is intended to apply to circumstances where a bank wishes to transfer all or part of its business (examples: credit card business, asset management business) to a third party, or is undertaking winding up proceedings.

### GR-4.1.5

In the case of a Bahraini Islamic bank licensee, Chapter GR-4 applies to its assets and liabilities booked in Bahrain. In the case of an branches of foreign bank licensee, Chapter GR-4 applies only to assets and liabilities booked in the bank's Bahrain branch.

MODULE	GR: General Requirements
CHAPTER	GR 4: Business Transfers

## GR-4.2 Procedure with Respect to Applications

### GR-4.2.1

Islamic bank licensees wishing to transfer banking business in the Kingdom must apply to the Executive Director of Banking Supervision by submitting an application form along with the supporting documents as specified by the CBB (see Part B, Supplementary Information, Appendix GR-1). Unless otherwise directed by the CBB, the application must provide:

- (a) Full details of the business to be transferred including a detailed list of all liabilities or assets that will be transferred;
- (b) The rationale for the proposed transfer;
- (c) If applicable, an assessment of the impact of the transfer on any customers directly affected by the transfer, and any mitigating factors or measures;
- (d) If applicable, an assessment of the impact of the transfer on the transferor's remaining business and customers; and
- (e) Evidence that the proposed transfer has been duly authorised by the transferor (such as a certified copy of a Board resolution approving the transfer).

GR-4.2.2 Banks intending to apply to transfer a regulated service are advised to contact the CBB at the earliest possible opportunity, in order that the CBB may determine the nature and level of any documentation and/or the need for an auditor or other expert opinion to be provided. The CBB will grant its permission where the transfer will have no negative impact on the financial soundness of the bank, and does not otherwise compromise the interests of the bank's depositors and creditors. In all cases, the CBB will only grant its permission where the institution acquiring the regulated service holds the appropriate regulatory approvals and is in good regulatory standing.

### *Preliminary Assessment*

GR-4.2.3 The CBB will make a preliminary assessment of whether the proposed transfer is of a type that could be considered for approval or not based on the receipt of the documents referred to in Paragraph GR-4.2.1. If rejected, the applicant will be informed accordingly. The CBB will approve/reject the transfer of business application form after the submission of all necessary documents within 14 calendar days of the date where all documents have been submitted.

### *Publication of the Transfer of Business Application*

GR-4.2.4 In instances where the CBB is in favor of the transfer requested, and in accordance with Article 66(c) of the CBB Law, the transfer of business application will be published by the CBB in the Official Gazette and in two daily newspapers in the Kingdom of Bahrain (one in Arabic and one in English). The CBB notice will include a statement that written representations concerning the transfer of business application may be sent to the CBB within three months from the date of publication.

MODULE	GR:	General Requirements
CHAPTER	GR 4:	Business Transfers

## GR-4.2 Procedure with Respect to Applications (continued)

GR-4.2.5 If the liabilities are located in a jurisdiction outside Bahrain, the CBB may also publish such notice in the jurisdiction in which the risk is situated.

**GR-4.2.6** In all cases, the costs of publication of the notices referred to in Paragraphs GR-4.2.5 and GR-4.2.6 must be met by the transferor.

MODULE	GR: General Requirements
CHAPTER	GR 4: Business Transfers

### GR-4.3 Determination of Application

GR-4.3.1 The CBB will consider an application under Paragraph GR-4.2.1 if it is satisfied that:

- (a) Any objections received to the application to transfer the business following its publication in the Official Gazette and in two daily newspapers in the Kingdom of Bahrain (one in Arabic and one in English) as required under Article 66(d) have been reviewed and resolved by the CBB.
- (b) Except in so far as the CBB has otherwise directed, a copy of the notice has been sent to every affected customer and every other person who claims an interest in an asset or liability included in the proposed transfer (and has given written notice of his claim to the transferor);
- (c) Copies of a statement, approved by the CBB, setting out particulars of the transfer, have been available for inspection at one or more places in Bahrain for at least 30 days, from the date of publication of the notice specified in Paragraph GR-4.2.3; and
- (d) Where the proposed transfer includes any contract where the risk is situated in a jurisdiction other than Bahrain, a statement, approved by the CBB, setting out particulars of the transfer, has been available for inspection at one or more places in that jurisdiction for at least 30 days, starting with the date of publication of the notice specified in Paragraph GR-4.2.3.

GR-4.3.2 The CBB will not approve the transfer, under the terms of Paragraph GR-4.2.1, unless it is satisfied that:

- (a) The transferee is authorised to carry on regulated banking services in Bahrain or (where relevant) is authorised or otherwise permitted to carry on regulated banking services in the jurisdiction where any overseas risks are situated;
- (b) Every transaction or account or relationship included in the transfer evidences a contract which was entered into before the date of the application;
- (c) The transferee possesses the necessary solvency required by the regulatory authorities to which he is subject to, after taking the proposed transfer into account;
- (d) Where transactions, accounts, or customer relationships are being transferred from an overseas branch of a bank licensee, or the transferee is a branch of foreign bank licensee, the relevant overseas regulatory authority has been consulted about the proposed transfer, the law of that jurisdiction provides for the possibility of such a transfer, and the relevant supervisory authority in that jurisdiction has agreed to the transfer;
- (e) The transfer will not breach any applicable laws and regulations, and will not create any supervisory concerns;
- (f) The business transferred is not prohibited by the CBB; and
- (g) There are no material adverse consequences from the transfer on the transferee or the security of customers and creditors and their rights and obligations are protected.

<b>MODULE</b>	<b>GR: General Requirements</b>
<b>CHAPTER</b>	<b>GR 4: Business Transfers</b>

### **GR-4.3 Determination of Application (continued)**

- GR-4.3.3 In assessing the criteria outlined in Paragraph GR-4.3.2, the CBB will, amongst other factors, take into account the financial strength of the transferee; its capacity to manage the business being transferred; its track record in complying with applicable regulatory requirements; and (where applicable) its track record in treating customers fairly. The CBB will also take into account the impact of the transfer on the transferor, and any consequences this may have for the transferor's remaining customers.
- GR-4.3.4 The CBB will review the application and any other documents or information requested by the CBB taking into consideration any objections received and conditions stated in Article 66 (d) of the CBB law.
- GR-4.3.5 The CBB reserves the right to impose additional requirements if, in the opinion of the CBB, additional requirements are necessary to protect customer interests. In all cases where additional requirements are imposed, the CBB shall state the reasons for doing so.
- GR-4.3.6 The CBB will communicate its final decision to the transferor within 5 working days of the expiry of the period for submitting objections to the CBB (see Paragraph GR-4.2.4).

## **GR-4.4 CBB Decision**

GR-4.4.1 In accordance with Article 67 (d) of the CBB Law and Article 8 of the Regulation issued pursuant to Resolution No.(33) of 2012, the CBB's decision regarding the application for transfer made under Section GR-4.2, will be published as a notice in the Official Gazette and in two local newspapers (one in Arabic and one in English) and will come into effect from this date.

GR-4.4.2 If the liabilities are located in a jurisdiction outside Bahrain, the CBB may also publish such notice in the jurisdiction in which the risk is situated.

**GR-4.4.3** **The costs of publication of the notices referred to in Paragraphs GR-4.4.1 and GR-4.4.2 must be met by the transferor.**

GR-4.4.4 Article 67(e) of the CBB Law notes that where the application for business transfer has been turned down by the CBB or includes restrictions, the applicant may appeal to a competent court within 30 calendar days from the date of publication referred to in Paragraph GR-4.4.1.

MODULE	GR: General Requirements
CHAPTER	GR-5: Controllers

## GR-5.1 Key Provisions

GR-5.1.1 Condition 3 of the CBB's licensing conditions specifies, among other things, that Islamic bank licensees must satisfy the CBB that their controllers are suitable and pose no undue risks to the licensee (See Paragraph LR-2.3.1). There are also certain procedures which are set out in Articles 52 to 56 of the Central Bank of Bahrain and Financial Institutions Law (Decree No. 64 of 2006) ("CBB Law") on controllers. Licensees and their controllers must also observe the CBB's Capital Markets requirements in respect of changes in holdings of shares of listed companies. There are differing requirements for Bahraini Islamic bank licensees and branches of foreign bank licensees. The requirements of this Chapter apply in their entirety to Bahraini Islamic bank licensees. Requirements for branches of foreign bank licensees are less onerous and are outlined in Paragraph GR-5.1.10.

GR-5.1.2 There are strict limits on changes in the holdings of shares held by controllers in Bahraini Islamic bank licensees or the extent of voting control exercised by controllers in Bahraini Islamic bank licensees. These limits are outlined in Section GR-5.3. Failure to observe these limits may lead to imposition of enforcement provisions of the Rulebook on the licensee and other penalties on the controller under the provisions of the CBB Law as outlined in Paragraph GR-5.1.1, including loss of voting power or transfer of shares.

GR-5.1.3 The approval provisions outlined in Paragraphs GR-5.1.4 and GR-5.1.5 do not apply to existing holdings or existing voting control by controllers already approved by the CBB. The approval provisions apply to new/prospective controllers or to increases in existing holdings/voting control as outlined in Paragraphs GR-5.1.4 and GR-5.1.5, following the issuance of Regulation No.(31) for the year 2008.

**GR-5.1.4** Applicants seeking control of an Islamic bank license must provide details of their intended control, by submitting a duly completed Form 2 (Application for authorisation of controller). (See Subparagraph LR-3.1.5(a)).

MODULE	GR: General Requirements
CHAPTER	GR-5: Controllers

## GR-5.1 Key Provisions (continued)

### GR-5.1.5

For purposes of Paragraph GR-5.1.4, prior approval from the CBB must be obtained when any of the following changes relating to controllers (as defined in Section GR-5.2 and subject to the limits as outlined in GR-5.3) apply:

- (a) A new controller;
- (b) An existing controller increasing its holding from above 20% and up to and including 30% of issued and paid up share capital;
- (c) An existing controller increasing its holding from above 30% and up to and including 40% of issued and paid up share capital; or
- (d) An existing controller increasing its holding from above 40% and up to and including 50% of issued and paid up share capital; or
- (e) An existing controller increasing its holding to above 40% of the issued and paid up share capital of an unlisted bank. In this instance, the controller must be a regulated legal person.

### GR-5.1.6

For approval under Paragraph GR-5.1.5 to be granted, the CBB must be satisfied that the proposed controller or increase in control poses no undue risks to the licensee. The CBB will therefore consider or reconsider the criteria outlined in Paragraphs GR-5.3.6 to GR-5.3.8 in any request for approval. The CBB may impose any restrictions that it considers necessary to be observed in case of its approval of a new controller, or any of the changes listed to existing controllers in Paragraph GR-5.1.5. These restrictions will include the applicable maximum allowed limit of holding or control (as outlined in Section GR-5.3). A duly completed Form 2 (Controllers) must be submitted as part of the request for a change in controllers. An approval of controller will specify the applicable period for effecting the proposed acquisition of shares.

### GR-5.1.7

If, as a result of circumstances outside the Islamic bank licensee's knowledge and/or control, one of the changes specified in Paragraph GR-5.1.5 is triggered prior to CBB approval being sought or obtained, the Islamic bank licensee must notify the CBB no later than 15 calendar days from the date on which those changes have occurred.

### GR-5.1.8

Islamic bank licensees are required to notify the CBB as soon as they become aware of events that are likely to lead to changes in their controllers.

MODULE	GR: General Requirements
CHAPTER	GR-5: Controllers

## GR-5.1 Key Provisions (continued)

GR-5.1.8A The criteria by which the CBB assesses the suitability of controllers are set out in Section GR-5.3.

GR-5.1.8B Within 30 days of receiving all required documentation for an application for authorisation for control, the CBB will issue its decision in writing to the applicant. The CBB may extend the period to review the completed application for no more than three months from the date where all required documentation has been submitted.

**GR-5.1.9** Islamic bank licensees must submit, within 3 months of their financial year-end, a report on their controllers. This report must identify all controllers of the licensee, as defined in Section GR-5.2 and the extent of their shareholding interests.

**GR-5.1.10** In the case of branches of foreign bank licensees, the CBB must be notified of any new significant ownership in excess of 50% of the issued share capital of the concerned bank as soon as the branch becomes aware of the new significant ownership. The concerned branch must provide a copy of the relevant approval by the home supervisor of the concerned bank. No other action is necessary unless the CBB makes a subsequent request for information or issues a formal direction. The CBB reserves the right to take any appropriate actions, including withdrawal of the license.

MODULE	GR: General Requirements
CHAPTER	GR-5: Controllers

## GR-5.2 Definition of Controller

### GR-5.2.1

A controller of an Islamic bank licensee is a natural or legal person who either alone, or with his associates:

- (a) Holds 10% or more of the issued and paid up share capital in the licensee ("L"), or is able to exercise (or control the exercise of) 10% or more of the voting power in L; or
- (b) Holds 10% or more of the issued and paid up share capital in a parent undertaking ("P") of L, or is able to exercise (or control the exercise of) 10% or more of the voting power in P; or
- (c) Is able to exercise significant influence over the management of L or P.

### GR-5.2.2

For the purposes of Paragraph GR-5.2.1, "associate" includes:

- (a) The spouse, son(s) or daughter(s) of a controller;
- (b) An undertaking of which a controller is a Director;
- (c) A person who is an employee or partner of the controller; and
- (d) If the controller is a legal person, a Director of the controller, a subsidiary of the controller, or a Director of any subsidiary undertaking of the controller.

### GR-5.2.3

Associate also includes any other person or undertaking with which the controller has entered into an agreement or arrangement as to the acquisition, holding or disposal of shares or other interests in the Islamic bank licensee, or under which they undertake to act together in exercising their voting power in relation to the Islamic bank licensee.

MODULE	GR: General Requirements
CHAPTER	GR-5: Controllers

### GR-5.3 Suitability of Controllers

#### GR-5.3.1

All new controllers or prospective controllers (as defined in Section GR-5.2) of a Bahraini Islamic bank licensee must obtain the approval of the CBB. Any increases to existing controllers' holdings or voting control (as outlined under Paragraph GR-5.1.5) must also be approved by the CBB and are subject to the conditions outlined in this Section. Such changes in existing controllers (as defined in the Section GR-5.2) or new/prospective controllers of an Islamic bank licensee must satisfy the CBB of their suitability and appropriateness according to the criteria outlined in Paragraphs GR-5.3.6 to GR-5.3.8. The CBB will issue an approval notice or notice of refusal of a controller according to the approval process outlined in Section GR-5.4 and Paragraph GR-5.1.6.

#### GR-5.3.2

All controllers or prospective controllers (whether natural or legal persons) of all Islamic bank licensees are subject to the approval of the CBB. Persons who intend to take ownership stakes of 10% or above of the voting capital of a Bahraini Islamic bank licensee are subject to enhanced scrutiny, given the CBB's position as home supervisor of such licensees. The level of scrutiny and the criteria for approval become more onerous as the level of proposed ownership increases. Existing and prospective controllers should therefore take particular note of the requirements of Paragraphs GR-5.3.3 to GR-5.3.8 if they wish to take more substantial holdings or control.

As a matter of policy, the CBB distinguishes between regulated legal persons (i.e. financial institutions) and unregulated legal persons and natural persons as controllers. Regulated legal persons must satisfy home country prudential requirements. As a regulated legal person can own a greater percentage of issued and paid up share capital, it is subject to additional conditions as outlined in Paragraph GR-5.3.8. The CBB may also contact the home regulators for information on the "fit & proper" status of the applicant.

#### GR-5.3.3

A natural person will not be allowed to own or control more than 15% of the voting capital of a Bahraini Islamic bank licensee. Such person must satisfy the conditions in Paragraph GR-5.3.6 below.

#### GR-5.3.4

An unregulated legal person (including companies, trusts, partnerships) will not be allowed to own or control more than 20% of the voting capital of a Bahraini Islamic bank licensee. All such persons must satisfy the conditions in Paragraph GR-5.3.7 below.

CHAPTER	GR-5: Controllers

### GR-5.3 Suitability of Controllers (continued)

#### GR-5.3.5

## **GR-5.4 Approval Process**

- GR-5.4.1 Within 3 months of receipt of an approval request under Paragraph GR-5.1.4, the CBB will issue in writing to the applicant and the bank, an approval notice (with or without restrictions) or a written notice of refusal if it is not satisfied that the person concerned is suitable to increase his shareholding in, or become a controller of the Islamic bank licensee. The notice of refusal or notice of approval with conditions will specify the reasons for the objection or restriction and specify the applicant's right of appeal in either case. Where an approval notice is given, it will specify the period for which it is valid and any conditions that attach (see Paragraph GR-5.1.6). These conditions will include the maximum permitted limit of holding or voting control exercisable by the controller.
- GR-5.4.2 Notices of refusal have to be approved by an Executive Director of the CBB. The applicant has 30 calendar days from the date of the notice in which to make written representation as to why his application should not be refused. The CBB then has 30 calendar days from the date of receipt of those representations to reconsider the evidence submitted and make a final determination, pursuant to Article 53 of the Central Bank of Bahrain and Financial Institutions Law (Decree No. 64 of 2006) ("CBB Law") and Module EN (Enforcement).

## GR-6.1 Access to PISPs and AISPs

GR-6.1.1 The CBB has recognised the need to revise its rules in keeping with the following changes at a systemic level, both globally and regionally:

- a) market growth in e-commerce activities;
- b) increased use of internet and mobile payments;
- c) consumer demand to increasingly use smart device based payment solutions;
- d) the developments in innovative technology; and
- e) a trend towards customers having multiple account providers.

This section sets forth the rules applicable to Islamic retail bank licensees with regards to the new category of ancillary service providers described below.

GR-6.1.2 The CBB has established a Directive contained in “Module OB: Open Banking” in Volume 5 of the CBB Rulebook that deals with a new sub category of ancillary service providers who, under the terms of the CBB license, may provide “payment initiation services” and/or “account information services”. Such licensees are termed “payment initiation service providers” or PISPs and “account information service providers” or AISPs. Banks and other licensees which maintain a customer account is referred to in the CBB Rulebook Volume 5 as “licensees maintaining customer accounts”.

### GR-6.1.3

#### Islamic retail bank licensees must:

- (a) grant ancillary service providers of the types referred to in Paragraph AU-1.2.1 (f) and (g) of Rulebook Volume 5: Ancillary Service Providers Authorisation Module, access to customer accounts on an objective, non-discriminatory basis based on consents obtained from the customer;
- (b) provide the criteria that the Islamic retail bank licensees apply when considering requests pursuant to sub-paragraph (a) above for such access; and
- (c) ensure that those criteria are applied in a manner which ensures compliance with sub-paragraph (a) above while ensuring adherence to Law No 30 of 2018, Personal Data Protection Law (PDPL) issued on 12 July 2018.

### GR-6.1.4

Access to customer accounts granted pursuant to Paragraph GR-6.1.3 must be sufficiently extensive to allow the AISP and PISP access in an unhindered and efficient manner.

<b>MODULE</b>	<b>GR: General Requirements</b>
<b>CHAPTER</b>	<b>GR 6: Open Banking</b>

## **GR-6.1 Access to PISPs and AISPs (continued)**

GR-6.1.5 Access to customer accounts granted pursuant to Paragraph GR-6.1.3 shall mean that at customer's direction, the licensees are obliged to share all information that has been provided to them by the customer and that which can be accessed by the customer in a digital form. The obligation should only apply where the licensee keeps that information in a digital form. Furthermore, the obligation should not apply to information supporting identity verification assessment; which the licensees should only be obliged to share with the customer directly, not a data recipient. The information accessed shall include transaction data and product and services data that banks are required to publicly disclose, such as price, fees, and other charges should be made publicly available under open banking. 'Value Added Data' and 'Aggregated Data' are not required to be shared. Value added data results from material enhancement by the application of insights, analysis, or transformation by the licensee. Aggregated data refers to various elements of customer data aggregated for the purpose of internal management by the licensee.

### **GR-6.1.6**

If an Islamic retail bank licensee refuses a request for access to such services or withdraws access to such services, it must seek approval of the CBB in a formal communication which must contain the reasons for the refusal or the withdrawal of access and contain such information as the CBB may direct. The CBB shall approve the request if it is satisfied that the impact of not giving access is minimal. If the request is rejected, the Islamic retail bank licensee must adhere to the direction provided by the CBB.

- (a) process for instructing and authentication by the Islamic retail bank licensee;
- (b) establishing and maintaining authentication of communication sessions between the Islamic retail bank licensee, the AISP, the PISP and the payment service user(s); and

CHAPTER	GR 6: Open Banking

## GR-6.2 Communication Interface for PISPs and AISPs (continued)

**GR-6.2.5** Islamic retail bank licensees must establish and make available a testing facility, including support, for connection and functional testing by authorised AISPs and PISPs that have applied for the relevant authorisation, to test their software and applications used for offering an information/payment service to users. No sensitive information must be shared through the testing facility.

**GR-6.2.6** Islamic retail bank licensees must ensure that the dedicated interface established for the AISPs and PISPs offers the same level of availability and performance, including support, as well as the same level of contingency measures, as the interface made available to the payment service user for directly accessing its payment account online.

**GR-6.2.7** For the purposes of GR-6.2.6, the following requirements apply:

- (a) Islamic retail bank licensees must monitor the availability and performance of the dedicated interface and make the resulting statistics available to the CBB upon their request;
- (b) where the dedicated interface does not operate at the same level of availability and performance as the interface made available to the Islamic retail bank licensee's customer when accessing the payment account online, the bank must report it to the CBB and must restore the level of service for the dedicated interface without undue delay and take the necessary action to avoid its reoccurrence;
- (c) the report referred to in (b) above must include the causes of the deficiency and the measures adopted to re-establish the required level of service; and
- (d) AISPs and PISPs making use of the dedicated interface offered by Islamic retail bank licensees must also report to the CBB any deficiency in the level of availability and performance required of the dedicated interface.

**GR-6.2.8** Islamic retail bank licensees must include in the design of dedicated interface, a strategy and plans for contingency measures in the event of an unplanned unavailability of the interface and systems breakdown. The strategy must include communication plan to inform the relevant AISP/PISP making use of the dedicated interface in the case of breakdown, measures to bring the system back to 'business as usual' and a description of alternative options AISPs and PISPs may make use of during the unplanned downtime.

#### GR-6.3.2

Islamic retail bank licensees must ensure secured identification when communicating with AISPs and PISPs.

#### GR-6.3.3

Islamic retail bank licensees must ensure that, when exchanging data via the internet, with PISPs and AISPs, secure encryption is applied between the communicating parties throughout the respective communication session in order to safeguard the confidentiality and the integrity of the data, using strong and widely recognised encryption techniques.

#### GR-6.3.4

PISPs and AISPs must keep the access sessions offered by Islamic retail bank licensees as short as possible and they must actively terminate the session as soon as the requested action has been completed.

#### GR-6.3.5

When maintaining parallel network sessions with the PISPs and AISPs, Islamic retail bank licensees must ensure that those sessions are securely linked to relevant sessions established in order to prevent the possibility that any message or information communicated between them could be misrouted.

MODULE	GR: General Requirements
CHAPTER	GR 6: Open Banking

### GR-6.3 Security of Communication Sessions and Authentication (continued)

#### GR-6.3.6

Islamic retail bank licensees' sessions with PISPs and AISPs must contain unambiguous reference to each of the following items:

- (a) the customer and the corresponding communication session in order to distinguish several requests from the same customer;
- (b) for payment initiation services, the uniquely identified payment transaction initiated.;
- (c) for confirmation on the availability of funds, the uniquely identified request related to the amount necessary for the execution of the transaction.

#### GR-6.3.7

- (b) they must provide, immediately after receipt of the payment order, the same information on the initiation and execution of the payment transaction provided or made available to the customer when the transaction is initiated directly by the latter;
- (c) they must, upon request, immediately provide AISPs and PISPs with a confirmation whether the amount necessary for the execution of a payment transaction is available on the payment account of the payer. This confirmation must consist of a simple 'yes' or 'no' answer.

MODULE	GR: General Requirements
CHAPTER	GR 6: Open Banking

### GR-6.3 Security of Communication Sessions and Authentication (continued)

#### GR-6.3.9

In case of an unexpected event or error occurring during the process of identification, authentication, or the exchange of the data elements, the Islamic retail bank licensees must send a notification message to the relevant PISP or AISP which explains the reason for the unexpected event or error.

#### GR-6.3.10

Where the Islamic retail bank licensee offers a dedicated interface, it must ensure that the interface provides for notification messages concerning unexpected events or errors to be communicated by any PISP or AISP that detects the event or error to the other licensees participating in the communication session.

- (c) the authentication code cannot be forged.

#### GR-6.3.13

Islamic retail bank licensees, PISPs and AISPs must adopt security measures that meet the following requirements:

- (a) the authentication code generated must be specific to the amount of the payment transaction and the payee agreed to by the payer when initiating the transaction; and
- (b) the authentication code accepted by the licensee maintaining customer account corresponds to the original specific amount of the payment transaction and to the payee agreed to by the payer;
- (c) a SMS message must be sent to the customer upon accessing the online portal or application and when a transaction is initiated;
- (d) any change to the amount or the payee must result in the invalidation of the authentication code generated.

MODULE	GR: General Requirements
CHAPTER	GR 6: Open Banking

### GR-6.3 Security of Communication Sessions and Authentication (continued)

#### *Independence of elements of strong authentication*

##### GR-6.3.14

Islamic retail bank licensees, AISPs and PISPs must establish adequate security features for customer authentication including the use of the following three elements:

- (a) an element categorised as knowledge (something only the user knows), such as length or complexity of the pin or password;
- (b) an element categorised as possession (something only the user possesses) such as algorithm specifications, key length and information entropy, and
- (c) for the devices and software that read, elements categorised as inherence (something the user is), i.e. algorithm specifications, biometric sensor and template protection features.

##### GR-6.3.15

Islamic retail bank licensees, AISPs and PISPs must ensure that the elements referred to in Paragraph GR-6.3.14 are independent, so that the breach of one does not compromise the reliability of the others, in particular, when any of these elements are used through a multi-purpose device, i.e. a device such as a tablet or a mobile phone which can be used for both giving the instruction to make the payment and for being used in the authentication process. The CBB will consider exempting from a 3 factor authentication on a case to case basis.

## GR-6.4 Standards for Program Interfaces and Communication

**GR-6.4.1** Islamic retail bank licensees must adhere to the best practices of technical standards, including for application program interfaces (APIs), electronic identification, transmission of data and web security.

**GR-6.4.3** To remain technologically neutral the technical standards adopted by Islamic retail bank licensees must not require a specific technology to be adopted by AISPs or PISPs. Authentication codes must be based on solutions such as generating and validating one-time passwords, digital signatures or other cryptographically underpinned validity assertions using keys and/or cryptographic material stored in the authentication elements, as long as the security requirements are fulfilled.
