CHAPTER	PD-A:	Introduction

PD-A.1 Purpose

PD-A.1.1 The purpose of this Module is to set out the detailed qualitative and quantitative public disclosure requirements that the microfinance institutions should adhere to in order to enhance corporate governance and financial transparency through better public disclosure. Such disclosures also help to protect customers and facilitate market discipline.

PD-A.1.2 This Module provides support for certain other parts of the Rulebook, namely:

- (a) Licensing and Authorisation Requirements;
- (b) CBB Reporting Requirements;
- (c) Risk Management;
- (d) High Level Controls;
- (e) Relationship with Audit Firms; and
- (f) Enforcement actions.

PD-A.1.3 This Module also provides support for certain aspects relating to disclosure requirements stipulated in the Central Bank of Bahrain and Financial Institutions Law (Decree No. 64 of 2006) and the Bahrain Commercial Companies Law (as amended).

Legal Basis

PD-A.1.4 This Module contains the Central Bank of Bahrain's ('the CBB') Directive (as amended from time to time) relating to public disclosure and is issued under the powers available to the CBB under Article 38 of the Central Bank of Bahrain and Financial Institutions Law 2006 ('CBB Law'). It also incorporates the requirements of Article 62 (as amended from time to time) of the CBB Law with respect to the publication of financial statements. The Directive in this Module is applicable to all microfinance institution licensees.

PD-A.1.5 For an explanation of the CBB's rule-making powers and different regulatory instruments, see Section UG-1.1.

CHAPTER	PD-A:	Introduction

PD-A.2 General Requirements

PD-A.2.1

All microfinance institutions must have a formal disclosure policy as part of their overall communications strategy approved by the Board of Directors (and supported by documented procedures) that addresses the disclosures that the microfinance institution makes and the internal controls over the disclosure process. In addition, all microfinance institutions must carry out an annual review of the validity of their disclosures (in terms of scope and accuracy) as outlined in Modules BR and Paragraph AA-3.2.1.

PD-A.2.2

All microfinance institutions are required to publish their annual audited financial statements per the rules set out in this Module and Article 62 of the CBB Law and the Bahrain Commercial Companies Law (as amended), where applicable. Such financial statements must be prepared in accordance with International Financial Reporting Standards (IFRS) in the case of conventional microfinance institutions or Financial Accounting Standards (FAS) issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (AAOIFI) for Shari'a compliant licensees and for products and activities not covered by AAOIFI, by IFRS and IAS.

PD-A.2.3

The CBB requires that each microfinance institution maintain an up-to-date checklist of all applicable accounting standards and also the disclosure requirements set out in this Module for full compliance purposes. Such checklists should be part of the microfinance institution's public disclosures procedures.

PD-A.2.4

The disclosures specified in this Module, which are in addition to those required by applicable accounting standards, must be reviewed by the microfinance institution's external auditor based on agreed upon procedures (unless IFRS/ AAOIFI, as the case may be, or, whichever is applicable, require that the concerned disclosures are audited).

PD-A.2.5

The disclosures in this Module may be presented as an accompanying document or appendices to the Annual Report or in the Notes to the Financial Statements at the discretion of the concerned microfinance institution.

MODULE	PD:	Public Disclosure Requirements
CHAPTER	PD-A:	Introduction

PD-A.2 General Requirements (continued)

PD-A.2.6 A microfinance institution should decide which disclosures are relevant for it based on the materiality concept and subject to the concurrence of the microfinance institution's external auditor. For the microfinance institutions' guidance, information would be regarded as material if its omission or misstatement could change or influence the assessment or decision of a user relying on that information for the purpose of making economic decisions.

PD-A.2.7 Non-compliance with these disclosure requirements is likely to lead to enforcement actions as outlined in Module EN (Enforcement) such as a fine imposed by the CBB.
