BR-A.1 Purpose

Executive Summary

BR-A.1.1 This Module sets out the Central Bank of Bahrain’s (‘CBB’) financial reporting requirements, as well as notifications and CBB prior approvals required from insurance licensees, except for licensees exempted as per Chapter BR-1. This Module also outlines the methods used by the CBB in gathering information required in the supervision of insurance licensees.

Legal Basis

BR-A.1.2

This Module contains the CBB’s (as amended from time to time) Directive relating to reporting requirements of the CBB and is issued under the powers available to the CBB under Article 38 of the Central Bank of Bahrain and Financial Institutions Law 2006 (‘CBB Law’). The Directive in this Module is applicable to insurance licensees (including their approved persons).

BR-A.1.3 For an explanation of the CBB’s rule-making powers and different regulatory instruments, see Section UG-1.1.

BR-B.1.2 The effect of BR-B.1.1 is that this Module, unless otherwise stated, applies in full to all insurance licensees authorised in Bahrain whether or not the insurance licensee is incorporated in an overseas territory and operating through a branch in the Kingdom. MODULE	BR: CBB Reporting
CHAPTER	BR-1: Prudential Reporting

BR-1.1 Insurance Firms - Insurance Firm Return

BR-1.1.1 Insurance firms must prepare and submit to the CBB an Insurance Firm Return for each financial year, within 3 months of the insurance firm's financial year end.

BR-1.1.2 The financial year of an insurance firm must be a 12-month period ending on 31 December, except where the firm has obtained the written consent from the CBB for either the period or the period end to be other than 12 months and 31 December respectively. In any event, the financial year can never be less than a 6-month period or greater than an 18-month period.

BR-1.1.3 Except in exceptional circumstances and subject to BR-1.1.2, an insurance firm's financial year, for the purposes of preparing the Insurance Firm Return, and the financial year for the purposes of preparing the shareholder accounts, must coincide.

BR-1.1.4 For the purposes of BR-1.1.3, the CBB would usually accept that the financial year end of an overseas insurance firm would be the same as that of the company itself. The only times that the CBB would be likely to consider allowing an insurance firm to adopt a financial period of other than 12 months would be the year in which it is authorised (i.e. a period of less than 12 months) or when the company itself changes its reporting period for the purposes of its shareholder accounts.

Content of the Insurance Firm Return

BR-1.1.5 For every insurance firm who undertakes insurance business, an Insurance Firm Return must be submitted within three months of its financial year end, using the prescribed form IFR from Part B of Volume 3 (Insurance), together with the required Directors' Certificate, and where applicable, Actuary's Certificate and report.

BR-1.1.6 For purposes of Paragraph BR-1.1.5, captive insurers are required to submit additional information, as outlined in prescribed Form IFR. This information covers:

- (a) Risk Gap – the degree to which the firm's potential liabilities (under the policy limits) exceed available assets and the resources available to meet this gap; and
- (b) Reinsurance – the firm's providers, limits and claims.

BR-1.1 Insurance Firms - Insurance Firm Return (continued)

BR-1.1.7 The content of the Insurance Firm Return required to be submitted by an insurance firm in accordance with BR-1.1.5 must be in the format prescribed by the CBB and completed in accordance with any instructions specified by the CBB.

BR-1.1.8 The Insurance Firm Return must be completed by every insurance firm licensed in Bahrain, in the following manner:

- In the case of an insurance firm incorporated in Bahrain the Insurance Firm Return must be completed on an equity basis, (cost of investment plus share of profits and less share of loss and dividends declared) detailing all investments in subsidiaries; or
- In the case of an overseas insurance firm licensed in Bahrain, the Insurance Firm Return must be completed in respect of the insurance business carried out by the overseas insurance firm in Bahrain.

BR-1.1.9 The format of the Insurance Firm Return is included in Part B of the Rulebook as Form IFR, with forms applicable for conventional business, IFR(C) and for takaful business, IFR (T).

Valuation of Assets and Liabilities

BR-1.1.10 For the purposes of the Insurance Firm Return, the information submitted must include the amounts as per the audited financial statements, the value or amount given for an asset or a liability of the insurance licensee as determined in accordance with Chapter CA-4, Valuation of Assets and Chapter CA-5, Valuation of Liabilities, as well as the admissibility and counterparty limits of the firm's assets for purposes of calculating the firm's capital available.

BR-1.1.11 The valuation of liabilities in respect of long-term insurance business must be made on a basis not less stringent than the minimum basis specified in Chapter CA-5. Should this long-term business relate to a jurisdiction other than Bahrain, the valuation basis adopted must be the more stringent of:

- The basis specified in Chapter CA-5; and
- The basis required by the law of that other jurisdiction for regulatory purposes.

Audit and Auditor's Report

BR-1.1.14 The Insurance Firm Return (IFR) of every insurance firm must be reviewed in accordance with the International Standard on Related Services applicable to agreed-upon procedures engagements. The review must certify that the information provided in the IFR is in agreement with the books and records of the company and its audited financial statements.

BR-1.1.15 The Insurance Firm Return must be reviewed by the firm's external auditor, appointed in accordance with Module AA, or by other qualified persons as directed by the CBB.

BR-1.1.16 The insurance firm must provide to the CBB within four months of the financial year end, an auditor's report, in the format prescribed by the CBB, stating the auditor's opinion on the matters identified in this Module.

It must state that, in his opinion, the actuary has satisfied himself as to the accuracy of the valuations made for the purposes of the investigation and as to their adequacy to meet the obligations of the insurance firm and the financial statements fairly present the results of the valuation. In addition, the actuary will have verified the consistency of the valuation data with the insurance firm's financial records.

BR-1.1.19 The format of the Actuary's Certification is included as part of the IFR.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.1 Introduction

BR-2.1.1 Insurance licensees are required to provide the CBB with a wide range of information to enable it to meet its responsibilities for monitoring the insurance licensee's compliance with requirements imposed by or under the CBB Law. Some of this information is provided through regular reports, whereas others are in response to the occurrence of a particular event such as a change in name or address. The following sets out several of the commonly occurring reports for which an insurance licensee will be required to notify the CBB or seek its approval.

BR-2.1.2 All notifications and approvals required in this Chapter are to be submitted by insurance licensees in writing.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.2 Notification Requirements

Matters Having a Serious Supervisory Impact

- BR-2.2.1** An insurance licensee must provide written notification to the CBB immediately it becomes aware, or has information which reasonably suggests, that any of the following has occurred, may have occurred or may occur in the foreseeable future:
- (a) The insurance licensee failing to satisfy one or more of the Principles of Business referred to in Module PB;
 - (b) Any matter which could have a significant adverse impact on the insurance licensee's reputation;
 - (c) Any matter which could affect the insurance licensee's ability to continue to provide adequate services to its customers and which could result in serious detriment to a customer of the insurance licensee; or
 - (d) Any matter in respect of the insurance licensee that could result in serious financial consequences to the financial system or to other insurance licensees.

BR-2.2.2 The circumstances that may give rise to any of the events in Paragraph BR-2.2.1 are wide-ranging and the probability of any matter resulting in such an outcome, and the severity of the outcome, may be difficult to determine. However, the CBB expects insurance licensees to consider properly all potential consequences of events.

BR-2.2.3 In determining whether an event that may occur in the foreseeable future should be notified to the CBB, an insurance licensee should consider both the probability of the event happening and the severity of the outcome should it happen. Matters having a supervisory impact could also include matters relating to a parent undertaking or controller that may indirectly have an effect on the insurance licensee.

Breaches of Rules and Other Requirements

- BR-2.2.4** An insurance licensee must notify the CBB of:
- (a) A significant breach of any provision of the Rulebook (including a Principle);
 - (b) A breach of any requirement imposed by the relevant law or by Regulations or an order made under any relevant law by the CBB; or
 - (c) The bringing of a prosecution for, or conviction of, any offence under any relevant law against the insurance licensee that would prevent the insurance licensee from meeting the Principles or Business (Module PB) or any of its Directors, officers, approved persons, or appointed representatives from meeting the fit and proper requirements of Module AU.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.2 Notification Requirements (continued)

- (b) The risk of reputational loss to the insurance licensee; and
- (c) Whether the incident or a pattern of incidents reflects weaknesses in the insurance licensee’s internal controls.

BR-2.2.10 In addition, if the insurance licensee may have suffered significant financial losses as a result of the incident, or may suffer reputational loss, the CBB will wish to consider this and whether the incident suggests weaknesses in the insurance licensee’s internal controls.

Insolvency, Bankruptcy and Winding Up

BR-2.2.11

Except in instances where the CBB has initiated the following actions, an insurance licensee must notify the CBB immediately of any of the following events:

- (a) The calling of a meeting to consider a resolution for winding up the insurance licensee, a controller or close link, including a parent undertaking of the insurance licensee;

BR-2.2.13 The supervisory regime and any legislative or foreign provisions to which the insurance licensee, including its branches, is subject, influence the CBB's approach to the supervision of the insurance licensee.

BR-2.2.13A If, as a result of circumstances outside the Bahraini insurance licensee's knowledge and/or control, one of the changes to their controllers specified in Paragraph GR-5.1.1 is triggered prior to CBB approval being sought or obtained, the Bahraini insurance licensee must notify the CBB as soon as it becomes aware of the fact and no later than 15 calendar days after the change occurs (ref. GR-5.1.5).

BR-2.2.13B Overseas insurance licensees must notify the CBB of any new significant ownership in excess of 50% of the issued and paid up capital of the concerned licensee's direct parent undertaking as soon as the licensee becomes aware of the change (see Paragraph GR-5.5.1).

Controllers and Close Links

- BR-2.3.7** In accordance with Section GR-5.1, a Bahraini insurance licensee must seek CBB approval and give reasonable advance notice of any of the following events concerning the insurance licensee:
- (a) A person acquiring control or ceasing to have control;
 - (b) An existing controller acquiring an additional type of control (such as ownership or significant influence) or ceasing to have a type of control;
 - (c) An existing controller increasing his or her percentage in the issued or paid up capital or voting power beyond 10%, 20%, 30% or 40%; and
 - (d) An existing controller becoming or ceasing to be a parent undertaking.
- BR-2.3.8 As part of the CBB's function of monitoring an insurance licensee's continuing satisfaction of the Principles of Business, the CBB needs to consider the impact of any significant change in the circumstances of one or more of its controllers, for example: changes in their financial standing; changes in respect of their corporate controllers; and changes in their governing bodies. Consequently, the CBB needs to know if there are any such changes.
- BR-2.3.9** Every insurance licensee authorised in Bahrain is required to submit an annual report on its controllers, as per Paragraphs GR-5.1.7 and GR-5.5.3, and close links as set out in Paragraph GR-6.1.3.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.3 Approval Requirements (continued)

BR-2.3.12

In accordance with Paragraph GR-6.1.3, an insurance licensee must submit within 3 months of its financial year end, a report on its close links. This report must identify all undertakings closely linked to the licensee, as defined in Section GR-6.2. In addition, where at any time requested by the CBB, insurance licensees must provide information on undertakings with which they are closely linked.

BR-2.3.13 Insurance licensees must satisfy the requirements of Paragraph GR-6.1.3 by submitting a corporate structure chart, identifying all undertakings closely linked to the licensee.

Carrying out Business in Another Jurisdiction

BR-2.3.14

An insurance licensee must seek CBB approval and give three months- “... notice of its intention to undertake insurance business in a jurisdiction other than Bahrain, or in the case of an overseas company licensed in Bahrain, a jurisdiction other than Bahrain and its country of incorporation or establishment, prior to commencing that business and where the effect of commencing that business may have a significant impact on:

- (a) The insurance licensee’s business in Bahrain; or
- (b) The capital resources, required solvency margin or Bahrain required solvency margin (whichever applies) of the insurance licensee.

This requirement applies whether or not the insurance licensee is required to be regulated locally in the jurisdiction where it proposes to undertake insurance business.

BR-2.3.15 In the case of an insurance licensee incorporated in Bahrain, the CBB will use this information to consider whether or not it should object to or impose additional requirements on the licensee. In the case of an overseas insurance licensee, the CBB would normally expect that were such action deemed necessary that it would be taken by the company’s home supervisor and not the CBB.

BR-2.3.16 Insurance licensees are reminded that with limited exceptions (refer Section AU-1.1.10) that an insurance licensee must not carry on any commercial business in the Kingdom of Bahrain or elsewhere other than insurance business and activities directly arising from or incidental to that business. In instances where an insurance licensee carries on a commercial business, at the time where the Insurance Rulebook becomes effective, the insurance licensee must notify the CBB to establish the transitional rules in relation to this prohibited activity.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.3 Approval Requirements (continued)

Mergers, Acquisitions, Disposals and Establishment of New Subsidiaries

- BR-2.3.17** An insurance licensee incorporated in Bahrain must seek CBB approval and give reasonable advance notice of its intention to:

 - (b) Enter into a proposed acquisition, disposal or establishment of a new subsidiary; or
 - (c) Open a new place of business as a subsidiary, a branch or a representative office within the Kingdom of Bahrain or other jurisdiction.

BR-2.3.18 Bahraini insurance licensees will in addition to this approval requirement need to consider the implications of a merger, acquisition, disposal or establishment of a new subsidiary in the context of the controllers and close links Rules set out in Module GR. Where an insurance licensee proposes to enter into a merger, the CBB would ordinarily expect to be notified in the context of the controller notification requirements set out in Module GR and Paragraph BR-2.3.17.

BR-2.3.19 Overseas insurance licensees, whilst not having to give advance notice of a proposed merger with another undertaking, a proposed acquisition, disposal or establishment of a new subsidiary under Paragraph BR-2.3.17, will still need to consider the implications of such transactions in the context of the controllers and close links rules set out in Module GR. Where an overseas insurance licensee proposes to enter into a merger, the CBB would ordinarily expect to be notified in the context of the controller notification requirements set out in Module GR and Paragraph BR-2.3.16.

New or Additional Premises

- BR-2.3.20** An insurance licensee must seek prior approval from the CBB of its intention to carry on its business from new or additional premises in Bahrain. This requirement applies whether or not the premises are to be used for the purposes of transacting business with policyholders or customers, administration of the business or as the head office in Bahrain of the insurance licensee.

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.3 Approval Requirements (continued)

BR-2.3.21 Insurance licensees are not required to notify the CBB of premises where business on behalf of the insurance licensee is carried out by appointed representatives of the insurance licensee. However, the CBB expects the insurance licensee to maintain a record of all such premises and to be able to produce that record should it be requested by the CBB.

Transactions with Related Parties

BR-2.3.22 An insurance firm that is not a captive insurer must obtain the prior approval of the CBB of any proposed transaction with a related party (a related party transaction) where the fair value of that related party transaction exceeds 10 per cent, or where several smaller transactions that appear to be linked fall above this threshold, of the insurance firm's capital available, as defined in Paragraph CA-1.2.21.

BR-2.3.23 In the case of insurance contracts, for purposes of Paragraph BR-2.3.22, prior approval of the CBB is required where the sum insured under the insurance contract exceeds 10 per cent of the insurance firm's capital available.

BR-2.3.24 For the purposes of this Section, 'fair value' is the market value being the amount that would be paid or received in a transaction between a willing buyer and a willing seller that are themselves not related parties.

BR-2.3.25 The only exceptions to Paragraph BR-2.3.22 are:

- (a) In the case of an overseas insurance firm, Paragraph BR-2.3.22 applies only in relation to transactions initiated or made on behalf of the overseas insurance firm or with an approved person of the overseas insurance firm; or
- (b) Where the related party transaction is one involving the effecting or carrying out of a contract of insurance and that transaction is on terms no more favourable than those that would apply were the transacting parties not related parties.

BR-2.3.26 For the purpose of this Section, a related party of an insurance firm includes:

- (a) A controller of the insurance firm as defined in Module GR;
- (b) A close link of the insurance firm as defined in Module GR;
- (c) An associate of a controller as defined in Module GR;
- (d) The extended family of a controller including a father, mother, father-in-law, mother-in-law, brother, sister, brother-in-law, sister-in-law, or grandparent; and

MODULE	BR: CBB Reporting
CHAPTER	BR-2: Notifications and Approvals

BR-2.3 Approval Requirements (continued)

- (e) A corporate entity, whether or not licensed or incorporated in Bahrain, where any of the persons identified in Sub-Paragraphs (c) and (d) is a Director or would be considered a controller were the definition of controller set out in Paragraph GR-5.2.1 applied to that corporate entity.

BR-2.3.27 For the purposes of this Section, a related party transaction means the transfer of assets or liabilities or the performance of services by, to or for a related party irrespective of whether a price is charged.

BR-2.3.28 For purposes of Paragraph BR-2.3.26, insurance firms should note the use of 'includes' in the definition of related party. The CBB is of the view that whilst the definition should be sufficient to identify most related parties there may be individual circumstances where a related party exists that is not explicitly within the definition. Accordingly where an insurance firm is in any doubt as to whether or not a party is a related party they should notify and seek the CBB's advice accordingly.

Other Prior Approvals Required

BR-2.3.29 An insurance licensee must seek prior approval from the CBB for the following:

- (a) **[This Sub-paragraph was deleted in January 2023];**

- (d) Appointment of persons undertaking a controlled function in an insurance licensee (ref. AU-1.2.1);
- (e) Appointment or cancellation of appointment of an insurance manager in accordance with AU-2.2.4; and
- (f) Any material changes or proposed changes to the information provided to the CBB in support of an authorisation application that occurs after authorisation has been granted. Insurance licensees must, in particular, seek prior CBB approval before undertaking activities in new classes of insurance. (ref. AU-5.4.1).

No Objection Requirement

BR-2.3.30 Before submitting a proposal for a distribution of profits (dividends) to a shareholder vote, an insurance licensee must obtain a letter of no objection from the CBB (ref: Paragraph GR-3.1.1).

CHAPTER	BR-3: Information Gathering by the CBB

BR-3.1 Power to Request Information

BR-3.1.1 In accordance with Article 111 of the CBB Law, insurance licensees must provide all information that the CBB may reasonably request in order to discharge its regulatory obligations.

BR-3.1.1A Insurance licensees must provide all relevant information and assistance to the CBB inspectors and appointed experts on demand as required by Articles 111 and 114 of the CBB Law. Failure by insurance licensees to cooperate fully with the CBB's inspectors or appointed experts, or to respond to their examination reports within the time limits specified, will be treated as demonstrating a material lack of cooperation with the CBB which will result in other enforcement measures being considered, as described elsewhere in Module EN. This rule is supported by Article 114(a) of the CBB Law.

BR-3.1.1B Article 163 of the CBB Law provides for criminal sanctions where false or misleading statements are made to the CBB or any person /appointed expert appointed by the CBB to conduct an inspection or investigation on the business of the insurance licensee or the listed licensee.

Information Requested on Behalf of other Supervisors

BR-3.1.2 The CBB may ask an insurance licensee to provide it with information at the request of or on behalf of other supervisors to enable them to discharge their functions properly. Those supervisors may include overseas supervisors or government agencies in Bahrain. The CBB may also, without notifying an insurance licensee, pass on to those supervisors or agencies information that it already has in its possession.

BR-3.2 Access to Premises

BR-3.2.1

In accordance with Article 114 of the CBB Law, an insurance licensee must permit representatives of the CBB, or persons appointed for the purpose by the CBB to have access, with or without notice, during reasonable business hours to any of its business premises in relation to the discharge of the CBB's functions under the relevant law.

BR-3.2.2

An insurance licensee must take reasonable steps to ensure that its agents, suppliers under outsourcing arrangements and appointed representatives permit such access to their business premises, to the CBB.

BR-3.2.3

An insurance licensee must take reasonable steps to ensure that each of its suppliers under material outsourcing arrangements deals in an open and cooperative way with the CBB in the discharge of its functions under the CBB Law in relation to the insurance licensee.

BR-3.2.4

The cooperation that an insurance licensee is expected to procure from such suppliers is similar to that expected of the insurance licensee, in the light of the Guidance in Paragraph BR-3.4.3.

CHAPTER	BR-3: Information Gathering by the CBB

BR-3.3 Accuracy of Information

BR-3.3.1 An insurance licensee must take reasonable steps to ensure that all information it gives to the CBB in accordance with any parts of the Insurance Rulebook and CBB Law is:

- (a) Factually accurate or, in the case of estimates and judgements, fairly and properly based after appropriate enquiries have been made by the insurance licensee; and
- (b) Complete, in that it should include everything which the CBB would reasonably and ordinarily expect to have.

BR-3.3.2 If an insurance licensee becomes aware, or has information that reasonably suggests that it has or may have provided the CBB with information that was or may have been false, misleading, incomplete or inaccurate, or has or may have changed in a material way, it must notify the CBB immediately. The notification must include:

- (a) Details of the information which is or may be false, misleading, incomplete or inaccurate, or has or may have changed;
- (b) An explanation why such information was or may have been provided; and
- (c) The correct information.

BR-3.3.3 If the information in Paragraph BR-3.3.2 cannot be submitted with the notification (because it is not immediately available), it must instead be submitted as soon as possible afterwards.

BR-3.4 Methods of Information Gathering

BR-3.4.1 The CBB uses various methods of information gathering on its own initiative which require the cooperation of insurance licensees:

- (a) Representatives of the CBB may make onsite visits at the premises of the insurance licensee. These visits may be made on a regular basis, or on a sample basis, for special purposes such as theme visits (looking at a particular issue across a range of insurance licensees), or when the CBB has a particular reason for visiting an insurance licensee;
- (b) Appointees of the CBB may also make onsite visits at the premises of the insurance licensee. Appointees of the CBB may include persons who are not CBB staff, but who have been appointed to undertake particular monitoring activities for the CBB, such as in the case of appointed experts (refer to Section BR-3.5).
- (c) The CBB may request the insurance licensee to attend meetings at the CBB's premises or elsewhere;
- (d) The CBB may seek information or request documents by telephone, at meetings or in writing, including electronic communication;
- (e) The CBB may require insurance licensees to submit various documents or notifications, as per Chapter BR-2, in the ordinary course of their business such as financial reports or on the happening of a particular event in relation to the insurance licensee such as a change in control.

BR-3.4.2 When seeking meetings with an insurance licensee or access to the licensee's premises, the CBB or the CBB appointee needs to have access to an insurance licensee's documents and personnel. Such requests will be made during reasonable business hours and with proper notice. There may be instances where the CBB may seek access to the licensee's premises without prior notice. While such visits are not common, the prospect of unannounced visits is intended to encourage insurance licensees to comply at all times with the requirements and standards imposed by the CBB as per the CBB Law and Insurance Rulebook.

BR-3.4.3 The CBB considers that an insurance licensee should:

- (a) Make itself readily available for meetings with representatives or appointees of the CBB;
- (b) Give representatives or appointees of the CBB reasonable access to any records, files, tapes or computer systems, which are within the insurance licensee's possession or control, and provide any facilities which the representatives or appointees may reasonably request;
- (c) Produce to representatives or appointees of the CBB specified documents, files, tapes, computer data or other material in the insurance licensee's possession or control as may be reasonably requested;

MODULE	BR: CBB Reporting
CHAPTER	BR-3: Information Gathering by the CBB

BR-3.4 Methods of Information Gathering (continued)

- (d) Print information in the insurance licensee's possession or control which is held on computer or on microfilm or otherwise convert it into a readily legible document or any other record which the CBB may reasonably request;
- (e) Permit representatives or appointees of the CBB to copy documents of other material on the premises of the insurance licensee at the insurance licensee's expense and to remove copies and hold them elsewhere, or provide any copies, as may be reasonably requested; and
- (f) Answer truthfully, fully and promptly all questions which representatives or appointees of the CBB reasonably put to it.

BR-3.4.4 The CBB considers that an insurance licensee should take reasonable steps to ensure that the following persons act in the manner set out in Paragraph BR-3.4.3:

- (a) Its employees and appointed representatives; and
- (b) Any other members of its group and their employees and appointed representatives.

BR-3.4.5 In gathering information to fulfill its supervisory duties, the CBB acts in a professional manner and with due regard to maintaining confidential information obtained during the course of its information gathering activities.

CHAPTER	BR-3: Information Gathering by the CBB

BR-3.5 The Role of the Appointed Expert

Introduction

- BR-3.5.1** The content of this Chapter is applicable to all insurance licensees and appointed experts.
- BR-3.5.2 The purpose of the contents of this Chapter is to set out the roles and responsibilities of appointed experts when appointed pursuant to Article 114 or 121 of the CBB Law (see EN-2.1.1). These Articles empower the CBB to assign some of its officials or others to inspect or conduct investigations of insurance licensees.
- BR-3.5.3 The CBB uses its own inspectors to undertake on-site examinations of licensees as an integral part of its regular supervisory efforts. In addition, the CBB may commission reports on matters relating to the business of licensees in order to help it assess their compliance with CBB requirements. Inspections may be carried out either by the CBB's own officials, by duly qualified appointed experts appointed for the purpose by the CBB, or a combination of the two.
- BR-3.5.4 The CBB will not, as a matter of general policy, publicise the appointment of an appointed expert, although it reserves the right to do so where this would help achieve its supervisory objectives. Both the appointed expert and the CBB are bound to confidentiality provisions restricting the disclosure of confidential information with regards to any such information obtained in the course of the investigation.
- BR-3.5.5** Unless the CBB otherwise permits, appointed experts should not be the same firm appointed as external auditor of the insurance licensee.
- BR-3.5.6** Appointed experts will be appointed in writing, through an appointment letter, by the CBB. In each case, the CBB will decide on the range, scope and frequency of work to be carried out by appointed experts.
- BR-3.5.7 All proposals to appoint appointed experts require approval by an Executive Director or more senior official of the CBB. The appointment will be made in writing, and made directly with the appointed experts concerned. A separate letter is sent to the licensee, notifying them of the appointment. At the CBB's discretion, a trilateral meeting may be held at any point, involving the CBB and representatives of the licensee and the appointed experts, to discuss any aspect of the investigation.
- BR-3.5.8 Following the completion of the investigation, the CBB will normally provide feedback on the findings of the investigation to the licensee.

MODULE	BR: CBB Reporting
CHAPTER	BR-6: Information Gathering by the CBB

BR-3.5 Role of the Appointed Expert (continued)

BR-3.5.9 Appointed experts will report directly to and be responsible to the CBB in this context and will specify in their report any limitations placed on them in completing their work (for example due to the licensee's group structure). The report produced by the appointed experts is the property of the CBB (but is usually shared by the CBB with the firm concerned).

BR-3.5.10 Compliance by appointed experts with the contents of this Chapter will not, of itself, constitute a breach of any other duty owed by them to a particular insurance licensee (i.e. create a conflict of interest).

BR-3.5.11 The CBB may appoint one or more of its officials to work on the appointed experts' team for a particular insurance licensee.

The Required Report

BR-3.5.12 The scope of the required report will be determined and detailed by the CBB in the appointment letter. Commissioned appointed experts would normally be required to report on one or more of the following aspects of a licensee's business:

- (a) Accounting and other records;
- (b) Internal control systems;
- (c) Returns of information provided to the CBB;
- (d) Operations of certain departments; and/or
- (e) Other matters specified by the CBB.

BR-3.5.13 Appointed experts will be required to form an opinion on whether, during the period examined, the licensee is in compliance with the relevant provisions of the CBB Law and the CBB's relevant requirements, as well as other requirements of Bahrain Law and, where relevant, industry best practice locally and/or internationally.

BR-3.5.14 The appointed experts' report should follow the format set out in Appendix BR-(iii), in part B of the CBB Rulebook.

BR-3.5.15 Unless otherwise directed by the CBB or unless the circumstances described in Section BR-3.5.19 apply, the report must be discussed with the Board of directors and/or senior management in advance of it being sent to the CBB.

MODULE	BR: CBB Reporting
CHAPTER	BR-3: Information Gathering by the CBB

BR-3.5 Role of the Appointed Expert (continued)

BR-3.5.16 Where the report is qualified by exception, the report must clearly set out the risks which the licensee runs by not correcting the weakness, with an indication of the severity of the weakness should it not be corrected. Appointed experts will be expected to report on the type, nature and extent of any weaknesses found during their work, as well as the implications of a failure to address and resolve such weaknesses.

BR-3.5.17 If the appointed experts conclude, after discussing the matter with the licensee, that they will give a negative opinion (as opposed to one qualified by exception) or that the issue of the report will be delayed, they must immediately inform the CBB in writing giving an explanation in this regard.

BR-3.5.18 The report must be completed, dated and submitted, together with any comments by directors or management (including any proposed timeframe within which the licensee has committed to resolving any issues highlighted by the report), to the CBB within the timeframe applicable.

Other Notifications to the CBB

BR-3.5.19 Appointed experts must communicate to the CBB, during the conduct of their duties, any reasonable belief or concern they may have that any of the requirements of the CBB, including the criteria for licensing a licensee (see Module AU), are not or have not been fulfilled, or that there has been a material loss or there exists a significant risk of material loss in the concerned licensee, or that the interests of customers are at risk because of adverse changes in the financial position or in the management or other resources of a licensee. Notwithstanding the above, it is primarily the licensee's responsibility to report such matters to the CBB.

BR-3.5.20 The CBB recognises that appointed experts cannot be expected to be aware of all circumstances which, had they known of them, would have led them to make a communication to the CBB as outlined above. It is only when appointed experts, in carrying out their duties, become aware of such a circumstance that they should make detailed inquiries with the above specific duty in mind.

BR-3.5.21 If appointed experts decide to communicate directly with the CBB in the circumstances set out in Paragraph BR-3.5.19, they may wish to consider whether the matter should be reported at an appropriate senior level in the licensee at the same time and whether an appropriate senior representative of the licensee should be invited to attend the meeting with the CBB.

MODULE	BR: CBB Reporting
CHAPTER	BR-3: Information Gathering by the CBB

BR-3.5 Role of the Appointed Expert (continued)

Permitted Disclosure by the CBB

BR-3.5.22

Information which is confidential and has been obtained under, or for the purposes of, this chapter or the CBB Law may only be disclosed by the CBB in the circumstances permitted under the Law. This will allow the CBB to disclose information to appointed experts to fulfil their duties. It should be noted, however, that appointed experts must keep this information confidential and not divulge it to a third party except with the CBB's permission and/or unless required by Bahrain Law.

Trilateral Meeting

BR-3.5.23

The CBB may, at its discretion, call for a trilateral meeting(s) to be held between the CBB and representatives of the relevant insurance licensee and the appointed experts. This meeting will provide an opportunity to discuss the appointed experts' examination of, and report on, the insurance licensee.
