- (d) The CBB may seek information or request documents by telephone, at meetings or in writing, including electronic communication; or
- (e) The CBB may require licensees to submit various documents or notifications, as per Chapter BR-2, in the ordinary course of their business such as financial reports or on the happening of a particular event in relation to the licensee such as a change in control.

BR-3.4.2 When seeking meetings with a licensee or access to the licensee's premises, the CBB or the CBB appointee needs to have access to a licensee's documents and personnel. Such requests will be made during reasonable business hours and with proper notice. There may be instances where the CBB may seek access to the licensee's premises without prior notice. While such visits are not common, the prospect of unannounced visits is intended to encourage licensees to comply at all times with the requirements and standards imposed by the CBB as per legislation and Volume 5 of the CBB Rulebook.

BR-3.4.3 The CBB considers that a licensee should:

- (a) Make itself readily available for meetings with representatives or appointees of the CBB;
- (b) Give representatives or appointees of the CBB reasonable access to any records, files, tapes or computer systems, which are within the licensee's possession or control, and provide any facilities which the representatives or appointees may reasonably request;
- (c) Produce to representatives or appointees of the CBB specified documents, files, tapes, computer data or other material in the licensee's possession or control as may be reasonably requested;

BR-3.4 Methods of Information Gathering (continued)

- (d) Print information in the licensee's possession or control which is held on computer or otherwise convert it into a readily legible document or any other record which the CBB may reasonably request;
- (e) Permit representatives or appointees of the CBB to copy documents of other material on the premises of the licensee at the licensee's expense and to remove copies and hold them elsewhere, or provide any copies, as may be reasonably requested; and
- (f) Answer truthfully, fully and promptly all questions which representatives or appointees of the CBB reasonably put to it.

BR-3.4.4 The CBB considers that a licensee should take reasonable steps to ensure that the following persons act in the manner set out in Paragraph BR-3.4.3:

- (a) Its employees; and
- (b) Any other members of its group and their employees.

BR-3.4.5 In gathering information to fulfill its supervisory duties, the CBB acts in a professional manner and with due regard to maintaining confidential information obtained during the course of its information gathering activities.

BR-3.5 The Role of the Appointed Expert

Introduction

- BR-3.5.1** The content of this Chapter is applicable to all licensees and appointed experts.
- BR-3.5.2 The purpose of the contents of this Chapter is to set out the roles and responsibilities of appointed experts when appointed pursuant to Article 114 or 121 of the CBB Law (see EN-2.1.1). These Articles empower the CBB to assign some of its officials or others to inspect or conduct investigations of licensees.
- BR-3.5.3 The CBB uses its own inspectors to undertake on-site examinations of licensees as an integral part of its regular supervisory efforts. In addition, the CBB may commission reports on matters relating to the business of licensees in order to help it assess their compliance with CBB requirements. Inspections may be carried out either by the CBB's own officials, by duly qualified appointed experts appointed for the purpose by the CBB, or a combination of the two.
- BR-3.5.4 The CBB will not, as a matter of general policy, publicise the appointment of an appointed expert, although it reserves the right to do so where this would help achieve its supervisory objectives. Both the appointed expert and the CBB are bound to confidentiality provisions restricting the disclosure of confidential information with regards to any such information obtained in the course of the investigation.
- BR-3.5.5** Unless the CBB otherwise permits, appointed experts should not be the same firm appointed as external auditor of the licensee.
- BR-3.5.6** Appointed experts will report directly to and be responsible to the CBB in this context and will specify in their report any limitations placed on them in completing their work (for example due to the licensee's group structure). The report produced by the appointed experts is the property of the CBB (but is usually shared by the CBB with the firm concerned).
- BR-3.5.7** Compliance by appointed experts with the contents of this Chapter will not, of itself, constitute a breach of any other duty owed by them to a particular licensee (i.e. create a conflict of interest).
- BR-3.5.8 The CBB may appoint one or more of its officials to work on the appointed experts' team for a particular licensee.

BR-3.5 The Role of the Appointed Expert (continued)

The Required Report

BR-3.5.9 The scope of the required report will be determined and detailed by the CBB in the appointment letter. Commissioned appointed experts would normally be required to report on one or more of the following aspects of a licensee's business:

- (a) Accounting and other records;
- (b) Internal control systems;
- (c) Returns of information provided to the CBB;
- (d) Operations of certain departments; and/or
- (e) Other matters specified by the CBB.

BR-3.5.10 Appointed experts will be required to form an opinion on whether, during the period examined, the licensee is in compliance with the relevant provisions of the CBB Law and the CBB's relevant requirements, as well as other requirements of Bahrain Law and, where relevant, industry best practice locally and/or internationally.

BR-3.5.11 The appointed experts' report should follow the format set out in Appendix BR-10, in part B of the CBB Rulebook.

BR-3.5.12 Unless otherwise directed by the CBB or unless the circumstances described in Paragraph BR-3.5.16 apply, the report must be discussed with the Board of directors and/or senior management in advance of it being sent to the CBB.

BR-3.5.13 Where the report is qualified by exception, the report must clearly set out the risks which the licensee runs by not correcting the weakness, with an indication of the severity of the weakness should it not be corrected. Appointed experts will be expected to report on the type, nature and extent of any weaknesses found during their work, as well as the implications of a failure to address and resolve such weaknesses.

BR-3.5.14 If the appointed experts conclude, after discussing the matter with the licensee, that they will give a negative opinion (as opposed to one qualified by exception) or that the issue of the report will be delayed, they must immediately inform the CBB in writing giving an explanation in this regard.

BR-3.5 The Role of the Appointed Expert (continued)

BR-3.5.15

The report must be completed, dated and submitted, together with any comments by directors or management (including any proposed timeframe within which the licensee has committed to resolving any issues highlighted by the report), to the CBB within the timeframe applicable.

Other Notifications to the CBB

BR-3.5.16

Appointed experts must communicate to the CBB, during the conduct of their duties, any reasonable belief or concern they may have that any of the requirements of the CBB, including the criteria for licensing a licensee (see Module AU), are not or have not been fulfilled, or that there has been a material loss or there exists a significant risk of material loss in the concerned licensee, or that the interests of customers are at risk because of adverse changes in the financial position or in the management or other resources of a licensee. Notwithstanding the above, it is primarily the licensee's responsibility to report such matters to the CBB.

BR-3.5.17

The CBB recognises that appointed experts cannot be expected to be aware of all circumstances which, had they known of them, would have led them to make a communication to the CBB as outlined above. It is only when appointed experts, in carrying out their duties, become aware of such a circumstance that they should make detailed inquiries with the above specific duty in mind.

BR-3.5.18

If appointed experts decide to communicate directly with the CBB in the circumstances set out in Paragraph BR-3.5.16, they may wish to consider whether the matter should be reported at an appropriate senior level in the licensee at the same time and whether an appropriate senior representative of the licensee should be invited to attend the meeting with the CBB.

Permitted Disclosure by the CBB

BR-3.5.19

Information which is confidential and has been obtained under, or for the purposes of, this chapter or the CBB Law may only be disclosed by the CBB in the circumstances permitted under the Law. This will allow the CBB to disclose information to appointed experts to fulfil their duties. It should be noted, however, that appointed experts must keep this information confidential and not divulge it to a third party except with the CBB's permission and/or unless required by Bahrain Law.

Trilateral Meeting

BR-3.5.20 The CBB may, at its discretion, call for a trilateral meeting(s) to be held between the CBB and representatives of the relevant licensee and the appointed experts. This meeting will provide an opportunity to discuss the appointed experts' examination of, and report on, the licensee.
