MODULE	SG: Shari'a Governance
CHAPTER	SG-A: Introduction

SG-A.1 Purpose

SG-A.1.1 The purpose of the Module is to establish best practice Shari'a governance principles in Bahrain, and to provide protection for investors and other Islamic bank licensees' stakeholders through compliance with these principles.

SG-A.1.2 Shari'a Governance can be defined as a system whereby a Bahraini Islamic bank licensee attempts to comply with Shari'a in all its activities. It is the duty of all the stakeholders to strengthen Shari'a Governance framework of their respective institutions. The main objectives of a Shari'a Governance framework are:

- (a) To provide a structure and a system to govern all the business activities of the Bahraini Islamic bank licensee in order to ensure Shari'a compliance at all times and at all levels.
- (b) To enable the Bahraini Islamic bank licensee to be perceived as Shari'a compliant by the stakeholders including the general public.

SG-A.1.3 This Module provides support for certain other parts of the Rulebook, mainly:

- (a) High-level Controls;
- (b) Licensing Requirements; and
- (c) Training and Competency.

SG-A.1.4 All references in this Module to 'he' or 'his' should, unless the context otherwise requires, be construed as also being references to 'she' and 'her'.

Legal Basis

SG-A.1.5

This Module contains the CBB's Directive (as amended from time to time) relating to Shari'a Governance and is issued under the powers available to the CBB under Article 38 of the Central Bank of Bahrain and Financial Institutions Law 2006 ('CBB Law'). The Directive in this Module is applicable to all Bahraini Islamic bank licensees (including their approved persons).

SG-A.1.6 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

SG-2.3.31

In the performance of their duties, members of the SSB may have access to files, records, draft materials and conversations that are, under the Bahraini Islamic bank licensee's internal procedures and by market practice, deemed confidential. Where a member of the SSB serves several Bahraini Islamic bank licensees simultaneously, the issue arises as to how they handle confidential or commercially sensitive information obtained in the course of performing their duties. It is a key concern of professional ethics that confidential or sensitive information obtained by a member of the SSB while serving a Bahraini Islamic bank licensee should not be used by them in ways that could be detrimental to that Bahraini Islamic bank licensee, particularly in ways that might give a competitive advantage to its competitors.

SG-2.3.32

The duty to observe confidentiality applies to all information with which members of the SSB are entrusted by the licensee, or which is brought to their attention during or at any time after the carrying out of their assignment. Confidentiality obligations do not end when a member of the SSB ceases to serve a Bahraini Islamic bank licensee or when a matter is completed or closed. Members of the SSB must observe the same restrictions unless they have obtained express authorisation from the Bahraini Islamic bank licensee that relieves them from such obligation.

SG-2.3.33

Where a SSB member has a dissenting opinion on a fatwa given by the SSB, he must not criticize such fatwa publicly.

This must be done on a self-assessment basis.

SG-2.7.2 For purposes of Paragraph SG-2.7.1, the assessment should be made based on an objective performance measurement that is developed in consultation with the SSB and endorsed by the board of directors.

SG-2.7.3 The performance assessment report should be submitted to the board of directors for observation and constructive comments.
