CHAPTER	FC-A:	Introduction

FC-A.1 Purpose

Executive Summary

FC-A.1.1 This Module applies, to all specialised licensees, a comprehensive framework of Rules and Guidance aimed at combating money laundering and terrorist financing. In so doing, it helps implement the 40 Recommendations on money laundering and 9 Special Recommendations on terrorist financing, issued by the Financial Action Task Force (FATF), that are relevant to specialised licensees. (Further information on these can be found in Chapter FC-10.) The Module also contains measures relating to the combating of fraud.

FC-A.1.2 The Module requires specialised licensees to have effective anti-money laundering ('AML') policies and procedures, in addition to measures for combating the financing of terrorism ('CFT'). The Module contains detailed requirements relating to customer due diligence, reporting and the role and duties of the Money Laundering Reporting Officer (MLRO). Furthermore, examples of suspicious activity are provided, to assist licensees monitor transactions and fulfill their reporting obligations under Bahrain law.

FC-A.1.3 This Module also covers measures in place to combat fraud. Chapter FC-11 sets out basic requirements regarding measures to deter, detect and report instances of fraud and attempted fraud.

Legal Basis

FC-A.1.4 This Module contains the Central Bank of Bahrain's ('CBB') Directive (as amended from time to time) regarding the combating of financial crime, and is issued under the powers available to the CBB under Article 38 of the Central Bank of Bahrain and Financial Institutions Law 2006 ('CBB Law'). The Directive in this Module is applicable to all specialised licensees.

FC-A.1.5 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

FC-A.2 Module History

Evolution of Module

FC-A.2.1 This Module was first issued in October 2010. Any material changes that have subsequently been made to this Module are annotated with the calendar quarter date in which the change was made: Chapter UG-3 provides further details on Rulebook maintenance and version control.

FC-A.2.2 A list of recent changes made to this Module is detailed in the table below:

FC-B.1.1	10/2012	Amended the scope of application to have a limited scope for ancillary services providers and to expand the role of the general managers for those licensees allowed to follow only certain Chapters of Module FC.

FC-A.2 Module History (continued)

Superseded Requirements

FC-A.2.3 Prior to the introduction of this Module, the CBB (BMA then) had issued various regulatory instruments containing requirements covering different aspects of financial crime. These requirements were consolidated and updated into a comprehensive financial crime regulation, issued in January 2006 to all non-bank and non-insurance licensees. In turn, this new consolidated regulation was transposed, with no major changes, into the initial version of this Module. This Regulation and other instruments listed below replaced by this Module are listed below:

MODULE	FC:	Financial Crime
CHAPTER	FC-B:	Scope of Application

FC-B.1 Scope of Application

FC-B.1.1

This Module applies to all specialised licensees including branches of licensees incorporated outside of Bahrain, and Bahrain-incorporated subsidiaries of overseas groups. Certain parts of this Module may not be relevant to some licensees' business. Some transactions may not involve the opening of account relationships, however whenever a transaction takes place with another party or the licensee acts as an introducer or intermediary in a transaction or business relationship, then this Module becomes effective. Representative office licensees, administrators and ancillary services providers are exempted from: FC-2, FC-3, FC-4 and FC-6 because of the limited nature of their business; however, for these licensees, the general manager of the licensee is responsible to comply with the remaining Chapters of Module FC. The scope provided for simplified customer due diligence requirements – as set out in Section FC-1.10 – will reduce the burden of customer due diligence for a number of specialised licensees.

FC-B.1.2

The requirements of this Module are in addition to and supplement Decree Law No. (4) of 2001 with respect to the prevention and prohibition of the laundering of money; this Law was subsequently updated, with the issuance of Decree Law No. 54 of 2006 with respect to amending certain provisions of Decree No. 4 of 2001 (collectively, 'the AML Law'). The AML Law imposes obligations on persons generally in relation to the prevention of money laundering and the combating of the financing of terrorism, to all persons resident in Bahrain. All specialised licensees are therefore under the statutory obligations of that Law, in addition to the more specific requirements contained in this Module. Nothing in this Module is intended to restrict the application of the AML Law (a copy of which is contained in Part B of Volume 5 (Specialised licensees), under 'Supplementary Information'). Also included in Part B is a copy of Decree Law No. 58 of 2006 with respect to the protection of society from terrorism activities ('the anti-terrorism law').

MODULE	FC:	Financial Crime
CHAPTER	FC B:	Scope of Application

FC-B.2 Overseas Subsidiaries and Branches

FC-B.2.1

Licensees must apply the requirements in this Module to all their branches and subsidiaries operating both in the Kingdom of Bahrain and in foreign jurisdictions. Where local standards differ, the higher standard must be followed. Licensees must pay particular attention to procedures in branches or subsidiaries in countries that do not or insufficiently apply the FATF Recommendations and Special Recommendations.

FC-B.2.2

Where another jurisdiction's laws or regulations prevent a licensee (or any of its foreign branches or subsidiaries) from applying the same standards contained in this Module or higher, the licensee must immediately inform the CBB in writing.

FC-B.2.3

In such instances, the CBB will review alternatives with the licensee. Should the CBB and the licensee be unable to reach agreement on the satisfactory implementation of this Module in a foreign subsidiary or branch, the licensee may be required by the CBB to cease the operations of the subsidiary or branch in the foreign jurisdiction in question.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.1 General Requirements

Verification of Identity and Source of Funds

FC-1.1.1

Licensees must establish effective systematic internal procedures for establishing and verifying the identity of their customers and the source of their funds. Such procedures must be set out in writing and approved by the licensee's Board of Directors. They must be strictly adhered to.

FC-1.1.2

Licensees must implement the customer due diligence measures outlined in Chapters 1, 2 and 3 when:

- (a) Carrying-out one-off or occasional transactions above BD 6,000, or where several smaller transactions that appear to be linked fall above this threshold (particularly relevant for money changers – see FC-1.9 for cash courier business);
- (b) Carrying out wire transfers (of the equivalent of US\$1,000 or above) (particularly relevant for money changers);
- (c) Establishing business relations with a new or existing customer;
- (d) A change to the signatory or beneficiary of an existing account or business relationship is made;
- (e) Customer documentation standards change substantially;
- (f) The licensee has doubts about the veracity or adequacy of previously obtained customer due diligence information;
- (g) A significant transaction takes place (see FC-2.2.3);
- (h) There is a material change in the way that an account is operated or in the manner in which the business relationship is conducted;
or
- (i) There is a suspicion of money laundering or terrorist financing.

FC-1.1.3

Representative office licensees are not allowed to undertake business directly with customers. However, they may be assigned by the Head Office to contact new or existing customers on their behalf, in this case they must pay regard to (c) – (f) and (h-i) customer due diligence measures listed under FC-1.1.2 above.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.1 General Requirements (continued)

FC-1.1.4 For the purposes of this Module, “customer” includes counterparties such as financial markets counterparties, except where financial institutions are acting as principals where simplified due diligence measures may apply. These simplified measures are set out in Section FC 1.10. For the representative office licensees, ‘customer’ includes customers of the HO that the Representative office liaises with for general purposes. Examples might include general inquiries and inquiries regarding the accuracy of customer information.

FC-1.1.5 The CBB’s specific minimum standards to be followed with respect to verifying customer identity and source of funds are contained in Section FC-1.2 and in the Guidance Notes (See Supplementary Information, FC-7 in Part B of the Rulebook). Enhanced requirements apply under certain high-risk situations: these requirements are contained in Sections FC-1.3 to FC-1.9 inclusive. Additional requirements apply where a licensee is relying on a professional intermediary to perform certain parts of the customer due diligence process: these are detailed in Section FC-1.7. Simplified customer due diligence measures may apply in defined circumstances: these are set out in Section FC-1.10.

Verification of Third Parties

FC-1.1.6 Licensees must obtain a signed statement from all new customers (or for one-off transactions above the BD6,000 threshold for moneychangers) confirming whether or not the customer is acting on their own behalf or not. This undertaking must be obtained prior to conducting any transactions with the customer concerned.

FC-1.1.7 Where a customer is acting on behalf of a third party, the licensee must also obtain a signed statement from the third party, confirming they have given authority to the customer to act on their behalf. Where the third party is a legal person, the licensee must have sight of the original board resolution (or other applicable document) authorising the customer to act on the third party’s behalf, and retain a certified copy. Representative office licensees must obtain a signed statement from all new customers confirming whether or not the customer is acting on their own behalf or not.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.1 General Requirements (continued)

FC-1.1.8

Licensees must establish and verify the identity of the customer and (where applicable) the party/parties on whose behalf the customer is acting, including the Beneficial Owner of the funds. Verification must take place in accordance with the requirements specified in this Chapter.

FC-1.1.9

Where financial services are provided to a minor or other person lacking full legal capacity, the normal identification procedures as set out in this Chapter must be followed. In the case of minors, licensees must additionally verify the identity of the parent(s) or legal guardian(s). Where a third party on behalf of a person lacking full legal capacity wishes to open business relations, the licensee must establish the identity of that third party as well as the person conducting the business.

Anonymous and Nominee Accounts

FC-1.1.10

Licensees must not establish or keep anonymous accounts or accounts in fictitious names. Where licensees maintain a nominee account, which is controlled by or held for the benefit of another person, the identity of that person must be disclosed to the licensee and verified by it in accordance with the requirements specified in this Chapter.

Timing of Verification

FC-1.1.11

Licensees must not commence a business relationship or undertake an occasional transaction (above the threshold) with a customer before completion of the relevant customer due diligence measures specified in Chapters 1, 2 and 3. However, verification may be completed after receipt of funds in the case of non face-to-face business, or the subsequent submission of CDD documents by the customer after initial face-to face contact, providing that no disbursement of funds takes place until after the requirements of this Chapter have been fully met.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.1 General Requirements (continued)

Incomplete Customer Due Diligence

FC-1.1.12

Where a licensee is unable to comply with the requirements specified in Chapters 1, 2 and 3, it must consider whether to terminate the relationship or not proceed with the transaction. If it proceeds with the transaction (to avoid tipping off the customer), it should additionally consider whether it should file a suspicious transaction report.

FC-1.1.13 See also Chapter FC-5, which covers the filing of suspicious transaction reports.

MODULE	FC: Financial Crime
CHAPTER	FC-1: Customer Due Diligence

FC-1.2 Face-to-face Business

CHAPTER	FC-1:	Customer Due Diligence

FC-1.2 Face-to-face Business (continued)

- (b) Confirmation of the permanent residential address by taking a copy of a recent utility bill, bank statement or similar statement from another licensee or financial institution, or some form of official correspondence or official documentation card, such as CPR, from a public/governmental authority, or a tenancy agreement or record of home visit by an official of the licensee (see also Guidance Notes for transactions with tourists); and
- (c) Where appropriate, direct contact with the customer by phone, letter or email to confirm relevant information, such as residential address information.

FC-1.2.4

Any document copied for the purpose of identification verification must be an original. An authorised official of the licensee must certify the copy, by writing on it the words 'original sighted', together with the date and his signature. Equivalent measures must be taken for electronic copies.

FC-1.2.5

Identity documents which are not obtained by an authorised official of the licensee in original form (e.g. due to a customer sending a copy by post following an initial meeting) must instead be certified (as per FC-1.2.4) by one of the following from a GCC or FATF member state:

The licensee must verify the identity of the person providing the certification through checking membership of a professional organisation (for lawyers or accountants), or through checking against databases/websites, or by direct phone or email contact.

- (e) Board resolution seeking financial services (only necessary in the case of private or unlisted companies);
- (f) Identification documentation of the authorised signatories of the account;
- (g) Copy of the latest financial report and accounts, audited where possible (audited copies do not need to be certified); and

CHAPTER	FC-1:	Customer Due Diligence

FC-1.2 Face-to-face Business (continued)

- (h) List of persons authorised to do business on behalf of the company and in the case of the opening of an account, a board resolution (or other applicable document) authorising the named persons to operate the account (resolution only necessary for private or unlisted companies).

FC-1.2.9 Documents obtained to satisfy the requirements in Paragraph FC-1.2.8 above must be certified in the manner specified in Paragraphs FC-1.2.4 to FC-1.2.6.

FC-1.2.10 The documentary requirements in Paragraph FC-1.2.8 above do not apply in the case of FATF/GCC listed companies: see Section FC-1.10 below. Also, the documents listed in Paragraph FC-1.2.8 above are not exhaustive: for customers from overseas jurisdictions, documents of an equivalent nature may be produced as satisfactory evidence of a customer's identity.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.2 Face-to-face Business (continued)

FC-1.2.11

Licensees must also obtain and document the following due diligence information. These due diligence requirements must be incorporated in the licensee's new business procedures:

- (a) Enquire as to the structure of the legal entity or trust sufficient to determine and verify the identity of the ultimate beneficial owner of the funds, the ultimate provider of funds (if different), and the ultimate controller of the funds (if different);
- (b) Ascertain whether the legal entity has been or is in the process of being wound up, dissolved, struck off or terminated;
- (c) Obtain the names, country of residence and nationality of directors or partners (only necessary for private or unlisted companies);
- (d) Require, through new customer documentation or other transparent means, updates on significant changes to corporate ownership and/or legal structure;
- (e) Obtain and verify the identity of shareholders holding 20% or more of the issued capital (where applicable). The requirement to verify the identity of these shareholders does not apply in the case of FATF/GCC listed companies;
- (f) In the case of trusts or similar arrangements, establish the identity of the Zettler(s), trustee(s), and beneficiaries (including making such reasonable enquiries as to ascertain the identity of any other potential beneficiary, in addition to the named beneficiaries of the trust); and
- (g) Where a licensee has reasonable grounds for questioning the authenticity of the information supplied by a customer, conduct additional due diligence to confirm the above information.

FC-1.2.12 For the purposes of Paragraph FC-1.2.11, acceptable means of undertaking such due diligence might include taking bank references; visiting or contacting the company by telephone; undertaking a company search or other commercial enquiries; accessing public and private databases (such as stock exchange lists); making enquiries through a business information service or credit bureau; confirming a company's status with an appropriate legal or accounting firm; or undertaking other enquiries that are commercially reasonable.

FC-1.3 Enhanced Customer Due Diligence: General Requirements

FC-1.3.1 Enhanced customer due diligence must be performed on those customers identified as having a higher risk profile, and additional inquiries made or information obtained in respect of those customers.

FC-1.3.2 The additional information referred to in Paragraph FC-1.3.1 might include documents (either in hard copy or electronic format) relating to the following:

- (a) Evidence of a person's permanent address through the use of a credit reference agency search or through independent verification by home visit;
- (b) A personal reference (e.g. by an existing customer of the licensee);
- (c) Another licensed entity's reference and contact with the concerned licensee regarding the customer;
- (d) Documentation outlining the customer's source of wealth;
- (e) Documentation outlining the customer's source of income; and
- (f) Independent verification of employment, or public position held.

FC-1.3.3 In addition to the general rule contained in Paragraph FC-1.3.1 above, special care is required in the circumstances specified in Sections FC-1.4 to FC-1.9 inclusive.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.4 Enhanced Customer Due Diligence: Non face-to-face Business and New Technologies

FC-1.4.1 Licensees must establish specific procedures for verifying customer identity where no face-to-face contact takes place.

FC-1.4.2 Where no face-to-face contact takes place, licensees must take additional measures (to those specified in Section FC-1.2), in order to mitigate the potentially higher risk associated with such business. In particular, licensees must take measures:

- (a) To ensure that the customer is the person they claim to be; and
- (b) To ensure that the address provided is genuinely the customer's.

FC-1.4.3 There are a number of checks that can provide a licensee with a reasonable degree of assurance as to the authenticity of the applicant. They include:

- (a) Telephone contact with the applicant on an independently verified home or business number;
- (b) With the customer's consent, contacting an employer to confirm employment, via phone through a listed number or in writing; and
- (c) Salary details appearing on recent bank statements.

FC-1.4.4 Financial services provided via post, telephone or internet pose greater challenges for customer identification and AML/CFT purposes. Licensees must establish procedures to prevent the misuse of technological developments in money laundering or terrorist financing schemes. Licensees must also ensure that they comply with any e-commerce laws and/or CBB Modules issued from time to time.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.5 Enhanced Customer Due Diligence: Politically Exposed Persons (“PEPs”)

FC-1.5.1 Licensees must have appropriate risk management systems to determine whether a customer is a Politically Exposed Person (‘PEP’), both at the time of establishing business relations and thereafter on a periodic basis. Licensees must utilise publicly available databases and information to establish whether a customer is a PEP.

FC-1.5.2 Licensees must establish a client acceptance policy with regard to PEPs, taking into account the reputational and other risks involved. Senior management approval must be obtained before a PEP is accepted as a customer.

FC-1.5.3 Where an existing customer is a PEP, or subsequently becomes a PEP, enhanced monitoring and customer due diligence measures must include:

- (a) Analysis of complex financial structures, including trusts, foundations or international business corporations;
- (b) A written record in the customer file to establish that reasonable measures have been taken to establish both the source of wealth and the source of funds;
- (c) Development of a profile of anticipated customer activity, to be used in on-going monitoring;
- (d) Approval of senior management for allowing the customer relationship to continue; and
- (e) Ongoing account monitoring of the PEP’s account by senior management (such as the MLRO).

FC-1.5.4 “Politically Exposed Persons” mean individuals who are, or have been, entrusted with prominent public functions in Bahrain or a foreign country, such as Heads of State or government, senior politicians, senior government, judicial or military officials, senior executives of state owned corporations or important political party officials. Business relationships with family members or close associates of PEPs involve reputational risks similar to PEPs themselves. The definition is not intended to cover middle-ranking or more junior officials in the foregoing categories. Bahraini PEPs would include all Ministers, all MPs, and all Ministry officials with the rank of Undersecretary or above.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.6 Enhanced Due Diligence: Charities, Clubs and Other Societies

FC-1.6.1

Financial services must not be provided to charitable funds and religious, sporting, social, cooperative and professional societies, before an original certificate authenticated by the relevant Ministry confirming the identities of those purporting to act on their behalf (and authorising them to obtain the said service) has been obtained. Money changers are allowed to conduct business with charities without a certificate where payment is made by a cheque drawn on a bank licensed in Bahrain.

FC-1.6.2

Charities should be subject to enhanced transaction monitoring. Money changers should develop a profile of anticipated activity (in terms of payee countries and recipient organisations in particular).

FC-1.6.3

Money changers must provide a monthly report of all payments and transfers of BD3,000 (or equivalent in foreign currencies) and above performed on behalf of charities registered in Bahrain. The report must be submitted to the CBB's Compliance Directorate (see Section FC-5.3 for contact address), giving details of the amount transferred, name of charity, number and beneficiary name account and bank details. Licensees must ensure that such transfers are in accordance with the spending plans of the charity (in terms of amount, recipient and country).

FC-1.6.4

Article 20 of Decree Law No. 21 of 1989 (issuing the Law of Social and Cultural Societies and Clubs and Private Organizations Operating in the Area of Youth and Sport and Private Institutions) provides that money changer licensees may not accept or process any incoming or outgoing wire transfers from or to any foreign country on behalf of charity and non-profit organisations licensed by the Ministry of Social Development until an official letter by the Ministry authorising the receipt or remittance of the funds has been obtained by the concerned bank.

FC-1.6.5

The receipt of a Ministry letter mentioned in Paragraph FC-1.6.4 above does not exempt the concerned money changer from conducting normal CDD measures as outlined in other parts of this Module.

FC-1.7 Introduced Business from Professional Intermediaries

FC-1.7.1

A licensee may only accept customers introduced to it by other financial institutions or intermediaries, if it has satisfied itself that the introducer concerned is subject to FATF-equivalent customer due diligence measures. Where licensees delegate part of the customer due diligence measures to an introducer, the responsibility for meeting the requirements of Chapters 1 and 2 remains with the licensee, not the introducer.

FC-1.7.2

Licensees may only accept introduced business if all of the following conditions are satisfied:

- (a) The customer due diligence measures applied by the introducer are consistent with those required by the FATF 40 + 9 Recommendations;
- (b) A formal agreement is in place defining the respective roles of the licensee and the introducer in relation to customer due diligence measures. The agreement must specify that the customer due diligence measures of the introducer will comply with the FATF 40 + 9 Recommendations;
- (c) The introducer is able to provide all relevant data pertaining to the customer's identity, the identity of the customer and beneficial owner of the funds and, where applicable, the party/parties on whose behalf the customer is acting; also, the introducer has confirmed that the licensee will be allowed to verify the customer due diligence measures undertaken by the introducer at any stage; and
- (a) Written confirmation is provided by the introducer confirming that all customer due diligence measures required by the FATF 40 + 9 Recommendations have been followed and the customer's identity established and verified. In addition, the confirmation must state that any identification documents or other customer due diligence material can be accessed by the licensee and that these documents will be kept for at least five years after the business relationship has ended.

FC-1.7.3

The licensee must perform periodic reviews ensuring that any introducer on which it relies is in compliance with the FATF 40 + 9 Recommendations. Where the introducer is resident in another jurisdiction, the licensee must also perform periodic reviews to verify whether the jurisdiction is in compliance with the FATF 40 + 9 Recommendations.

FC-1.7 Introduced Business from Professional Intermediaries
(continued)

FC-1.7.4

Should the licensee not be satisfied that the introducer is in compliance with the requirements of the FATF 40 + 9 Recommendations, the licensee must conduct its own customer due diligence on introduced business, or not accept further introductions, or discontinue the business relationship with the introducer.

FC-1.8 Shell Banks

FC-1.8.1

Licensees must not establish business relations with banks, which have no physical presence or “mind and management” in the jurisdiction in which they are licensed and which are unaffiliated with a regulated financial group (“shell banks”). Licensees must not knowingly establish relations with financial institutions that have relations with shell banks.

FC-1.8.2

Licensees must make a suspicious transaction report to the Financial Intelligence Unit and the Compliance Directorate if they are approached by a shell bank or an institution they suspect of being a shell bank.

CHAPTER	FC-1:	Customer Due Diligence

FC-1.9 Enhanced Due Diligence: Cross Border Cash Transactions Equal to and above BD6,000 by Courier

FC-1.9.1 The cross-border movement of cash funds warrants special attention under the FATF 40 Recommendations where transactions are large in value (Recommendation 6), in addition to the general requirement under Recommendation 19 to verify monitor, declare and keep records of all cross-border transfers of cash. Cash shipments are therefore subject to inspection and investigation procedures by the Customs Directorate of the Kingdom of Bahrain. There are also certain specific legal measures mentioned below which are relevant to cross-border cash shipments. Under Article 4 of Decree Law No. 4 of 2001, licensees of the CBB are required to comply with the CBB's Rules and Regulations concerning the prevention and prohibition of money laundering, which include regulations concerning the cross-border movement of cash. Also, licensees' attention is drawn to the disclosure provisions of Decree Law No 54 of 2006 and Ministerial Order No 6 of 2008 with respect to cross-border transportation of funds (see Part B of the Rulebook for Decree Law No 54). Licensees are also reminded of the rules of the unified customs arrangements of the Gulf Cooperation Council as laid out in Decree Law No 10 of 2002. With respect to the above Law No. 4 of 2001 and the concerned parts of other legislation mentioned above, all money changers must implement the enhanced measures below in respect of all cash received from foreign countries or sold/transferred to foreign countries.

FC-1.9.2

Cash amounts equal to and above the BD6,000 (or its equivalent in foreign currency) threshold coming into Bahrain via courier (whether a representative of a Bahrain money changer or a foreign institution) must be accompanied by original documentation stating the source of funds and identity of the originator of the funds. Furthermore, the documentation must state the full name and address of the beneficiary of the funds. This documentation must be signed in original by (a representative) of the originator of the cash. This means that where a courier is importing cash amounts above BD6,000 via any customs point of entry (e.g. via the Causeway or the Airport), the aforementioned courier must carry original documentation which clearly shows the source of funds and identity of the originator of the funds and the intended beneficiaries' names and address.

FC-1.9.3

In the case of incoming cash, the courier must carry original documentation signed by the originator stating whether the cash shipment is for local use or for onward transmission.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.9 Enhanced Due Diligence: Cross Border Cash Transactions Equal to and above BD6,000 by Courier (continued)

FC-1.9.4

If the imported cash is for onward transmission, the original documentation must provide the full name and address of the final beneficiaries, as well as the local recipient (e.g. the money changer).

FC-1.9.5

Failure to provide complete and detailed original signed documentation by the originator of the funds referred to in Paragraph FC-1.9.2 may cause the cash shipment to be blocked, whereupon the blocking costs will be borne by the concerned money changer in Bahrain. Licensees are also reminded of the penalties and enforcement measures in Law No. 4 of 2001, Decree Law No. 54 of 2006, Ministerial Order No. 7 of 2001 issued by the Minister of Finance and National Economy, the rules of the unified customs arrangements of the Gulf Cooperation Council as laid out in Decree Law No. 10 of 2002 and the CBB Law No. 64 of 2006.

CHAPTER	FC-1:	Customer Due Diligence

FC-1.10 Simplified Customer Due Diligence

FC-1.10.1

Licensees may apply simplified customer due diligence measures, as described in Paragraphs FC-1.10.2 to FC-1.10.6, if:

- (a) The transaction is a one-off or occasional transaction not exceeding BD 6,000 (or equivalent in other currencies), or one of a number of transactions which are related and, when taken together, do not exceed BD 6,000 per year (or equivalent in other currencies);
- (b) The transaction is a wire transfer below the equivalent of US\$1000;
- (c) The customer is a company listed on a GCC or FATF member state stock exchange with equivalent disclosure standards to those of the BSE;
- (d) The customer is a financial institution whose entire operations are subject to AML/CFT requirements consistent with the FATF Recommendations / Special Recommendations and it is supervised by a financial services supervisor in a FATF or GCC member state for compliance with those requirements;
- (e) The customer is a financial institution which is a subsidiary of a financial institution located in a FATF or GCC member state, and the AML/CFT requirements applied to its parent also apply to the subsidiary;
- (f) The customer is the Central Bank of Bahrain ('CBB'), the Bahrain Stock Exchange ('BSE') or a licensee of the CBB; or
- (g) The customer is a Ministry of a Gulf Cooperation Council ('GCC') or Financial Action Task Force ('FATF') member state government, a company in which a GCC government is a majority shareholder, or a company established by decree in the GCC.

FC-1.10.2

For customers falling under categories (c) to (g) specified in Paragraph FC-1.10.1, the information required under Paragraph FC-1.2.1 (for natural persons) or FC-1.2.7 (for legal entities) must be obtained. However, the verification, certification and due diligence requirements in Paragraphs FC-1.2.3, FC-1.2.5, FC-1.2.8, FC-1.2.9 and FC-1.2.11, may be dispensed with.

MODULE	FC:	Financial Crime
CHAPTER	FC-1:	Customer Due Diligence

FC-1.10 Simplified Customer Due Diligence (continued)

FC-1.10.3

For customers falling under categories (a) or (b) in Paragraph FC-1.10.1, the customer's name and contact information must be recorded. However, the verification, certification and due diligence requirements in Paragraphs FC-1.2.3, FC-1.2.5, FC-1.2.8, FC-1.2.9 and FC-1.2.11, may be dispensed with. As a matter of prudence, it is recommended that identification documentation is checked by the money changer. Licensees may, of course, continue to apply the verification, certification and due diligence requirements mentioned in Paragraph FC-1.10.2 for their own purposes.

FC-1.10.4

Licensees wishing to apply simplified due diligence measures as allowed for under categories (c) to (g) of Paragraph FC-1.10.1 must retain documentary evidence supporting their categorisation of the customer.

FC-1.10.5

Examples of such documentary evidence may include a printout from a regulator's website, confirming the licensed status of an institution, and internal papers attesting to a review of the AML/CFT measures applied in a jurisdiction.

FC-1.10.6

Licensees may use authenticated SWIFT messages as a basis for confirmation of the identity of a financial institution under Subparagraphs FC-1.10.1 (d) and (e) where it is dealing as principal. For customers coming under Subparagraphs FC-1.10.1 (d) and (e), licensees must also obtain and retain a written statement from the parent institution of the subsidiary concerned, confirming that the subsidiary is subject to the same AML/CFT measures as its parent.

FC-1.10.7

Simplified customer due diligence measures must not be applied where a licensee knows, suspects, or has reason to suspect, that the applicant is engaged in money laundering or terrorism financing or that the transaction is carried out on behalf of another person engaged in money laundering or terrorism financing.

FC-1.10.8

Simplified customer due diligence measures must not be applied where a licensee knows, suspects, or has reason to suspect, that transactions are linked, such that they exceed the thresholds specified in Subparagraphs FC-1.10.1 (a) and (b).

MODULE	FC: Financial Crime
CHAPTER	FC-2: AML / CFT Systems and Controls

FC-2.1 General Requirements

FC-2.1.1

Licensees must take reasonable care to establish and maintain appropriate systems and controls for compliance with the requirements of this Module and to limit their vulnerability to financial crime. These systems and controls must be documented, and approved and reviewed annually by the Board of the licensee. The documentation, and the Board's review and approval, must be made available upon request to the CBB.

FC-2.1.2 The above systems and controls, and associated documented policies and procedures, should cover standards for customer acceptance, on-going monitoring of high-risk accounts, staff training and adequate screening procedures to ensure high standards when hiring employees.

MODULE	FC:	Financial Crime
CHAPTER	FC-2:	AML / CFT Systems and Controls

FC-2.2 Ongoing Customer Due Diligence and Transaction Monitoring

Risk Based Monitoring

FC-2.2.1

Licensees must develop risk-based monitoring systems appropriate to the complexity of their business, their number of customers and types of transactions. These systems must be configured to identify significant or abnormal transactions or patterns of activity. Such systems must include limits on the number, types or size of transactions undertaken outside expected norms; and must include limits for cash and non-cash transactions.

FC-2.2.2

Licensees' risk-based monitoring systems should therefore be configured to help identify:

- (a) Transactions which do not appear to have a clear purpose or which make no obvious economic sense;
- (b) Significant or large transactions not consistent with the normal or expected behavior of a customer; and
- (c) Unusual patterns of activity (relative to other customers of the same profile or of similar types of transactions, for instance because of differences in terms of volumes, transaction type, or flows to or from certain countries), or activity outside the expected or regular pattern of a customer's account activity.

Automated Transaction Monitoring

FC-2.2.3

Licensees must consider the need to include automated transaction monitoring as part of their risk-based monitoring systems to spot abnormal or unusual flows of funds. In the absence of automated transaction monitoring systems, all transactions above BD 6,000 must be viewed as "significant" and be captured in a daily transactions report for monitoring by the MLRO or a relevant delegated official, and records retained by the licensee for five years after the date of the transaction.

FC-2.2.4

The CBB would expect larger licensees to include automated transaction monitoring as part of their risk-based monitoring systems. See also Chapters FC-4 and FC-7, regarding the responsibilities of the MLRO and record-keeping requirements.

MODULE	FC:	Financial Crime
CHAPTER	FC-2:	AML / CFT Systems and Controls

FC-2.2 Ongoing Customer Due Diligence and Transaction Monitoring (continued)

Unusual Transactions or Customer Behaviour

FC-2.2.5

Where a licensee's risk-based monitoring systems identify significant or abnormal transactions (as defined in Paragraphs FC-2.2.2 and FC-2.2.3), it must verify the source of funds for those transactions, particularly where the transactions are above the occasional transactions threshold of BD 6,000. Furthermore, licensees must examine the background and purpose to those transactions and document their findings. In the case of one-off transactions where there is no ongoing account relationship, the licensee must file an STR if it is unable to verify the source of funds to its satisfaction (see Chapter FC-5).

FC-2.2.6

The investigations required under Paragraph FC-2.2.5 must be carried out by the MLRO (or relevant delegated official). The documents relating to these findings must be maintained for five years from the date when the transaction was completed (see also Subparagraph FC-7.1.1 (b)).

FC-2.2.7

Licensees must consider instances where there is a significant, unexpected or unexplained change in customer activity.

FC-2.2.8

When an existing customer closes one account and opens another, the licensee must review its customer identity information and update its records accordingly. Where the information available falls short of the requirements contained in Chapter FC-1, the missing or out of date information must be obtained and re-verified with the customer.

FC-2.2.9

Once identification procedures have been satisfactorily completed and, as long as records concerning the customer are maintained in line with Chapters FC-1 and FC-7, no further evidence of identity is needed when transactions are subsequently undertaken within the expected level and type of activity for that customer, provided reasonably regular contact has been maintained between the parties and no doubts have arisen as to the customer's identity.

MODULE	FC:	Financial Crime
CHAPTER	FC-2:	AML / CFT Systems and Controls

FC-2.2 Ongoing Customer Due Diligence and Transaction Monitoring (continued)

Maintaining Documentation

FC-2.2.10

Licensees must take reasonable steps to ensure that they receive and maintain up-to-date copies of the identification documents specified in Chapter FC-1. Licensees must require all customers to provide up-to-date identification documents in their standard terms and conditions of business.

FC-2.2.11

Licensees must review and update their customer due diligence information at least every three years. If, upon performing such a review, copies of identification documents are more than 12 months out of date, the licensee must take steps to obtain updated copies as soon as possible.

MODULE	FC: Financial Crime
CHAPTER	FC-3: Money Transfers and Alternative Remittances

FC-3.1 Electronic Transfers

Outward Transfers

FC-3.1.1

Licensees must include all required originator information details with the accompanying electronic transfers of funds they make on behalf of their customers. Non-routine transfers must not be batched, if batching increases the risks of money laundering or terrorist financing. This obligation does not apply where the transfer is made by a licensee acting as principal or acting on behalf of another licensee as principal such as in the case of payment of spot FX transactions.

FC-3.1.2

For the purposes of this Chapter, “Originator Information” means:

- (a) The name of the payer;
- (b) The address of the payer; and
- (c) The unique customer or transaction or account number of the payer.

FC-3.1.3

It is not necessary for the recipient institution to pass the originator information on to the payee. The obligation is discharged simply by notifying the recipient institution of the originator information at the time the transfer is made.

Inward Transfers

FC-3.1.4

Licensees must:

- (a) Maintain records (in accordance with Chapter FC-7 of this Module) of all originator information received with an inward transfer (see Section FC-1.10 for simplified arrangements for transfers below US\$1,000); and
- (b) Carefully scrutinise inward transfers which do not contain originator information (i.e. full name, address and account number or a unique customer identification number – see Paragraph FC-1.9.1 for simplified arrangements). Licensees must presume that such transfers are “suspicious transactions” and pass them to the MLRO for review for determination as to possible filing of an STR, unless (a), the sending institution is able to promptly (i.e. within two business days) advise the licensee in writing of the originator information upon the licensee’s request; or (b), the sending institution and the licensee are acting on their own behalf (as principals); or (c), the inward transfer is below US\$1,000 or equivalent in other currencies.

MODULE	FC: Financial Crime
CHAPTER	FC-3: Money Transfers and Alternative Remittances

FC-3.2 Remittances on Behalf of other Money Transferors

FC-3.2.1

Whenever a licensee uses the services of Authorised Money Transferors to effect the transfer of funds for a customer to a person or organisation in another country, that licensee must, in respect of the amount so transferred, maintain records of:

- (a) The identity of its customer(s) in accordance with Chapters FC-1 and FC-7 of this Module; and
- (b) The exact amount transferred for each such customer (particularly where a single transfer is effected for more than one customer).

FC-3.2.2

Licensees must be able to produce this information for inspection immediately upon request by the CBB.

FC-3.2.3

Licensees must not transfer funds for customers to a person or organisation in another country by any means other than through an Authorised Money Transferor. Where a licensee is found to be in contravention of this rule, the CBB will not hesitate to impose sanctions upon that licensee (and in serious cases may revoke the license).

MODULE	FC: Financial Crime
CHAPTER	FC-4: Money Laundering Reporting Officer (MLRO)

FC-4.1 Appointment of MLRO

FC-4.1.1 Licensees must appoint a Money Laundering reporting officer (“MLRO”). The MLRO must be approved by the CBB prior to his appointment. The position of MLRO is a controlled function and the MLRO is an approved person.

FC-4.1.2 For details of CBB’s requirements regarding controlled functions and approved persons, see Section AU-1.2. Amongst other things, approved persons require CBB approval before being appointed, which is granted only if they are assessed as ‘fit and proper’ for the function in question. A completed Form 3 must accompany any request for CBB approval.

FC-4.1.3 The position of MLRO must not be combined with functions that create potential conflicts of interest, such as an internal auditor or business line head. The position of MLRO may not be outsourced.

FC-4.1.4 Subject to Paragraph FC-4.1.2, however, the position of MLRO may otherwise be combined with other functions in the licensee, such as that of Compliance Officer, in cases where the volume and geographical spread of the business is limited and, therefore, the demands of the function are not likely to require a full time resource.

FC-4.1.5 Licensees must appoint a deputy MLRO to act for the MLRO in his absence. The deputy MLRO must be resident in Bahrain unless otherwise agreed with the CBB.

FC-4.1.6 Licensees should note that although the MLRO may delegate some of his functions, either within the licensee or even possibly (in the case of larger groups) to individuals performing similar functions for other group entities, the responsibility for compliance with the requirements of this Module remains with the licensee and the designated MLRO. The deputy MLRO should be able to support the MLRO discharge his responsibilities and to deputise for him in his absence.

MODULE	FC: Financial Crime
CHAPTER	FC-4: Money Laundering Reporting Officer (MLRO)

FC-4.1 Appointment of MLRO (continued)

FC-4.1.7

So that he can carry out his functions effectively, licensees must ensure that their MLRO:

- (a) Is a member of senior management of the licensee;
- (b) Has a sufficient level of seniority within the licensee, has the authority to act without interference from business line management and has direct access to the board and senior management (where necessary);
- (c) Has sufficient resources, including sufficient time and (if necessary) support staff, and has designated a replacement to carry out the function should the MLRO be unable to perform his duties;
- (d) Has unrestricted access to all transactional information relating to any financial services provided by the licensee to a customer, or any transactions conducted by the licensee on behalf of that customer;
- (e) Is provided with timely information needed to identify, analyse and effectively monitor customer accounts;
- (f) Has access to all customer due diligence information obtained by the licensee; and
- (g) Is resident in Bahrain.

FC-4.1.8

In addition, licensees must ensure that their MLRO is able to:

- (a) Monitor the day-to-day operation of its policies and procedures relevant to this Module; and
- (b) Respond promptly to any reasonable request for information made by the Financial Intelligence Unit or the CBB.

FC-4.1.9

If the position of MLRO falls vacant, the licensee must appoint a permanent replacement (after obtaining CBB approval), within 120 calendar days of the vacancy occurring. Pending the appointment of a permanent replacement, the licensee must make immediate interim arrangements (including the appointment of an acting MLRO) to ensure continuity in the MLRO function's performance. These interim arrangements must be approved by the CBB.

MODULE	FC: Financial Crime
CHAPTER	FC 4: Money Laundering Reporting Officer (MLRO)

FC-4.2 Responsibilities of the MLRO

FC-4.2.1

The MLRO is responsible for:

- (a) Establishing and maintaining the licensee's AML/CFT policies and procedures;
- (b) Ensuring that the licensee complies with the AML Law and any other applicable AML/CFT legislation and this Module;
- (c) Ensuring day-to-day compliance with the licensee's own internal AML/CFT policies and procedures;
- (d) Acting as the licensee's main point of contact in respect of handling internal suspicious transactions reports from the licensee's staff (refer to Section FC-5.1) and as the main contact for the Financial Intelligence Unit, the CBB and other concerned bodies regarding AML/CFT;
- (e) Making external suspicious transactions reports to the Financial Intelligence Unit and Compliance Directorate (refer to Section FC-5.2);
- (f) Taking reasonable steps to establish and maintain adequate arrangements for staff awareness and training on AML/CFT matters (whether internal or external), as per Chapter FC-6;
- (g) Producing annual reports on the effectiveness of the licensee's AML / CFT controls, for consideration by senior management, as per Paragraph FC-4.3.3;
- (h) On-going monitoring of what may, in his opinion, constitute high-risk customer accounts; and
- (i) Maintaining all necessary CDD, transactions, STR and staff training records for the required periods (refer to Section FC-7.1).

MODULE	FC: Financial Crime
CHAPTER	FC-4: Money Laundering Reporting Officer (MLRO)

FC-4.3 Compliance Monitoring

Annual Compliance Review

FC-4.3.1

A licensee must review the effectiveness of its AML/CFT procedures, systems and controls at least once each calendar year. The review must cover the licensee and its branches and subsidiaries both inside and outside the Kingdom of Bahrain. The scope of the review must include:

- (a) A report, containing the number of internal reports made in accordance with Section FC-5.1, a breakdown of all the results of those internal reports and their outcomes for each segment of the licensee's business, and an analysis of whether controls or training need to be enhanced;
- (b) A report, indicating the number of external reports made in accordance with Section FC-5.2 and, where a licensee has made an internal report but not made an external report, noting why no external report was made;
- (c) A sample test of compliance with this Module's customer due diligence requirements; and
- (d) A report as to the quality of the licensee's anti-money laundering procedures, systems and controls, and compliance with the AML Law and this Module.

FC-4.3.2

The reports listed under Subparagraphs FC-4.3.1 (a) and (b) must be made by the MLRO. The sample testing required under Subparagraph FC-4.3.1 (c) must be undertaken either by the licensee's internal auditor, its external auditor or a consultancy firm approved by the CBB. The report required under Subparagraph FC-4.3.1 (d) must be made by the licensee's external auditor or a consultancy firm approved by the CBB.

FC-4.3.2A

In order for a consultancy firm to be approved by the CBB for the purposes of Paragraph FC-4.3.2, such firm should provide the CBB's Compliance Directorate with:

- (a) A sample AML/CFT report prepared for a financial institution;
- (b) A list of other AML/CFT related work undertaken by the firm;
- (c) A list of other audit/review assignments undertaken, specifying the nature of the work done, date and name of the licensee; and
- (d) An outline of any assignment conducted for or in cooperation with an international audit firm.

MODULE	FC: Financial Crime
CHAPTER	FC-4: Money Laundering Reporting Officer (MLRO)

FC-4.3 Compliance Monitoring (continued)

FC-4.3.2B The firm should indicate which personnel (by name) will work on the report (including, where appropriate, which individual will be the team leader) and demonstrate that all such persons have appropriate qualifications in one of the following areas:

- (a) Audit;
- (b) Accounting;
- (c) Law; or
- (d) Banking/Finance.

FC-4.3.2C At least two persons working on the report (one of whom would normally be expected to be the team leader) should have:

- (a) A minimum of 5 years professional experience dealing with AML/CFT issues; and
- (b) Formal AML/CFT training.

FC-4.3.2D Submission of a curriculum vitae for all personnel to be engaged on the report is encouraged for the purposes of evidencing the above requirements.

FC-4.3.2E Upon receipt of the above required information, the CBB Compliance Directorate will assess the firm and communicate to it whether it meets the criteria required to be approved by the CBB for this purpose. The CBB may also request any other information it considers necessary in order to conduct the assessment.

FC-4.3.3

The reports listed under Paragraph FC-4.3.1 must be submitted to the licensee's Board, for it to review and commission any required remedial measures, and copied to the licensee's senior management.

FC-4.3.4 The purpose of the annual compliance review is to assist a licensee's Board and senior management to assess, amongst other things, whether internal and external reports are being made (as required under Chapter FC-5), and whether the overall number of such reports (which may otherwise appear satisfactory) does not conceal inadequate reporting in a particular segment of the licensee's business (or, where relevant, in particular branches or subsidiaries). Licensees should use their judgement as to how the reports listed under Subparagraphs FC-4.3.1 (a) and (b) should be broken down in order to achieve this aim (e.g. by branches, departments, product lines, etc).

MODULE	FC: Financial Crime
CHAPTER	FC-4: Money Laundering Reporting Officer (MLRO)

FC-4.3 Compliance Monitoring (continued)

FC-4.3.5 Licensees must instruct their appointed firm to produce the report referred to in Subparagraph FC-4.3.1 (d). The report must be submitted to the CBB by the 30th of April of the following year. The findings of this review must be received and acted upon by the licensee.

FC-4.3.6 The appointed firm may rely upon work performed by the licensee's internal audit function, as part of their procedures for producing the statement referred to in Paragraph FC-4.3.5.

FC-4.3.7 The four reports referred to in Paragraph FC-4.3.1 must be submitted to the Director, Compliance Directorate of the CBB by the 30th of April of the following year.

MODULE	FC:	Financial Crime
CHAPTER	FC-5:	Suspicious Transaction Reporting

FC-5.1 Internal Reporting

FC-5.1.1

Licensees must implement procedures to ensure that staff who handle customer business (or are managerially responsible for such staff) make a report promptly to the MLRO if they know or suspect that a customer (or a person on whose behalf a customer may be acting) is engaged in money laundering or terrorism financing, or if the transaction or the customer's conduct otherwise appears unusual or suspicious. These procedures must include arrangements for disciplining any member of staff who fails, without reasonable excuse, to make such a report.

FC-5.1.2

Where licensees' internal processes provide for staff to consult with their line managers before sending a report to the MLRO, such processes must not be used to prevent reports reaching the MLRO, where staff have stated that they have knowledge or suspicion that a transaction may involve money laundering or terrorist financing.

MODULE	FC:	Financial Crime
CHAPTER	FC-5:	Suspicious Transaction Reporting

FC-5.2 External Reporting

FC-5.2.1

Licensees must take reasonable steps to ensure that all reports made under Section FC-5.1 are considered by the MLRO (or his duly authorised delegate). Having considered the report and any other relevant information the MLRO (or his duly authorised delegate), if he still suspects that a person has been engaged in money laundering or terrorism financing, or the activity concerned is otherwise still regarded as suspicious, must report the fact promptly to the relevant authorities. Where no report is made, the MLRO must document the reasons why.

FC-5.2.2

To take reasonable steps, as required under Paragraph FC-5.2.1, licensees must:

- (a) Require the MLRO to consider reports made under Section FC-5.1.1 in the light of all relevant information accessible to or reasonably obtainable by the MLRO;
- (b) Permit the MLRO to have access to any information, including know your customer information, in the licensee's possession which could be relevant; and
- (c) Ensure that where the MLRO, or his duly authorised delegate, suspects that a person has been engaged in money laundering or terrorist financing, a report is made by the MLRO which is not subject to the consent or approval of any other person.

FC-5.2.3

Reports to the relevant authorities made under Paragraph FC-5.2.1 must be sent to the Financial Intelligence Unit at the Ministry of the Interior, with a copy sent to the CBB's Compliance Directorate. Reports must be made using the Suspicious Transaction Report (STR) form and related instructions, included in Part B of Volume 5 (Specialised Licensees).

FC-5.2.4

Licensees must report all suspicious transactions or attempted transactions. This reporting requirement applies regardless of whether the transaction involves tax matters.

MODULE	FC:	Financial Crime
CHAPTER	FC-5:	Suspicious Transaction Reporting

FC-5.2 External Reporting (continued)

FC-5.2.5

Licensees must retain all relevant details of STRs submitted to the relevant authorities, for at least five years.

FC-5.2.6

In accordance with the AML Law, licensees, their directors, officers and employees must not warn or inform (“tipping off”) their customers, the beneficial owner or other subjects of the STR when information relating to them is being reported to the relevant authorities.
